

Sponsor Deck for Neurodiversity and Disability Studies Mini-Symposium

About the Event

The Neuro Affirming and Disability Studies Symposium is a one-day gathering centering neurodivergent and disabled voices, scholarship, and leadership. It brings together activists, educators, students, researchers, and community members to explore critical disability studies, neuro-affirming practices, and intersectional advocacy.

Your sponsorship aligns your organization with values of equity, innovation, and disability justice, and helps us create an inclusive, accessible experience.

-

How Your Support Helps

Sponsor contributions directly support:

- Future honoraria for disabled and neurodivergent speakers
 - Accessibility features and inclusive neuro-affirming elements of this event
 - The Cog Neurodiversity Space support as the first neuro-affirming free space of its kind across the CSU campuses
-
