

**Marsh Valley School District #21
Computer Use Agreement**

We are pleased to offer our students access to the district computers, network, and technology for educational purposes. Parents and students are advised that some material accessible via the Internet may contain content that is inappropriate, illegal, defamatory, inaccurate, or potentially offensive to some people. Any internet access (even on a home machine) while logged into the school Google account, shows up on our reports and can be tracked, as can your physical location. The district has gone to great lengths to prevent access to inappropriate material but cannot guarantee that in all instances it will successfully block access to all inappropriate sites.

To receive a device and to gain access to the Internet, Google account, email, and any other district electronic technologies, all students and parents/guardians must sign and return this form to the school.

Access to District technology is a privilege, not a right. The district's electronic network is part of the curriculum and is not a public forum for general use. Please carefully read these guidelines.

The violations listed below may result in disciplinary action:

- Sending or displaying offensive pictures, videos or graphics.
- Using obscene language.
- Harassing, insulting, threatening or abusing other network users.
- Violating copyright laws.
- Using another user's account and password.
- Damaging computers, personal files or network files.
- Trespassing in another user's private files.
- Attempting to circumvent network security.
- Using the MVSD-Net for commercial purposes or individual financial gain.

Unless otherwise instructed by school personnel, students shall not disclose, use, or disseminate personal identification information about themselves or others when using email, chat rooms, or other forms of direct electronic communication. Personal information includes the student's name, address, telephone number, Social Security number, or other individually identifiable information

By signing this **Computer Use Agreement**, you are signifying that: you have read these guidelines; you agree to abide by these terms; you understand that this technology is to be used solely for educational purposes; and that there is no expectation of privacy with respect to the use of the same.

Student Consent:

I understand that my computer use; the use of other technologies while at school or connected to the district network; and any electronic communication and storage systems (including email, student folders, Google account, and class/student websites) are not private and that the district has the right to monitor my activity.

I have read these guidelines and agree to abide by them. I understand that violation of the guidelines, policies or regulations may result in disciplinary action, including loss of technology privileges, suspension or expulsion, or legal action.
