

Krista Burns & Mark Wade - American Posture Institute - Head Posture Analysis & Structural Restoration

Krista Burns & Mark Wade – American Posture Institute – Head Posture Analysis & Structural Restoration: This course focuses on analyzing and correcting head posture to improve overall structural alignment and health. It includes techniques for assessing head posture issues, understanding their impact on the body, and implementing structural restoration strategies. The program aims to help practitioners effectively address head posture problems, enhance posture correction outcomes, and support clients in achieving better alignment and well-being.

Use this course to enhance your skills and competence at correcting even the worst cervical posture through specific protocols, without the use of X-Rays. Get predictable, consistent results every time.
