

Near Protocol Nigeria Graphics Team

Report of activities prepared by  
Auwal Abdullahi

Graphics Team Lead, Near Protocol Nigeria

I am delighted to present the report for the month of June/July.

I will start by commending the designers on the team for their tireless efforts in providing content for the week.

So far we have designed and published graphics for content, 32 Still graphics and 1 motion (video graphic) which is published by the Social Media Managers.

We also designed graphics for AMA with stader and Twitter space.

The article content team have also collaborated with us for graphics which they used for publishing on Medium, and so far the three (15) native languages have been provided for publishing.

We also published graphics for Partnerships between Near Protocol Nigeria and other projects built in NEAR.

We are starting our NEAR NIGERIA Edu Series. This is collation of contents that will make Nigerians and Africans be aware of the ecosystem works.

We want each and every activity to be made available on or before Saturday so that designers will produce and make ready for publishing on or before Monday.

Thank you.

The graphic features a dark blue background with a subtle, repeating pattern of light blue, stylized, overlapping shapes that resemble scales or a woven texture. In the top right corner, there is a small logo for NEAR Protocol Nigeria. Centered at the top is the text "Official Collaboration" in a green, sans-serif font. Below this, there are two logos side-by-side, separated by a thin white vertical line. The logo on the left is for NEAR Protocol Nigeria, featuring a green stylized 'N' followed by the word "NEAR" in white and "nigeria" in green below it. The logo on the right is for Octopus Network, featuring a blue stylized octopus head icon followed by the words "octopus network" in blue. Below the logos, the text "NEAR NIGERIA is collaboration with Octopus Network to foster the adoption of substrate based Appchain in Nigeria and also their usecases." is written in white, sans-serif font. At the bottom left, there are social media icons for Twitter, LinkedIn, Facebook, and Instagram, followed by the handle "@NearProtocolNG". At the bottom right, the website "nearnigeria.org" is displayed in white.
