Body.

Chapter 1 - Proclamation, Section 4 "Amendments" includes an error that conflicts with **Chapter 2 - Government, 1.4 Process of Amending the Constitution Act**. Thus, the Government should:

- a. To repeal "...reaching a fifty per cent (50%) majority vote..." and replaced with "...reaching a seventy per cent (70%) majority vote in the House of Commons..." to get rid of any conflicts and;
- b. To repeal "...a referendum to the citizens of the Fifth Aenderian Republic (*"Citizens"*), reaching a fifty per cent (50%) majority vote." and amended with "...a referendum to the citizens of the Fifth Aenderian Republic (*"Citizens"*), reaching a fifty-one per cent (51%)

majority vote in a time period of a week.” to give a time variable, and to ensure that a majority of the public is represented.
