

Privacy Policy for Domain Rank Tracker Extension

Last Updated: February 13, 2024

Introduction

Domain Rank Tracker is a Chrome extension designed to track domain positions in Google search results. We are committed to protecting your privacy and being transparent about our data practices.

Data Collection and Usage

What We Collect

1. Website Content

- We collect and process content from Google search result pages
- This is limited to the search results displayed on the page
- This data is processed locally within your browser

2. User Settings

- Domains you choose to track
- These preferences are stored locally in your browser using Chrome's storage API

How We Use the Data

The collected data is used solely for:

- Displaying position numbers on search results
- Highlighting tracked domains
- Showing current rankings in the extension popup

Data Storage

All data is stored locally on your device:

- No data is transmitted to external servers
- No data is stored in cloud services
- All preferences are kept in your browser's local storage

Data Sharing and Transfer

We do not:

- Sell any user data
- Share any information with third parties
- Transfer data outside of your local browser
- Use data for any purpose other than the extension's core functionality

Third-Party Services

This extension:

- Does not integrate with any third-party services
- Does not use external analytics
- Does not load any remote resources

User Rights and Control

You have complete control over:

- Which domains you want to track
- When to add or remove tracked domains
- When to clear your stored preferences

Data Security

Since all data is processed and stored locally:

- Your data remains within your browser
- No authentication is required
- No personal data is at risk of exposure

Changes to Privacy Policy

If we make any changes to this privacy policy, we will:

- Update the "Last Updated" date at the top

- Post the new policy in this repository
- Notify users through the Chrome Web Store listing

Contact

For any questions about this privacy policy or the extension's privacy practices, please:

- Open an issue in this GitHub repository
