STRUCTURED ABSTRACT

Aim of the contribution

What is the aim of your contribution to the conference?

Value of the contribution

What is the value of your contribution, specifically with the focus of the audience of the event? What will they learn? Are there practical and/or social implications?

Research outline

Guideline: If your contribution is a research study, please point out the relevant elements, for example:

- Research context
- Problem/overall research aims/research question,
- Design/methodology/ research approach,
- Findings or expected findings
- Research limitations/implications

Note that e.g. theoretical contributions and contributions arising from literature reviews (that fit within the conference theme) are also welcome
