Dear Families,

I am writing to inform you about an incident at Benjamin Tasker Middle School.

Today, we received information about a threat of violence made by a student. Immediate action was taken by school administrators and local law enforcement to investigate, and the threat was determined not to be credible. Although the threat was not credible, we want to clearly communicate with you about safety issues when they arise.

Providing students and staff with a safe, orderly environment is our top priority, and all threats are taken seriously.

We ask that you please set aside time with your child to discuss the seriousness of making threats, even as a joke. All threats are addressed with full seriousness and will result in serious disciplinary action, such as suspension or expulsion. Please also encourage your child to report any threats or suspicious objects on school grounds to a staff member or trusted adult.

If you have any questions or concerns, please contact 301-805-2660 or email your grade-level administrator.

Thank you for your continued support.

Sincerely,

Dr. Kendra Hill

Kendra Hill, Ed.D.
