ABOUT ME

A graduate of Environmental Science from Universitas Indonesia with a strong dedication to contributing to environmental conservation and sustainable development in Indonesia. I have experience in various projects related to urban waste management and natural conservation. I am eager to pursue a Master's degree in Environmental Management through the Australia Awards Scholarship to deepen my knowledge and skills in supporting sustainable environmental policies in Indonesia. After completing my studies, I plan to collaborate with the government and non-profit organizations to develop effective environmental management solutions in Indonesia.

EDUCATION

Universitas Indonesia 2017 – 2021

Bachelor of Environmental Science

- GPA: 3.82/4.00
- Thesis: *Sustainable Waste Management Strategies in Urban Areas*
- Key Courses: Urban Ecology, Natural Resource Management, Environmental Law

SMA Negeri 6 Jakarta 2014 – 2017

High School Diploma

- National Exam Score: 91.00
- Student Council President, 2016-2017

WORK EXPERIENCE

Urban Waste Management Project Coordinator June 2021 – Present

Yayasan Lingkungan Sehat (Healthy Environment Foundation)

- Lead a sustainable waste management project in five major cities in Indonesia.
- Coordinate with local governments, community groups, and private sectors to raise awareness about the importance of recycling and effective waste management.
- The project successfully reduced waste accumulation by 20% through community-based recycling initiatives and educational programs.

Environmental Conservation Intern

January 2020 – April 2020

WWF Indonesia

- Assisted in research on deforestation and its impact on biodiversity in Sumatra.
- Supported local communities in developing sustainable agricultural practices to reduce environmental degradation.
- Organized workshops and educational programs to raise public awareness about forest conservation.

ACADEMIC ACHIEVEMENTS

Volunteer Educator

August 2019 – December 2020

Gerakan Indonesia Bersih (Clean Indonesia Movement)

- Taught waste management and recycling practices to elementary school students in Jakarta.
- Collaborated with local community leaders to organize clean-up activities and environmental campaigns.

Community Organizer

July 2018 – August 2019

Eco Warriors Indonesia

- Helped organize tree-planting events and awareness campaigns on the importance of reforestation and reducing carbon footprints.
- Engaged with local communities to promote eco-friendly lifestyle changes and waste reduction practices.
