### Overview of FY26 ESEA Application

The application is organized into projects. We have one project (brief description below). We received less funds for FY25 because the state changed the way they allocate Title 1 funds and only count those students whose families are on Direct Certification (TANF, Snap, EBT) rather than those who qualify for Free and/or Reduced Rates for nutrition programs.

Project – School-Wide Program
Goals # 1& 2 – To increase literacy and mathematics achievement as demonstrated by ME Through Year Assessment from spring 2025 - spring 2026. Funds go into the schoolwide project to pay for professional development, training, salaries for the after-school program, and some materials/supplies. Goal #3 to decrease chronic absenteeism rates. Our rate for 24-25 was 24%. Over the course of the year, we had 5 students who were chronically absent during their time at AES.
<i>The US Dept. of Education issued <a href="#">a notice</a> that Title II and Title IV amounts (and other Title funds that AES does not receive) are being reviewed before releasing allocations to states.</i>

The FY 26 ESEA Application Public Survey (open from 7/2-7/10/25) is a way for anyone to share thoughts about the application goals and priorities. If questions are asked on the survey, the superintendent will get back to you.

AES is a small, community school that fosters a positive personalized-learning environment and emphasizes building relationships in a respectful, inclusive setting. We involve our surrounding natural resources, feed our bodies and minds, and provide tools for future success.
