

COMMUNIQUE

Diabetes Foundation Mauritius – CPD Courses

The Diabetes Foundation Mauritius (DFM) is a non-profit making voluntary non-governmental organization involved in the fight against diabetes in the Mauritian population. The DFM was founded in 2007 and is duly registered with the Registrar of Associations. It is also an Executive Member of the International Diabetes Federation.

One of the main objectives of the DFM is to build capacity of the Medical and Nursing Professionals. In this respect, the DFM is accredited with the Medical Council of Mauritius as well as with the Nursing Council of Mauritius, as a CPD Provider.

The DFM is scheduling a series of CPD events on Saturdays from July to October 2025 as per the attached timetable. It is understood that Medical Officers and Nurses attending successfully the four topics scheduled on each day will be eligible to four (4) CPD points. The principle of four (4) CPD points will be applicable only for different topics attended. For instance, any one attending the scheduled 12 different topics at three different sessions will be eligible for 12 CPD points. Similarly, any one attending same four topics at different sessions will be eligible for only 4 CPD points. The courses will be held in the Lecture Theatre of the Mauritius Institute of Training and Development (MITD), Phoenix.

It has to be noted that a refreshment will be served at each scheduled session during a break. The CPD Programme will be **held FREE OF CHARGE to participants**. In view of a limited number of seats for each session, registration will be made on the principle of **First Come First Serve**.

Medical and Nursing Professionals who are interested to attend any session are requested to fill in the application form, as per the attached proforma, and to mail same to the DFM on: diabetesfoundationmau@gmail.com by preferably, **Monday 14 July 2025**. For any additional information, participants may also call the DFM on mobile number 57583256
