

2025 Educational Program Showcase

State College Area High School

Dear Families,

Throughout this school year, our staff has been actively preparing to welcome the Class of 2029 to State High this fall. We would like to partner with you to provide your child with a successful transition from middle school to high school. Parents and guardians are cordially invited to attend our upcoming *Educational Program Parent/Guardian Night Showcase* to receive information about course offerings and procedures for scheduling courses for the upcoming 2025-2026 school year. This **evening is designed for parents/guardians**. Student tours of the high school and career programs have already occurred.

We will meet as a large group in the Performing Arts Auditorium where parents will learn important information about scheduling and graduation requirements. Following this session, parents will have the opportunity to explore the State College Area High School displays and talk with staff members. Counselors, department coordinators, high school principals, Delta Program Director, Dr. Jon Downs, and Career and Technical Center teachers will be available to answer individual questions about our course content and offerings. To provide you with some information before your visit with us, please [click here](#) for an overview of our program offerings. Viewing this site might help you think about some questions you may want to ask our faculty during the curriculum showcase.

We encourage you to take part in this event as it will be the first step in planning, setting goals, and establishing high expectations for your child's success in high school and beyond. Please join us!

State High Educational Program Showcase
Wednesday, January 15, 2025
6:30 p.m. to 8:00 p.m.
High School Performing Arts Auditorium

In the event of winter weather, we will postpone the event until the following evening, January 16, 2025. If you have any additional questions, please contact us via email or telephone.
