Teacher Coaching Services

Specializing in supporting teachers with evidence-informed practices to build inclusive classrooms where every student feels seen, valued, and supported. Teachers receive personalized guidance, practical strategies, designed to create engaging learning environments.

The result: classrooms that foster connection and curiosity—for students and teachers alike.

Professional Learning

We offer customized professional learning experiences for districts, schools, and teaching teams, grounded in adult learning theory. Each session is designed to introduce key concepts, connect to evidence-informed research, and provide practical strategies for immediate classroom application.

Educators leave with tools they can use right away to foster inclusive, learning environments.

Professional Learning Topics Include:

- Co-Teaching Models & Practices
- Self-Regulated Strategy Development (SRSD)
- Scaffolding Assessments for All Learners
- Retrieval Strategies to Boost Long-Term Learning
- Evidence-Based Instructional Strategies (e.g., Text-Dependent Questions)
- Trauma-Informed, Inclusive Teaching Practices
- Special Education IEP Process
- Creating inclusive classrooms

School Improvement Planning

We support districts, schools, and teacher teams in designing strategic, actionable improvement plans that prioritize student outcomes, instructional equity, and sustainable growth. Through guided reflection, data analysis, and stakeholder engagement, we help leadership teams build capacity and align resources to drive meaningful, measurable change.
