

**ILLANA BAY MULTI-PURPOSE COOPERATIVE
(IBMPC)
CODIFIED APPROVING and SIGNING AUTHORITY
(CASA)
GUIDELINES**

GENERAL PROVISIONS

Approving authority

1. The Board of Directors manage and controls the operations and assets of Illana Bay Multi-Purpose Cooperative (IBMPC).
2. The **Manager** is the chief executive officer and as such executes the policies and mandate of the Board of Directors. He has apparent authority to enter into contracts/agreements as the agent of IBMPC unless prohibited by the Board.
3. Authority flows from top to bottom. Hence, a higher official exercises control and supervision over the lower official under his authority, and can therefore affirm, reverse or revise the decision of the latter. Thus, when the lower ranking official is given authority up to certain amount, such authority is deemed likewise given to the higher ranking official in concurrent capacity.

Delegation of authority

1. The Board of Directors may delegate its authority, which may not be re-delegated unless so specified.
2. Unless otherwise indicated in the CASA, when the approving authority is absent, the substitute authority shall be of a higher level. In the absence of a higher level officer, the approving authority shall fall on any two officers of the Board of Directors.
3. When a new transaction which has not been provided in the CASA crops up, the Manager is authorized to act if it requires immediate action, subject to Board confirmation, unless it is so material (below Php50,000.00 is deemed material), in which cases, a special Board meeting may be called. In his report to the Board seeking confirmation of action, the Manager shall also include the proposal to incorporate the same and the corresponding authority to the CASA or amend the CASA, if there is a possibility that it will become a recurring transaction.

SUMMARY OF CASA

<u>PROVISIONS</u>	<u>PAGE No.</u>
