- Spread the word and support, asking for donations of plastic bins, ziploc bags, and revolutionary costumes, previously used or new.

APPROVAL of April Meeting Minutes

- First motion to approve – Ms. Emanuele
- Second motion to approve – Angelique H. Hui
- Approved by ALL

Monthly Meeting with Dr. H

- Discussed potential event dates for 2025-2026 school year (e.g. working around teacher conferences, early dismissal days, state testing, report card prep, etc.)
- Further storage discussion - we're cleared to use the space next to the existing shed, and decided to discuss as a new board over the summer, potentially adding into next year's proposed budget.
- Potential rescheduling of PC meetings next year (Dr. H. has a conference the first Tuesday of March, and Board will discuss pushing that and other meetings back a week for things like Election Day and post-breaks)

- Discussed Dr. H's request for 5th Grade Promo to have families enter through the soccer field gate, as they did for Tigerthon; Board passed info on to 5th Grade Promo planning committee.

TREASURER's REPORT – Julia Valencia

- BMO changed their auto update policy with Quikbooks
- Tigerthon numbers won't be finalized until after 5/9.
- This year's budget will be finalized before June 30, 2025
- Earned - \$169.50 from Panda Express

Budget Voting #1

- Organizing the Science Lab, which has evolved into a multi-use space accommodating RTI, Music, Science, Art, and After-School programs
- The organizational structure of the science materials is limiting the full potential of the space, making it challenging for all programs to function efficiently.
- We have begun testing an improved organization system with one cabinet. However, we are still determining the best approach for the entire space and would like to continue refining the system to maximize usability for all programs.

To facilitate this initiative, we are requesting:

- \$1,000 in reimbursements for this year to purchase necessary organizational materials.
- Volunteer support to assist with cleaning and organizing sessions.

Passed

Budget Voting #2

- Update the non-fiction sections of the library, and is going through section by section to make specific requests to the Parents Club.
- Currently there are two proposals provided by Mrs. Newlin:
 - Space section (520-523.999) \$1,042.91 (Passed)
 - Pluto is still a planet in most of these books
 - Transportation/Engineering/Weather/Gardening/Technology (625-635) \$1,063.10 (Passed)
 - District gives budget for books (\$5K) and also money for supplies. She has used this budget.

Passed
