

Milestone Deliverable Review Report

Deep Funding Round: 4

Project code: DFR4-NEW8

Project title: Bridging SNET AI Services To Unity Apps

Milestone number: 5

Milestone deliverable:

<https://docs.google.com/document/d/1blrtTjQPszARE8-jPFWjK4d6zDjCBX5nDxiUxeTVV3A/edit?usp=sharing>

Date: 15/01/2025

Status: Accepted

Feedback (Why accepted, why rejected?):

The team has submitted refreshing and visually appealing UI designs. I was able to get a clear overview and interpretation of these designs through a YouTube video that was shared, which provided valuable insights. Additionally, the link to the Figma file containing the proof of these designs was easily accessible, ensuring that the milestone has been successfully delivered.

If rejected, suggested changes:
