→ Call to order at 6:40pm, seconded by Cindy.

→ Motion to amend minutes by Trevor, seconded by Susan

→ Motion to adopt amended minutes by Trevor; seconded by Kim

→ Motion to adopt agenda by Trevor; seconded by Jennifer

→ Reports - reviewed the K-6 data in ELA and math. Reviewed the JH/SH data to examine the at risk/failing students. Math and ELA in these grades is an area of focus for us. Our attendance data is consistent around 80% which is favorable.

→ Old Business

- High School Gymnasium - Trevor spoke to Shawn Laite. All requests have to be submitted each Spring. Work is slated to happen this year but no definitive date has been given.
- Yearbooks - Contact has been made with Lifetouch and Lori has spoken to the person who is now handling this file.

→ New Business

- Fundraising - No new submissions
- Teacher/Staff Appreciation - This is happening next week 14-18th. Council members discussed various options for showing appreciation for the staff in our school.

- Cafeteria Service - This has been out of commission since the fall as the warmer gave out. The resolution was that the district would be responsible for the expense to replace this. Kids eat Smart is going to provide funding for this; we are currently awaiting the warmer.
- Provincial Reading and Mathematics Assessment - Our grade 3, 6, and 9 students will be participating in this standardized assessment this coming Spring.
- Lunchtime Volunteers - All call for volunteers to heat up lunches
- Donations of Winter clothes - check with teachers to see if this is a legitimate issue.
- School Development Plans - Our school has been working with the district and EAP to address some concerns that arose from our school development plan. We have partnered with the district, the union, and EAP to start a three year plan to begin work on these concerns. This is a three year plan and a big undertaking.

→ Business Arising

- Recycling - Memo to be drafted and sent to families to address

→ Date of Next Meeting
