

**Ringmaster:** Last month marked the end of an era. After twelve years, the Project After forums, one of the first places where I really discovered fanfic riffing, shut down for good, taking a shit-ton of amazing riffs down with it. However, before it closed, I wanted to collect a few short fics riffed there and run them as a bit of a tribute. ...However, that proved to a bit of a problem, because a lot of the fics done there were either too long, too explicit, on series too obscure, or just simply unfinished, which doesn't work with our format. So, instead, we have a mix of two fics actually done by AFTER, and two fics submitted to the site's "Badfic Thread", basically their version of our Suggestions folder. Before we begin, though, I want to quickly mention that we're not going to be *nearly* as funny as the AFTER guys were, and you should absolutely go check out the [Afterlife](#) archive of their top riffs once you're done here. This is basically just me dragging you all down memory lane, and subjecting you to some shit that I probably wouldn't get to otherwise. To start with, we have a somewhat-infamous Invader Zim fic. Remember "Love Knows No Race"? Well, what we have here is basically the *other* side of that fandom, the absolute *worst* in "lolsorandum" humor. Without further ado, it's "Invader Maz" by SamIAM821, originally riffed by Crazy4U.

**Crazy56U:** *Excuse me?*

**SC276:** (looks Crazy56U up and down) ...You want contact blame, or...?

**Crazy56U:** OI! *Fuck you!*

**Topher:** \*pops up through a hatch in the floor\* I was never a part of Project AFTER, but I certainly recognize its significance. A Brief moment of silence, if you please. ...

\*A pitchfork falls out of his pocket with a loud clang\* Well, seal's been broken, **MOVING ON!**

**CaptainPipsqueak:** Yo, y'worthless bastards...

**PanzerThiefZero:** Before we begin... (stabs Topher with the claymore from MLU Part 3). That'll teach you to tell me where to stick your swords for now on. Now I'm ready.

**Mono:** What do we have here? *Wait, Zim?!* \*gets painful flashbacks to "Love Knows No Race"\*.

**BittplexMutt:** I've heard about this fic.. Let's see how bad this is.

**Fallen Prime:** And I'm here too!

**SC276:** *oh god you know what that means*

**Crazy56U:** Yep! Ring's too lazy to riff, so he's having Player 2 do it.

**ThatUnknownPony:** I didn't even know about Project AFTER, and I feel like we lost some brave souls.

**SuperMapslover:** It's time to rip this badfic apart!

**Nox:** I remember the last thing I saw on AFTER was a riff of a Kung Fu Panda fic.

INVADER MAZ:

**Crazy56U:** Get it? It's "Zim" backwards and a different vowel, clearly effort went into this.

**Topher:** Either that, or it's Gaz with one letter changed.

**Nox:** Or it's Taz with one letter changed.

**SuperMapslover:** And the award for lamest OC name ever goes to...

**Fallen Prime:** We've seen lamer and you know it.

**ThatUnknownPony:** Already starting and I feel totally dizzy.

Tallest, please let me go to some puny planet that an Irken

invader has failed to, well, invade.

**SC276:** Let's see... Script fic, line break in the middle of a sentence, loose grasp of canon...

**BittplexMutt:** Clearly breaking the rules of Fanfiction.net.

**Mono:** Bitt, no author on FF.net gives a shit about the rules.

**Ringmaster:** Right, I should probably mention, this fic wasn't actually posted on FFNet. This was from way back when fansites had their own fanfic sections.

**CaptainPipsqueak:** So even lower than the lowest common denominator.

**ThatUnknownPony:** Curiously, I found one of the better MLP fanfics in Spanish in one of those fansites. I even started out writing on one of them. That said... Yeah, there was stuff that not even FFNet would want.

**PanzerThiefZero:** Well, I've never watched Zim as a kid, so... please don't quote me out of context.

**Mono:** Me neither, but that didn't stop me last time.

**Topher:** To be honest, it's still pretty fun to watch as an adult. Check it out on Hulu if you can.

**Crazy56U:** [Maz] "Pretty pretty please, I did *alllll* of my chores!"

(PURPLE TALLEST is gazing unblinkily at MAZ,

**Crazy56U:** [Purkle] "(eyes bloodshot and teary) *if i close my eyes, the demons win*"

**CaptainPipsqueak:** 'Unblinkily' sounds painful.

**Nox:** Plot twist: MAZ is secretly SCP-173.

**Fallen Prime:** God, imagine how much more riveting the story would be if you were right.

**ThatUnknownPony:** Well, for starters it would end up in a quick death.

staring at her beauty)

**SC276:** ...Oh yeah, we're going in RAW.

**Mono:** *THIS IS NOT FUCKING HELPING!* \*FLASHBACKS INTENSIFY\*

**ThatUnknownPony:** *SPEAKING OF QUICK DEATH, THIS JUST WENT FROM ZERO TO A THOUSAND MILES BELOW!*

**Crazy56U:** ...was I *seriously* the only one not affected by "Love Knows No Race"?

**CaptainPipsqueak:** Considering that at one point I had the Tallest licking each others' arms and getting off on it, no. No you were not.

**BittplexMutt:** [Tallest] "She's disgusting!"

**Nox:** [MAZ] "Eyes off the goods jackass!"

RED TALLEST: Ummmmm.....ummmmmmmmm...

**Crazy56U:** [Red] "... .. *line?*"

sure.....uhhhh

**Crazy56U:** [Red] "Goddamnit- *LINE?*"

**Fallen Prime:** [Franco!Wiseau] "What line? What is line?"

**CaptainPipsqueak:** Whose line is it anyway?

but which one?

MAZ: (flutters eyes)

**Crazy56U: Either she's trying the "puppy dog eyes" gambit, or she is about to pass out on the spot.**

Oh....I dunno, how about Earth? (flutters eyes again)

**SC276: [Red] "Why would you want to go there? We didn't even know it existed until Zim reported to us."**

**[Maz] "It's called *shipping*, numnuts."**

**Crazy56U: Why not add the pouty lip while you're at it, you putz.**

**CaptainPipsqueak: I'm moderately sure Irkens don't have lips.**

R.T.: Umm....ya....ok.....

MAZ: Oh thank you, my (sexy voice)

**PanzerThiefZero: My (irritated growl).**

**Mono: My \*annoyed groan\***

**ThatUnknownPony: My \*dying noise\*.**

**Crazy56U: *And my axe!***

**CaptainPipsqueak: Oi! *NO DWARF-TOSSING!***

**Topher: Of course, an Irken sexy voice sounds like an irate gerbil having a seizure in a latex balloon, but whatever.**

**CaptainPipsqueak: An Irken *voice* sounds like an irate gerbil having a seizure in a latex balloon.**

**Topher: Yeah, but the gerbil is SUUUUPER pissed.**

**CaptainPipsqueak: Not nettled?**

**Topher: Beyond nettled.**

almighty and all knowledgeable leaders.

**SC276: Clearly not mighty enough to resist being tempted by a fucking girl, despite being gay brotha lovahs.**

**Mono: *SHUT UP!* \*stabs SC with a spork\***

**CaptainPipsqueak: Oh come on. It's common knowledge that the two are *totally* into each other.**

**Crazy56U: The elbow thing, though, is debatable.**

**CaptainPipsqueak: Dude, I have video proof.**

**Crazy56U: Keep your porn stash out of our wholesome family friendly riff, please.**

**CaptainPipsqueak: It's research. It's not *my* fault some people get off on it.**

(she kisses each of them and both of them sigh in pleasure) bye bye.

**SC276: Ah yes, the superpower that appears in... every cartoon ever.**

**Crazy56U: ...the superpower of words?**

**ThatUnknownPony: The power of teenage hormones... as in whatever drove that teen to write this crap.**

**PanzerThiefZero: From where I'm from, we call people like her 'adulterers'.**

**CaptainPipsqueak; These are Irkens, so 'childrenerers' would likely be more precise.**

(After she leaves)

**Mono: [Red Tallest] "... ..What the *fuck* was that all about?!"**  
**Crazy56U: [Purkle] "Fucked if I know, you want to order a pizza?"**

R.T. : Nooooooooooooo!

**BittplexMutt: Nice Darth Vader impression.**  
**Crazy56U: (Cinema Sins voice) No. (ding!)**  
**ThatUnknownPony: No.**

P.T. What's wrong?!?!?!?

**SC276: [Red] "We're in a terrible fanfic!"**  
**Crazy56U: I'll tell you what's wrong with P.T.: it's a reminder that we were *going* to get a good Silent Hill game before Konami had a fucking *epileptic fit*.**  
**CaptainPipsqueak: Much as I hate agreeing with the sackful of used condoms that calls itself Jim Sterling, fuck Konami.**  
**PanzerThiefZero: HIT THE LEVER.**

R.T. We sent her to ZIM!!!

**Topher: [Red] "Now he's gonna get to smash!"**  
**ThatUnknownPony: [Red] "NOW HE'S GONNA BREED!"**  
**Crazy56U: [Purkle] "I... thought that was the intention?"**  
**[Red] "No, you dumbass, WE CAUSED THE PLOT!"**  
**[Purkle] "THERE'S A PLOT?!"**  
**CaptainPipsqueak: I thought they sent her to *Earth*, not *Zim*.**

Both of them: N00000000000000000000!!!!!!!!!!!!!!!!!!!!!!!!!!!!

**SC276: Keep it down, we're in a church.**  
**Crazy56U: YES! YES!**  
**CaptainPipsqueak: Oooooooooon!**

(Back at Earth)

**SC276: Judging from your formatting, I don't think you were ever there in the first place.**  
**Crazy56U: "Everything was on fire."**  
**CaptainPipsqueak: Fuckin' Fire Nation, always burnin' our shit...**  
**Crazy56U: Well, can you blame them? If your superpower is fire, *you are GONNA want to burn your problems...***  
**CaptainPipsqueak: Yeah, but some of it is *my* shit...**

(Doorbell rings)

**Mono: I'll get it. \*opens door\* *We don't want any!* \*slams the door shut\***  
**Crazy56U: The Mad Ding Dong Ditcher strikes again!**  
**CaptainPipsqueak: He's *nothing* to Flaming Bag of Dog Poo Man!**

ZIM: GIR!! Get the door.

GIR: Sir, yes, sir! You know what's a weird word? FORK!!

**PanzerThiefZero: 'Fork' does have its uses however. For example, we're only a few lines in and I want to say 'Fork this fic'.**

**Fallen Prime: ...GIR gets the badfic!Pinkie treatment, doesn't he.**

**Crazy56U: Is it a day that ends in "Y"?**

**Fallen Prime: ...in Spanish, today is sábado.**

**Crazy56U: Okay, we'll play your game: *Vete a la mierda, imbécil multilingüe.***

**CaptainPipsqueak: How clever they are, using a different language for days of the week!**

(At the Door)

JOHNNY:

**Crazy56U: *Ohhhhhhhhhhhhhhhhh fuck you...***

**ThatUnknownPony: *Oh dear God, we're really doing this...***

Ummm, hi. I'm Nny,

**Mono: No, your name is Johnny. Get your own name right, you ass.**

**BittplexMutt: Actually, this is a character from another one of Jhonen Vasquez's works called *Johnny the Homicidal Maniac*. To put it in simpler terms and not reveal spoilers, it was a series about the titular character killing people whom he despises. And yes, he actually does call himself Nny at times.**

**SC276: I see. My first assumption was that the author doesn't know how to use a word processor.**

**Topher: That actually reminds me, anyone got some blood I can borrow? I NEED TO KEEP THE WALL WET!**

**Crazy56U: (glances at Pip)**

**CaptainPipsqueak: What? I bring in *one* gallon of pig's blood and suddenly I'm a supplier...**

**PanzerThiefZero: Maybe it's Joh Nny.**

your next door neighbor. I'm selling Sporks  
and  
salad tongs.

**PanzerThiefZero: Oh god, what's with  
this  
formatting?**

**Mono: The same that other  
bullshit fanfic writers  
use.**

**Crazy56U: And also what I  
used for formatting  
before Ring and Fallen  
yelled at me.**

**Fallen Prime: Because the indent button's**

right the fuck there  
and you may as well make  
proper use of it.

**Crazy56U:** But effort  
is hard.

**Fallen Prime:** A button  
is not effort.

**Crazy56U:** *YOU'RE*  
NOT  
EFFORT!

**SC276:** The last time I tried to  
kick this back into place,  
I broke it. You're on your  
own.

**Topher:** Hang on, let me try something.  
\*Pulls out a Wrench\* Okay, Just loosen  
a nut here, wiggle this thing a bit and  
OH

SHIT

I

FUCKED

UP

You shall buy them.

**Crazy56U:** Is Johnny trying to mug GIR?

**Nox:** Who wouldn't try to mug GIR if they had the chance?

GIR: Umm NO

**SC276:** [Chuggaaconroy] "NO!"

**Crazy56U:** I already linked M. Bison, so fuck it, Mario.

**ThatUnknownPony:** And I already linked Mario, so fuck it, Skywalker.

NNY: You shall. You do not know the hideous things I have done with salad  
tongs. Oh the pain.

**PanzerThiefZero:** Plot twist: he's a dominatrix.

**BittplexMutt:** Knowing what Nny is like, he probably has murdered some guy with  
tongs.

**Fallen Prime:** ...telling me you did horrible things with the tongs makes me *less*  
inclined to buy them.

**SC276:** Ah, so he's busy being too melodramatic to realize he's talking to a dog.

**Crazy56U:** Johnny's been popping oxys again, it's understandable why he failed to  
grasp that.

**CaptainPipsqueak:** [Salad Fingers] "I can attest to that, lads. Oh such *glorious* pain.  
Makes a man giddy, it does."

GIR: Nice talkin' to ya! BYE BYE

NNY: um ya Bye.

**Fallen Prime: Imagine if fanfic writers Googled how to spell things before they typed things.**

**Crazy56U: (scoff) *Scrub.* (pulls out a Master Pentultimate) Get on my level.**

ZIM: Curse Earth games!

**SC276: [Zim] "Which I was totally playing during my previous line!"**

**Crazy56U: Once again, (pulls out a DaYan Gem VII) get on my level.**

Oh, what? Okay, whatever.

**Crazy56U: Glad to see Zim gives a fuck about being in this nonsense...**

**CaptainPipsqueak: He stopped giving a fuck about anything since he found those brownies. Thanks for saving the planet, Fluttershy.**

**ThatUnknownPony: ...Uhm, hello?**

**Fallen Prime: ...so cold...**

**SC276: *ECHO ECHO ECHO ECHO***

**Crazy56U: RIIIIIIIIIIIIIIIIICOLAAAAAAAAAAAAAAAAAAAAAAAAAAAAA!**

**Nox: *WE ALL FLOAT DOWN HERE.***

**CaptainPipsqueak: You mean you *can't* see the paragraph? I mean, so many secrets are laid bare by it.**

(Next day at SKOOL)

**Crazy56U: Uh oh, the story has ADHD.**

**CaptainPipsqueak: He's so cool, he spells it 'skool'.**

**ThatUnknownPony: *Because poor literacy is KEWL!***

MS. BITTERS: Class, we have a new student in our class.....

**SC276: ...Gonna finish that thought, teach?**

**Crazy56U: (is rolling the drum)**

**CaptainPipsqueak: (is rolling a joint)**

**Nox: (is rolling in the deep)**

**CaptainPipsqueak: (is keeping them doggies rollin')**

her name is

Maz.

**SC276: *And her name is-* (brick'd)**

**Crazy56U: ...her name is what? (shakes unconscious SC) Her name is who?!**

**PanzerThiefZero: john cena**

**Nox: Wrong! It's Flame Striker.**

(at that moment MAZ walks in. The children are all bored.)

**Mono: Behold, the most apathetic class in the universe!**

**Fallen Prime: Normally they wait until AT LEAST high school to lose all the joy in their hearts.**

**SC276: Eh, we're talking about this school.**

**Topher: Yeah, this is actually pretty close to canon.**

**Crazy56U: Also, boredom is the appropriate reaction for this fic.**

When the boys look  
at MAZ they stare longingly at her beautiful self.;

**ThatUnknownPony: Still bored, apparently.**

**SC276: Look at her and her beautiful self, *I snatched you right out of the air!***

**PanzerThiefZero: Specifically, her ass. (shot)**

**Mono: Specifically, her chest. *\*also gets shot\****

**Topher: And her... *\*shudders in raw, erotic desire\** ankles... *\*is shot\****

**Crazy56U: (waves pistol) I have three more shots. *Anyone else?***

**CaptainPipsqueak: -portrait. ... Yeah, fuck *all'a y'all*.**

MAZ flips her hair

**Fallen Prime: Back and forth.**

**Crazy56U: *Fuck you.***

**BittplexMutt: dramatically.**

**SC276:**

beautifully)

MAZ: Ms. Bitters? May I sit at the front of the row so all the boys will

**Crazy56U: -be boys?**

**ThatUnknownPony: -be back in town?**

**CaptainPipsqueak: -be brought to the yard by my milkshake?**

look

**Crazy56U: Which they already are.**

like they are actually paying attention to you?

**Fallen Prime: ...I can't decide whether or not that's actually practical.**

**Crazy56U: *The answer is always "Yes".***

**Nox: Except for now, when the answer is NO!**

(MS. BITTERS is playing with a rubex cube)

**Mono: ...Okay, what is your fascination with Rubik's Cubes?**

**ThatUnknownPony: They need something to cope with the dread of this fanfic.**

**BittplexMutt: Because she has lost control of her life.**

**Crazy56U: (holds up a 4x4x6) I can go all fucking night, fic, I have almost a hundred of these puzzles.**

**SC276: [Kermit] "Good grief, it's a running gag."**

M.B.: Oh, sure go ahead.

**Topher: [Bitters] "Your so-called beauty is entirely temporary, so you better enjoy it now because in just a few short years you'll be a wrinkled up shell with one foot in the grave."**

**Crazy56U: [Ms. Bitters] "(while still messing with her Rubik's Cube) Meanwhile, I am focusing on more *practical* matters... like whether or not I should just cut to the chase and peel these fucking stickers..."**

MAZ: I want her spot!

M.B.: Bye Sara

SARA: AHH!

**Mono: ...So did she just vanish in the Ether, or what?**

**BittplexMutt: Yeah, the teacher does this on the show too but this only works as a visual not literary.**

**SC276: So, visual writer, got it.**

**Crazy56U: Meanwhile, I have ultimately decided Ms. Bitters used the Force to fling Sara into space.**

(MAZ sits by ZIM, and she stares lovingly at ZIM.)

**Crazy56U: Well, at least we have her intentions now...**

**CaptainPipsqueak: -and she thinks about Zim while looking at Zim and flutters her eyes at Zim while thinking about making out with Zim...**

Of course, he is oblivious to her.)

**PanzerThiefZero: Oh noes, the Sue charm isn't working!**

**BittplexMutt: [Zim] "Why is this meatbag looking at me?"**

**ThatUnknownPony: [Zim] "...Why is that chick looking at me? Doesn't she get I'm into Dib?"**

**Crazy56U: Because Zim is still focused on his Rubik's Cube.**

**CaptainPipsqueak: Probably trying to figure out if it's a bomb or something.**

(At recess,

**Crazy56U: And once again, time begins its slow, painful death.**

**CaptainPipsqueak:** You mean *quick*. Recess and lunch *always* pass right away.

all the boys are surrounding MAZ just to look at her.

**Crazy56U:** She finally got fed up and solved Zim's Rubik's Cube for him. They all looked upon her as the one true God.

**PanzerThiefZero:** Wait, no girls? Not at least one boy not gazing at her? That's homophobic. (ding!)

**Mono:** Silly Panzer. Everyone knows gays in Nicktoons didn't exist until December 19th, 2014.

**BittplexMutt:** Plus, this was probably written in the early 2000s.

She wants

to go to ZIM but he is "off in his own little world;"

**Fallen Prime:** That's a real turn of phrase, why is it in quotation marks?

**BittplexMutt:** Because... Randomness I guess?

**Crazy56U:** Hint: oxys.

**SC276:** Wish I could be there instead of here.

**CaptainPipsqueak:** But you'd be there with Zim. Is that what you *really* want?

however, he notices

that all the boys are around her and he is not.)

ZIM: I ZIMMM! Am not an outcast!

**Mono:** Suuuuuuuuuuuuuuuuuuuuuuuuure...

**ThatUnknownPony:** [Zim] "I'm a loner, big difference!"

**SC276:** [the sharks from *Finding Nemo*] "Denial."

**Crazy56U:** [Zim] "Seriously, FUCK THAT BAND!"

I shall show this love pig my "affection!"

**SC276:** [ZIM] "I wonder which human organ that is?"

**Crazy56U:** *Zim, no, not in public!* Also, the elbow thing hasn't been confirmed yet!

**ThatUnknownPony:** So Zim is an exhibitionist, who knew?

(ZIM approaches her but they are dismissed,

**SC276:** Whatever that could mean in this context.

**Crazy56U:** Because this is now the military. "Zim Joins the Army", coming soon never.

**CaptainPipsqueak:** Damn! I'll be dead when never comes around!

and DIB is talking to, and

trying

to impress, MAZ after school.)

**SC276:** So far, he's doing about as good a job as this author.

**BittplexMutt:** So he's failing miserably.

**Crazy56U:** Either Dib has realized Maz is an alien just like Zim and is trying to trick her or some shit, or Dib's thinking with his downstairs brain.

**Nox:** Or, he's thinking about how to defeat MAZ, with his downstairs brain.

**ThatUnknownPony:** Two for the price of one: Hunting an alien and getting laid, Dib has the right idea.

**CaptainPipsqueak:** If he doesn't  
stop  
with the clumsy edit style, I'm gonna  
punch  
him.

DIB: Aaaaaand I'm a paranormal investigator. I research questions like aliens and

**Topher:** Ah yes, the big question of the century. "Aliens"

**BittplexMutt:** "Narwhals."

**Crazy56U:** "-ghost mummies."

**CaptainPipsqueak:** He travels around in a van with four hip teens and a hideously mutated sapient great dane. They solve creepy mysteries, but it always ends up being Mister Maxwell in a spooky costume.

**ThatUnknownPony:** They do not like to talk about the annoying puppy cousin they had for a while. *Even if he wasn't as bad as they make him sound.*

**CaptainPipsqueak:** Yeah, he *could* be an obnoxiously annoying latino street child instead. ... Never thought I'd find a situation in which Scrappy looked *good* by comparison, but there you go.

why you are so beautiful.

**Mono:** \*chuckling\* Great fucking conversation. "Yeah, I research aliens, also you're fucking hot."

**Crazy56U:** "I watch *The X-Files*, wanna make out?"

**CaptainPipsqueak:** "I decode crop circles. *Let's fuck!*"

**Fallen Prime:** "I monitor UFOs. Lemme smash."

MAZ: Wait, have you even found any "ALIENS" yet?

**Crazy56U:** Well, technically, he's up to two now...

**ThatUnknownPony:** And he wants to breed with one of them.

DIB: Ummmm... Actually, I have. His name is Zim. You know the green kid in our class.

**PanzerThiefZero:** That's racist. (ding!)

**SC276:** [Dib] "He's a chicken, I tell ya! A giant chicken!"

**BittplexMutt:** "You mean the kid with the skin condition?"

**Crazy56U:** [Maz] "*I'm colorblind, you ass.*"

[Dib] "Shit, uh, okay... ...the kid with the perm?"

**CaptainPipsqueak:** "My species doesn't have hai...*fuck*. I mean, I don't really know what a perm looks like. Can you point him out?"

MAZ: Where does he live?

**Crazy56U: (points in a nonspecific direction) Over yonder.**

**BittplexMutt: The Tallest didn't tell you where he is?**

**SC276: Why would they ever want to bring him up to anyone ever?**

**Fallen Prime: She bribed them with charm rather than snacks. Only partially effective.**

**CaptainPipsqueak: She should have tried charming snacks.**

**[Pinkie Pie] "Or brownies!"**

**Yeah, or brow... .. Wait, what the fuck?**

DIB: Why do you want to know?

**BittplexMutt: [Maz] "He owes me money."**

**Crazy56U: [Maz] "WHY DO YOU WANT TO KNOW?!"**

**ThatUnknownPony: [Maz] "Because I'm taking him before you two lick elbows."**

MAZ: Well, ( she flips her hair)

**Mono: "I want to fuck him."**

**BittplexMutt: "I need to drain him of his energy. (flips hair)."**

**SC276:**

**Crazy56U: Okay, I choose to do the following out of spite now. (pulls out an electric razor; proceeds to shave head bald)**

I wanted to know so we could maybe expose him for the alien he really is.

**Crazy56U: [Maz] "And maybe if the day is still young, fuck it, I'll take you up on that ghost mummy thing."**

**CaptainPipsqueak: Does... does this mean they're going to pants Zim?**

**ThatUnknownPony: Let's just say that, if they succeed, Zim won't be able to walk normally.**

DIB: Duhhh... Ok.

**Fallen Prime: Why. Why this dialogue. Dib's a ditz, yeah, but he's not an IDIOT.**

**Crazy56U: Once again: downstairs brain.**

**PanzerThiefZero: Well, you can at least tell who's the author's least favourite character now.**

**SC276: And he takes the fact that someone believes him with... suspiciously low enthusiasm.**

**ThatUnknownPony: "Yay, she believes me... I don't care, I WANNA FUCK HER!"**

**CaptainPipsqueak: "Somebody believes me. Thank God; I thought I was alone. I am ecstatic."**

( As they approach ZIM's house)

**Crazy56U: Having apparently ditched school...**

**CaptainPipsqueak: Think anyone noticed?**

**ThatUnknownPony: I don't think they even care.**

MAZ: Thank you Dib. You can go home now.

DIB: Okey dokie.

**Fallen Prime: ...why would he walk away from *his primary character goal*?**

**SC276: You mean *besides* the most blatant Sue mind control ever?**

**BittplexMutt: She simply told him to do it.**

**Crazy56U: I'm sticking to my go-to explanation for all of the stupidity in this fic: popping oxys.**

**ThatUnknownPony: I'm going for your "downstairs brain" idea because that's how low the bar is for this.**

**PanzerThiefZero: He just realized what kind of fanfic this was.**

**CaptainPipsqueak: Don't you dare finish with 'lokie', Dib, you freakish error of genetics.**

MAZ: (sighs) ok here we go.( she rings the doorbell)

**BittplexMutt: The doorbell is broken.**

**Crazy56U: Here, I'm on it.**

ZIM: Yyyyyyyyyyyyyyyyyyyyyyyes?

**Fallen Prime: False. You just established you'd rather make GIR get the door than do it yourself.**

**SC276: [Zim] "How was my Earth horror butler impression? Impressive, is it not?"**

**Crazy56U: [Maz] "Why are you talking like that?"**

**[Zim] "I had a strooooooooooooooooooooooke!"**

**CaptainPipsqueak: ...**

MAZ: Hello Zim.

ZIM: Oh, hello love pig.

**Crazy56U: This is getting dangerously close to becoming bestiality.**

**ThatUnknownPony: Considering we've already got incest here before, I'd rather brace myself for the worst.**

**CaptainPipsqueak: Actually, it's probably best if you remain braced for anything we riff.**

You may idol me.

**SC276: [Maz] "(beans him with an Easter Island statue)"**  
**Crazy56U: But I thought *American Idol* was cancelled...**

(MAZ pushes ZIM inside, locks the door, and rips off his disguise.)

**Mono: He was not wearing a disguise, so MAZ ripped off his skin instead.**  
**Crazy56U: So, his contacts, then?**  
**ThatUnknownPony: No, his clothes. Yes, I went there.**  
**Nox: Getting some really bad *Living the Dream* flashbacks over here!**

ZIM: (in horror) AHHHHHHHHHHHHHHHHHH! What are you doing?

**SC276: [Zim] "MY SKIN!!!"**  
**BittplexMutt: I can't believe Zim is acting normally for once.**  
**ThatUnknownPony: Give it a couple minutes and he'll revert back to stupid.**  
**Crazy56U: [Zim] "I DIDN'T INVITE YOU IN!"**

(MAZ, slowly and romantically, takes off her disguise.)

**SC276: (plays the sexy sax)**  
**CaptainPipsqueak: No. *Bad*.**  
**Crazy56U: I agree. Should've been this instead.**  
**CaptainPipsqueak: No. *WORSE*.**  
**ThatUnknownPony: ... \*violently rips ears off and chugs a bottle of bleach\***  
**PanzerThiefZero: Anyone else feel like they're going to get in trouble for riffing this fic now?**  
**Mono: I just came back from a solo-riff involving sibling incest between prepubescents. I am toast no matter what.**  
**Crazy56U: Well, to be fair, the incest was quickly abandoned in favor of ripping off *Danny Phantom* and pissing off the Audience.**

She is exceedingly beautiful, and very tall for a girl Irken invader)

**BittplexMutt: So, by like a couple inches.**  
**Crazy56U: She's wearing stilts.**

ZIM: uhhhh.....

**BittplexMutt: [Zim] "WHO ARE YOU?!"**  
**SC276: [Zim] "AND HOW ARE YOU EVEN MORE OF A FREAK BY IRKEN STANDARDS THAN ME?!"**  
**Crazy56U: [Zim] "I... am *not* drunk enough to deal with this, kindly leave."**  
**ThatUnknownPony: [Zim] "...Get out of my house immediately."**

MAZ: Yes Zim, it is I, Maz.

**BittplexMutt: [Zim] "WHO ARE YOU?!"**  
**Crazy56U: [Zim] "...and I should care *why*?"**

**ThatUnknownPony: [Maz] "KONO MAZ DA!"**

ZIM: hummana hummmmana humm.

**Fallen Prime: Why does he own a vibrator?**

**Topher: It was supposed to cause earthquakes, but ended up only being able to rock people's world one at a time.**

**Crazy56U: Okay, does Maz just a weird ass pheromone thing going on?! If people are around her for more than two seconds, do they just become ass-backwards idiotic?!**

**CaptainPipsqueak: No, that's just how they always act.**

**ThatUnknownPony: Plot Twist: Maz is actually a Pheromosa passing as an Irken.**

MAZ: As you know, one Irken couple can join together

**SC276: Do you mean that *literally*, or...?**

**Crazy56U: And that couple is Red and Purkle.**

and well, (she moves closer to ZIM) it's my turn and I pick you.

**Fallen Prime: Next-level settler here.**

**BittplexMutt: [Maz] "Tag, you're it!"**

**SC276: [Maz] "Pikazim, I choose you!"**

**Crazy56U:**

**CaptainPipsqueak: She's either desperate or showing pity.**

(ZIM stares in disbelief as she holds his hands and gazes into his red eyes.)

**SC276: Take warning.**

**Crazy56U: Uh oh, he popped a blood vessel.**

**BittplexMutt: I thought they were pink.**

**ThatUnknownPony: Which is why you Take Warning.**

ZIM: Why do you choose me?

**Mono: Because the plot demands it to...**

**Crazy56U: Because.**

**ThatUnknownPony: Because no one likes you.**

I mean, you had all those tall and strong and handsome and tall Irken boys

**Crazy56U: You know, all of *three feet*?**

**ThatUnknownPony: You know, all *two* of them.**

**CaptainPipsqueak: Pity they're already in a relationship.**

to choose from?

**SC276: Zim, not think himself handsome?**

**Crazy56U: Well hey, at least he's modest.**

FOR CRYING OUT LOUD YOU  
COULD'VE

**Fallen Prime: "HAD A V8!"**

**Crazy56U: Coulda, woulda shoulda, too fucking bad.**

PICKED THE TALLEST! YOU WOULD'VE BEEN IN COMMAND!

**SC276: [Zim] "YOU COULD'VE BEEN A CONTENDER! YOU COULD'VE BEEN SOMEBODY!"**

**Crazy56U: [Maz] "FUCK BEING IN POWER! HAVE YOU EVEN LISTENED TO 'VIVA LA VIDA'?"**

**[Zim] "(deadpan) The day I listen to Coldplay is the day Hell freezes over."**

**PanzerThiefZero: [Zim] "Also, you wouldn't have to be put in a registered sex offenders list."**

**Mono: [Maz] "...You know they're already fucking each other, right?"**

**[Zim] "OH GOD WHY!"**

**CaptainPipsqueak:[Zim] "NOW YOU FUCKED UP!"**

And why me?

MAZ: Well, I knew them before they were high and mighty,

**Crazy56U: More of the former than the latter.**

and they were in  
love with me like all the other boys.

**SC276: Aaaaaand I couldn't possibly care less.**

**BittplexMutt: Typical Mary-Sue.**

**Crazy56U: Hi, yes, I myself am a boy, and I do not give one iota of a fuck. Kindly get bent.**

They only wanted to grow taller so that they could try and impress me.

**Crazy56U: And now you know how the platform shoe was invented!**

**PanzerThiefZero: Note to self: quote that out of context.**

**Mono: Note to everyone else: *don't*.**

**CaptainPipsqueak: Note to Mono: you're not the boss of us.**

They wanted me to pick them.

**BittplexMutt: [Maz] "But they were really heavy though."**

**ThatUnknownPony: [Maz] "So I decided to go for the one who didn't give a fuck about me."**

**SC276: Eeeney, meeney, miney, mo...**

**Crazy56U: (pulls out a quarter) Call it. (flips coin; coin explodes) ...I count that as tails.**

They both wanted me to pick both of them.

**BittplexMutt: They wanted to have a three-way? Ew.**

**ThatUnknownPony: Wouldn't be surprised if that's what they wanted.**

**Crazy56U: Even worse, it would've been a *Devil's Three-way*. And *no one* wants "How I Met Your Mother" associated with this...**

That would've been weird.

**Crazy56U: That's an understatement, my friend.**

**BittplexMutt: Uh, no. Did you see *Love Knows No Race*? THAT was weird.. And fucked up.**

**SC276: Honestly, a girl between them can only improve that.**

**ThatUnknownPony: At least it balances out things.**

**CaptainPipsqueak: There won't be a dry forearm in the room.**

Because as you know,

**SC276: [Zim] "You keep telling me things I know as if they are not things I should know because they are not real."**

**Crazy56U: And knowing is half the meme.**

the couple get to have one Irken child that isn't genetically created in labs like you and me.

**BittplexMutt: Somehow you'll defy that canon logic.**

**ThatUnknownPony: [Maz] "We actually get to lick elbows and all that."**

**Topher: [Tallest P] "Why did we do this again?"**

**[Tallest R] "Well how else are we supposed to get laid?"**

I really like you, no I love you Zim!

**BittplexMutt: In the violent-stabby sort of way?**

**Mono: *Please.***

**SC276: What the fuck is wrong with this girl?**

**ThatUnknownPony: What the fuck is *not* wrong with this girl?**

**CaptainPipsqueak: Considering where this is going, I'd rather not see the word 'fuck'.**

(she throws herself  
into his arms) Hold me.

**Crazy56U: [Maz] "Come on, come on, come on, come on, now touch me babe!"**

**PanzerThiefZero: [Zim] "Oh, I will." (Proceeds to carry her into a home grown shark tank and feed her to his pets.)**

**THE END**

**BittplexMutt: If only we were that lucky.**

**Mono: [Zim] "... ..No. \*drops Maz onto the floor.\*"**

**CaptainPipsqueak: [Maz] "...thrill me, kiss me, kill me!"**

**[Zim] "'kay." \*blasts Maz into atoms\***

ZIM: I...I...don't know what to say.....

**SC276: [Zim] "Mostly because this is somehow the stupidest thing I have ever been involved in."**

**ThatUnknownPony: [Zim] "Wait, I remember what to say: *FUCK YOU!*"**

GIR: I LOOOOVE YOU! (GIR runs up and gives MAZ a hug)

**Fallen Prime: Oh, maybe there *WILL* still be a polyamory thread.**

**ThatUnknownPony: Or since GIR's a robot, a *poly-armory!* \*gets brick'd\***

ZIM: You didn't tell me why you picked me.

**BittplexMutt: Because the author said so.**

**CaptainPipsqueak: [Maz] "Pity and desperation. My clock is ticking and nobody seems interested in me."**

MAZ: Well, your naivety, to me, is a turn on,

**SC276: [Maz] "Read: it makes you easier to manipulate."**

**ThatUnknownPony: [Maz] "Being ignored by others is my fetish."**

and we are total opposites.

**Mono: "For example, you have a character, and I don't."**

Opposites attract, you know.

**SC276: I heard that successful relationships actually have substantial overlap of interests so they have something they can relate to each other with and that "opposites attract" is bullshit.**

**ThatUnknownPony: Shipping simply because "polar opposites" is as bad as shipping just because "they're totally the same".**

But really, I don't know..

**BittplexMutt: Then why say it?**

I just love you  
Zim,  
I love you with all my heart.

**Fallen Prime: Was it established how she knew him to love him?**

**ThatUnknownPony: Nope! She's just in love with Zim just because!**

**SC276: Because the author wrote her that way.**

**BittplexMutt: Truly, a love story for the ages!**

**CaptainPipsqueak: [Maz] "I'm in love with you!"**

**[Zim] "I'm in love with you!"**

*And then they licked elbows. The End.*

ZIM: But what about my mission?

**BittplexMutt: [Maz] "Screw the mission!"**

**ThatUnknownPony: [Maz] "Instead, screw me!"**

MAZ: Why do you think I came to Earth, and not have you be ordered to come to  
Irk?

**SC276: [Zim] "Because you did not want me, ZIM, to waste gas?"**

I want to work on the mission with you because (she flips her hair)

**SC276: Don't think I can't keep up.**

I  
want to be with you. (her eyes flutter) I love you.

**Fallen Prime:** *WE GET IT, YOUR SELF-INSERT'S AN UNDERAGE SEX IDOL.*

**BittplexMutt:** Love, love, love. Love? Love!

**ThatUnknownPony:** *Makes the world go 'round.*

**CaptainPipsqueak:** No, in this case it makes everyone on Earth scream and dissolve into Tang.

ZIM: But what if we do get "married"

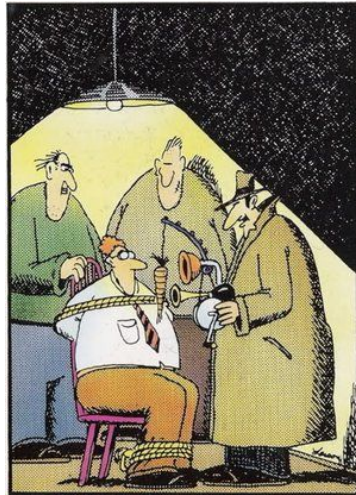

**SC276:** It's in quotes because the Irken term for it is "Polymerization."

**CaptainPipsqueak:** Or "Get away from me, you cow."

MAZ: Then we use this ( she pulls out a weird device thingy)

**PanzerThiefZero:** Every time an author uses the word 'thingy' in their literature, a piece of writing dies and we never get it back.

**Mono:** Care to give us a description? No? Okay, fuck you then.

"Well, we've tried every device and you still won't talk — every device, that is, except this little baby we simply call 'Mr. Thingy.'"

**SC276:**

**BittplexMutt:** [Zim] "Um.. that's a fork."

**CaptainPipsqueak:** [Maz] "Of course. That's what we're going to do: fork."

to speed up  
time

so we are older and "old enough", in human eyes, to get "married."

**Mono:** Ummm... you don't exactly need to speed up time in order to change your age...

**Topher:** Also, you're already fully grown. That's kind of how it works. If you kept getting bigger the whole "tallest" system would be silly.

**BittplexMutt:** Ah, so a Deux Ex Machina.

**PanzerThiefZero:** Welp, there goes a few years of your life. At least we have the benefit of the Sue dying earlier than normal.

**ThatUnknownPony:** So, they're gonna age themselves just for a marriage. Welp, good luck knowing you're gonna die earlier because of that!

**SC276:** Sister, "The Magic Thread" is the one Adventures from the Book of Virtues story that always fills me with existential dread. **YOU STOP THAT.**

**CaptainPipsqueak:** Everything should fill you with existential dread,

ZIM: Wow! You have had a lot of time to plan this haven't you?

**BittplexMutt: [Zim] "It is almost as if this plan was pulled out of your bottom."**

**ThatUnknownPony: [Zim] "Now I wanna see how to put things into your bottom."**

**CaptainPipsqueak: Nobody wants to see an Irkan ass. I'm pretty sure of this.**

(MAZ nods) MAZ: I love you Zim.

ZIM: I love you too...

**Mono: ...Suddenly, without any buildup whatsoever.**

**ThatUnknownPony: Classic Mary Sue romance: Comes out of nowhere, with no buildup whatsoever.**

**BittplexMutt: Love. Just love.**

GIR: YEAH!!!!!!!!!!!!

**BittplexMutt: Oh yeahhhh..**

**ThatUnknownPony: Suddenly, Hulk Hogan.**

(They become silhouetted and they kiss)

GIR: Awwwwwwwwww.

**SC276: [GIR] "I want kiss!"**

(MAZ presses the button, and swirly effects happen;

**SC276: Mind control! Mind control everywhere!**

**ThatUnknownPony: All glory to the Hypnotoad!**

MAZ is now even taller

and more beautiful (if that was Irkenly possible)

**Mono: Ha ha ha ha ha ha ha ha ha ha ha.**

**BittplexMutt: "We're not gonna give you a description."**

**PanzerThiefZero:**

**CaptainPipsqueak: He said: "WE'RE NOT GONNA GIVE YOU A DESCRIPTION."**

and ZIM stayed the same  
except he is taller and a little cuter)

**Fallen Prime: Because fuck masculine body standards, amirite?**  
**BittplexMutt: What? No big muscles?**  
**SC276: Great, she's into femboys**

MAZ: I love you Zim!

**BittplexMutt: I know. You've said that already.**  
**CaptainPipsqueak: And far too often, as well.**

ZIM: I love you too TAC!!!!!!!!!!!!!!!!!!!!!!

**Mono: Awk-waaaaaaard...**  
**Toph: Who's Tac? There was never a tac. There was a Tak, who was responsible for an attack, and I think Dib used a tack once, but there was never a tac.**  
**ThatUnknownPony: Oh, so he was actually under her mind control, who knew?**  
**PanzerThiefZero: (Googles) Tak's evil twin, apparently.**  
**CaptainPipsqueak: And what about Tic? Put the two together and you get minty-fresh breath!**

dun Dunnn DUNNNNNNNNNNNNNNNNN.....

**Mono: Whoever composed that little tune is rolling in his grave right now.**  
**SC276: GIR burps weird.**

Will MAZ dump ZIM?

**SC276: No.**

Will ZIM apologize?

**SC276: Probably not.**

Will they get "married"?

**SC276: Yes, to our chagrin.**

Will anyone  
actually read this?

**SC276: Fuck you.**  
**BittplexMutt: That's not funny.**  
**ThatUnknownPony: It's a little bit funny. Granted, that's because my soul just died, but...**  
**Crazy56U: You don't get to be cute.**  
**PanzerThiefZero: ... (starts sobbing uncontrollably)**  
**Mono: Well, tearing it to shreds bit by bit technically counts as "reading"...**

SCROLL down to find out what happens..

**SC276: Find out next time on *Dragon Ball Z!***

**CaptainPipsqueak:** After five episodes of characters screaming at each other, after which at least one will explode.

**BittplexMutt:** No, you can't make me!

**Crazy56U:** THE END

MAZ: What do you mean TAC!!!!!!

**BittplexMutt:** [Maz] "Don't you mean Tak, as in that alien chick who tried to kill you?"

**SC276:** [Zim] "Actually I meant the Master of JuJu."

ZIM: Ooopsie!

**BittplexMutt:** Suddenly, for a split second, GIR's voice was in Zim's voice.

**ThatUnknownPony:** For they had unknowingly changed minds!

**CaptainPipsqueak:** I *can* understand neither noticing.

GIR: He's still in love with her.

**SC276:** I haven't watched the cartoon in over a year, so I'll... take your word for it?

**BittplexMutt:** [GIR] "In a Stockholm Syndrome kind of way."

ZIM: But I love you too!

**BittplexMutt:** [Zim] "I was going to have a harem when I take over this filthy Earth!"

**Mono:** Polygamy is a myth. Confirmed.

(MAZ is crying a cry so cryiful that no one can resist the cry)

**PanzerThiefZero:** Suddenly, Mai Can fic?

**Mono:** No, Even Mai Can wouldn't sink this low.

**Crazy56U:** And besides, there aren't any stupid pictures.

**BittplexMutt:** Crying crying, cry cry, cryity cryity, cry.

**CaptainPipsqueak:** I'm physically resisting the urge to punch my laptop.

MAZ: YOU

IDIOT!!

**BittplexMutt:** Stimpy! You  
Eeedit!

**SC276:** [Gandalf] "Fool of  
a Took!"

I gave anything and everything any Irken boy could ever want!

**Mono:** An older body and a story pulled straight out of her ass?

**SC276:** A throbbing headache?

**CaptainPipsqueak:** A Mary Sue with instant hypnosis powers?

I love her for that.

**Topher: ...No. Do you don't.**

**CaptainPipsqueak: Nor do we.**

**SC276: And yet Ethan had the crush on *Fluttershy*, not *Rarity*.**

Irken

GIR:

**SC276: Either the author typed words randomly or GIR spontaneously became biological. Either works at this point.**

**BittplexMutt: How about both?**

I don't know master, how about you get her some sweets and Flowers?

**BittplexMutt: [Zim] "GIR, you idiot! We don't have sweets or flowers, those kill us!"**

**Fallen Prime: Why is "Flowers" capitalized? Is he gonna kidnap Ramona Flowers?**

**PanzerThiefZero: So, the aliens from *Fairly OddParents*?**

**CaptainPipsqueak: *FAIRY GODPARENTS!* \*has epileptic fit\***

ZIM: Gir, that is the most BRILLIANT thing you have ever come up with.

**SC276: [Zim] "Which is actually really kind of sad."**

(ZIM orders packages and they come in a meteor 5 seconds later)

**Mono: Destroying his house in the process.**

**CaptainPipsqueak: Also killing him and destroying everything within a kilometer. The story ends.**

ZIM: About time!

(MAZ walks through the front door with an evil grin on her face)

MAZ: Instead of having Johnny give Tac to Dib, I made him KILL her to her doom for having ever seducing you into her sluttish schemes of doom.

**SC276: ...what?**

**CaptainPipsqueak: Um... *things*? I guess?**

**ThatUnknownPony: Maz became a Yandere. This is my surprised face.**

**BittplexMutt: Except that's out-of-character for Nny because despite him killing others: killing children is where he draws the line. In fact, he probably would kill Maz (who is technically is "old enough to be married." thanks to that ray) for wanting to do such a thing.**

**Topher: DOOM! Because that was a thing on the show, the word doom! Gotta have doom or it's not invader zim! DOOOOOOOM!**

**CaptainPipsqueak: Because.**

(ZIM gives MAZ the sweets and flowers. The flowers are chocolate and the

sweets are made from Poison Oak leaves; MAZ graciously excepts them)

**BittplexMutt: With the most un-godly rash for years to come.**  
**CaptainPipsqueak: Yes, but it's a rash of love!**

MAZ: Oh Zim! I forgive you for falling into that little tramp's clutches!  
No one could resist.

**SC276: Much to our chagrin.**  
**BittplexMutt: That's the power of mind control.**  
**ThatUnknownPony: No one can resist the power of mental manipulation.**

I love you.

**BittplexMutt: [Maz] "Well, that was a short conflict."**  
**Topher: I know, right? I think it might have set a record!**

(ZIM and MAZ kiss)

**BittplexMutt: Ewwwwwww.**  
**Mono: Whopty-shit.**  
**ThatUnknownPony: Booooring...**  
**SC276: ZZZZZZZZZZZZZZZZZZZZZz**

GIR: Yeah!!!!!!! More kissing!!

**BittplexMutt: [GIR] "But, no kisses for GIR though.. :("**

78 4/9 hours later

**BittplexMutt: Oh dear god... is that even a fraction?**  
**Mono: \*whips out a calculator\* So, 3 days, 6 hours and 26 minutes...**  
**Fallen Prime: The length of a proper nap.**  
**SC276: Especially after the last month...**  
**Topher: The lesser known prequel of 28 days later...**

GIR: YEAH! They are STILL kissing!

**PanzerThiefZero: And here comes the priapism.**  
**BittplexMutt: And then they died due to suffocation.**

ZIM: Maz?

**BittplexMutt: Chief?**  
**Mono: McCloud?**  
**SC276: Donkey?**  
**ThatUnknownPony: Spongebob?**  
**Topher: Dr Scott?**  
**CaptainPipsqueak: Stimpy?**

MAZ: Yes Zim?

**BittplexMutt: [Zim] "I can't breathe."**

ZIM: That was the most kissing I have ever done!

**BittplexMutt: [Zim] "So much that we defied logic."**

**Topher: [Zim] "We have to stop! My lips are chapped and bleeding from the friction!"**

MAZ Heehee. Me, too, and here comes another one!

**Fallen Prime: And they kissed until they... wait, no, Mutt already did this joke...**

**BittplexMutt: Gee this kiss scene has been on replay several times.**

**ThatUnknownPony: And they kissed until they died of old age. THE END.**

ZIM: he he Will hmhmhmhmmm (ZIM's words are muffled as he passionately kisses MAZ)

**SC276: [Dib] "(watching from the front gate; facepalms)"**

**BittplexMutt: Such passion.**

**CaptainPipsqueak: This is gonna go on for ages, innit? \*sighs and goes to make coffee\***

MAZ: What did you say dear?

**BittplexMutt: [Zim] "I said he he Will hmhmhmhmmm."**

**ThatUnknownPony: [Zim] \*monotone\* "I said I will obey you, Master."**

ZIM: I said, (ZIM goes down on one knee) Will you do me the greatest honor and marry me?-

**Mono: "Even though I only know you for a week."**

**Fallen Prime: "And we spent three days of that week with our faces mashed together."**

**BittplexMutt: "But it was worth it!"**

**CaptainPipsqueak: \*grinder switches on with a loud buzzing\***

I know, it's corny, just keep reading

**PanzerThiefZero: I don't want to and you can't make me. (Attempts to walk out but hits an invisible wall)**

**Mono: Oh my God, I did the exact same thing when I still wrote fanfics...**

**CaptainPipsqueak: \*measures out water, turns coffee maker on and returns to this fucking trainwreck of a story\***

MAZ: Of course!

**SC276: [M. Bison and Doug Walker together] "Of course!"**

**BittplexMutt: Shallow much?**

(MORRRRRRRRRRRRE KISSING!!!!)

**Mono: And MORRRRRRRRRRRRE ANNOYANCE!**

**PanzerThiefZero:**

MAZ: Zim? I still can't believe you called me Tak.

**Mono: No, he called you TAC.**

**SC276: And because he did so, during the past 78 2/9th hours, a buch of cat heads in burglar costumes stole the house.**

ZIM: Awwww.... Somebody needs a Kiss!

MAZ: Yes I do!

ZIM: That was our 56,935,748,302 kiss!

**Mono: *How long have these assholes just stood there and kissed?***

**PanzerThiefZero: Specifically, 3 days, 6 hours and 26 minutes. So they must have kissed about 720,705,674.70886 times a day during that period.**

**SC276: NERRRRRRRRD!**

**ThatUnknownPony: CAN SOMETHING ELSE HAPPEN IN THIS STORY?!**

**Captain: Man, *fuck* this shit. \*powers up PS3\***

MAZ: (Gasp) That means we are married!

**SC276: Aaaaaaaand I couldn't possibly care less.**

**BittplexMutt: Because screw the ceremony.**

ZIM: Ya. You know what that means...

MAZ: We can have a child now

**Fallen Prime: Irken courtship is fucked, yo.**

**Mono: ...This whole fanfic is fucked.**

**SC276: But the Irken courtship even more so.**

**Topher: We have to read this, if anyone's fucked it's us.**

**BittplexMutt: Press Woohoo for baby.**

**CaptainPipsqueak: \*coffee maker beeps, CaptainPipsqueak grumbles as he heads back to the kitchen\***

(MAZ lifts her leg up and puts it on ZIM's thigh; ZIM, in response, carries her away in his arms to the deep, dark, deepy place that is ZIM's laboratory; MAZ is still a little taller than

ZIM,  
but he got taller when they got married)

**Mono: \*wiggles eyebrows\***  
**CaptainPipsqueak: Pourin' coffee!**

-why did I put that in?

**SC276: Why aren't you asking that about the entire fic?**  
**Topher: Uh, no zim! The line is "Why did I put it in the wrong hole?" \*BRICK'D\***  
**CaptainPipsqueak: Puttin' cream in coffee!**

(GIR at the door)

**BittplexMutt: [GIR] "This is a nice door. I like doors."**  
**CaptainPipsqueak: Puttin' sugar in coffee!**

GIR: Yesssssss?

**BittplexMutt: You rang?**  
**CaptainPipsqueak: \*re-enters room, takes long sip of coffee and sighs\***

DIB: HELLO (DIB is older now. He's like in his 20's but instead of happy noodle boy he has Maz's face on his shirt)

**SC276: Boy, those were a *long* three days.**  
**BittplexMutt: Oh no, He's turned into a total creep!**  
**Fallen Prime: I'd say the time skip means he shouldn't be obsessed with this girl he saw for one day anymore, but this IS Dib.**  
**CaptainPipsqueak: \*sprays coffee all over laptop\***

GIR: I'm going to go into explody mode.

**BittplexMutt: GIR is absolutely done.**  
**SC276: No, GIR, you can't be our new mascot.**  
**CaptainPipsqueak: So is my laptop.**

DIB: Where is Zim?

**BittplexMutt: Not here.**

GIR: He's making babies. I like babies.

**Fallen Prime: Someone has to.**  
**Mono: Thank God we don't get to see Zim and Maz making babies...**  
**ThatUnknownPony: Oh good! We got spared from the whole elbow thing.**  
**SC276: Author, being only one point above "Love Knows No Race" doesn't make you good.**  
**BittplexMutt: [GIR] "Hi, baby!"**  
**Topher: Meanwhile.. [Zim] "Oh... oh oh my... Oh DIB!"**

[Maz] "I'm sorry, WHAT?"

DIB: Ewwwww. Really? Who with?

GIR: MAZ!!!!

DIB: NO! (he is propelled by his own sense of grief)

**Mono: And he flew out of the window.**

**BittplexMutt: And into space.**

**SC276: And crashed into the Irken mothership, sending them spiraling into a nearby sun.**

GIR: YES! HEHAHAHAHAHEEHAW!

DIB: My beloved Maz! Wait, how are they doing it?

**Fallen Prime: It took you this long to ask how a boy you know to be an alien and a girl you didn't even SUSPECT could get it on?**

**BittplexMutt: Why do you need to know?**

**ThatUnknownPony: [Dib] "I need to know for... research."**

**SC276: [Dib] "I have like fifteen different theories on how Zim reproduces."**

**Topher: [Gir] "in the butt."**

**CaptainPipsqueak: Insert rod A into slot B. Repeat until glue is made.**

GIR: It's kinda like the birds and the bees, but with Irks; you know how They...

**Mono: No! We don't! And I don't want to know either!**

**Topher: [Dib] "I'm curious how they breed!"**

DIB: Really? Can I watch.

**Mono: NO!**

**ThatUnknownPony: DIB IS A VOYEURIST! YOU READ IT RIGHT HERE! I REALLY WISH THIS WAS JUST A JOKE!**

GIR: Noooooooooooooooooooo.

**BittplexMutt: No.**

**SC276: \*ding!\***

DIB: I'm going in.

**SC276: [Dib] "For science!"**

**BittplexMutt: [Dib] "And take some pictures!"**

**CaptainPipsqueak: Oh sure; when I do it, you call it porn.**

GIR: NOoooooOOOo! EXPLODY

MODE!!!!!!!!!!!!!!

**BittplexMutt: CALM DOWN!**

**CaptainPipsqueak: MAYBE YOU SHOULDN'T SHOUT AT HIM, BITT!**

DIB: NO!!!!!! Wait, what is "explody mod....."

**SC276: I would think it pretty self-explanatory.**

**BittplexMutt: That's the point.**

**PanzerThiefZero: That sounds like a joke mod.**

(BOOOOOOOOOOOOOOOOOOOO! He explody then he grew back together, and DIB is sad!

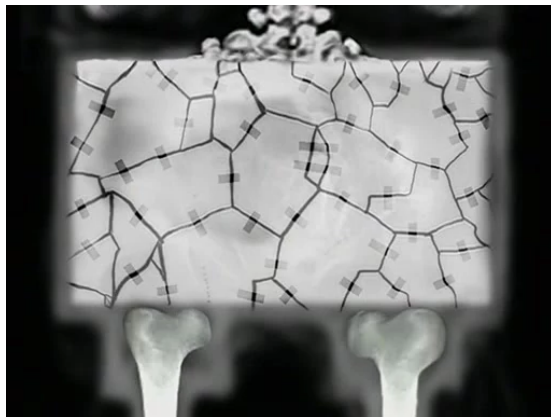

**Mono: And I couldn't care less.**

**CaptainPipsqueak: That's okay; Dib doesn't afraid of anything.**

Boo hoo. He broke his butt in 3 places. Yay!)

**Fallen Prime: ...this story is really trying my patience.**

**ThatUnknownPony: I don't know if it's the sleep deprivation or the insanity, but I can't stop laughing at this stupidity.**

**Mono:**

(down in the Lab, they feel the boom)

**BittplexMutt: They feel the clap.**

**Topher: They catch the clap. \*Brick'd\***

**CaptainPipsqueak: Was the boom preceded by a blue blur?**

MAZ: Zim! Was that you?

**SC276: "I thought the world wasn't supposed to rumble 'til the honeymoon."**

**ThatUnknownPony: "Oh wait... this is the honeymoon."**

**Mono: "I didn't know male Irkens came that hard!"**

**BittplexMutt: You didn't hear the commotion?**

ZIM: umm no.Maz?

MAZ: Yes, Zim?

ZIM: What happens if the Dib creature finds out about us?

MAZ: I don't know....

**Fallen Prime: "But now is a narratively convenient time to learn!"**

(GIR storms in the room)

GIR: I exploded and hurt Dib!

**Mono: [GIR] "I think he's dead now..."**

**Topher: [GIR] "\*covered in blood\* Turns out humans are fulla spaghetti sauce!  
I'mma make spaghetti!"**

**CaptainPipsqueak: If you explode again, Gil will spray bolognese sauce.**

MAZ: He was here!?!

GIR: uh huh.

ZIM: Why?

**SC276: [GIR] "I DON'T KNOW!"**

**CaptainPipsqueak: [GIR] "Well, he had a video camera and appeared to be sweating slightly..."**

MAZ: I made Dib think that I was in love with him so he could show me where you lived. Then I dismissed him. I think he is still in love with me.

**SC276: Because just following him home is too obvious.**

**BittplexMutt: Somehow.**

**Fallen Prime: I'd say "I hope Zim's not the jealous type," but I think he's gonna just blindly go along with whatever Maiz says.**

Gir,

what did you tell Dib?

GIR: I said you two were making babies!! YAY!

**SC276: [GIR] "And then he threw up!"**

**ThatUnknownPony: [GIR] "And then something happened to his pants."**

MAZ and ZIM: uh oh!

ZIM: Oh well....

MAZ: Kiss me!!!!!!!

**Mono: ...WHAT THE FUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUCK?!**

**ThatUnknownPony: Sense? This fic has none.**

**CaptainPipsqueak: God's fist, it just *doesn't* end...**

ZIM: Okey Dokie!! Ahhhhh. Hee hee hee

**Fallen Prime: ...wait, is this a problem or not!?**

**Mono: Yes.**

**PanzerThiefZero: He's dying. And he's relishing the freedom as we speak.**

NOW FOR SOMETHING COMPLETELY RANDOM

**SC276: "Now?"**

**CaptainPipsqueak: Yeah; at this point I'm not sure what would qualify as 'random'.**

**Mono: Oh, great. We're riffing "Mysterious Death" again...**

**BittplexMutt: Instead of completely different.**

(At planet Irk)

R.T.: I crave MAZ!!!

**Mono: Fucking mind control...**

P.T.: Then why did you let her go!?

R.T.: I dunno. You just can't say no to her.

**SC276: I've read *that* mind-control fic.**

Hey it's time to measure  
ourselves.

**BittplexMutt: Oh my.**

**Mono: \*wiggles eyebrows\***

**CaptainPipsqueak: ...and they began licking each others' forearms...**

P.T.: NO NO NOOOOOOOOOOOOO!

R.T.: What?!

**Mono: [Purple] "I'm afraid of measuring!"**

**BittplexMutt: "I left the stove running!"**

**CaptainPipsqueak: "I just realized why 'Pushing Daisies' was cancelled!"**

P.T.: We are shrinking without Maz!!!!!!!!!!!!

**Fallen Prime: Hey, one out of four.**

Both of them: NOOOOOOOOOOOO!!!!!!!!!!!!

**PanzerThiefZero: So, they're walking adult toys?**

**SC276: At this point, I think the author just has "no" on a soundboard.**

**ThatUnknownPony: So the glorified Pheromosa was their source of height and power?**

(back on Earth)

MAZ: Zim, I think we should take a break.

**Mono: ...From what?**

**SC276: Not this fic, I'll tell ya that much.**

ZIM: Yeah. I am tired.

MAZ: May I add a room?

ZIM: huh? Ya, ok.

**SC276: [author] "Whatever that sounds like."  
CaptainPipsqueak: Something horrifying, no doubt.**

Hello Zim...

ZIM: Uhhhhh

**PanzerThiefZero: Calling it now: the author was typing with one hand at this point.  
Fallen Prime: With what kind of keyboard!?**

**PanzerThiefZero:**

Maz? What are you doing? He he (nervous laugh)

MAZ: Waiting for you, you silly goose!

**SC276: How about the world ending? That seems probable.  
CaptainPipsqueak:**

**SILLY GOOSE**

ZIM: oh um ok...

COMPUTER: Zim! Incoming message from the tallest!

ZIM: (good) Oh ok Computer.

**SC276: I'm starting to question if Zim knows any words besides "ok."**

RED TALLEST: ZIM!!!!!! WE NEED MAZ! OUR ENTIRE ECO- SYSTEM REVOLVES AROUND HER!

**Mono: \*loud scream of anger\***

**PanzerThiefZero: Is this a troll fic? Tell me this is a troll fic.**

**ThatUnknownPony: I'm almost sure it is one. A bad one, but still one.**

**BittplexMutt: If this was a troll fic, we wouldn't be doing it.**

**SC276: Blame the Project AFTER guys for their terrible standards.**

**CaptainPipsqueak: I'd rather blame the author.**

ZIM and MAZ: Really?!

**BittplexMutt: Yes.**

PURPLE TALLEST: No, we just like you a lot and we like looking at you.

**Fallen Prime: I honestly wouldn't have been surprised if they said yes, at this point.**

**Mono: Then take a fucking picture.**

**BittplexMutt: Take a selfie.**

**SC276: Make a video; it'll last longer.**

**Topher: Make a video, watch it when you're alone at night. If you catch my drift.**

MAZ: Oh. Well I'm sorry. I love Zim and he loves me so I'm staying right here.

RED TALLEST: Well, there is a rule that says you can not be married and invade a planet at the same time.

**Mono: Suuuuuuuuuuuuuuuure...**

**BittplexMutt: Screw the rules then.**

**ThatUnknownPony: They have money!**

**Topher: Except for the fact that Zim isn't really an invader, he's just in exile.**

**Something who paid even the tiniest amount of attention during the first episode could deduce.**

PURPLE TALLEST: Really? I have never....OW! My Sqedly Spooch!

**BittplexMutt: Actual lines in the show.**

**Topher: Hang on, I think the gag is supposed to be the old**

**"Shut-up-elbow-to-the-ribs" bit, but they forgot to include the actual elbow to the ribs.**

**CaptainPipsqueak: Well, considering what they *do* with their elbows...**

MAZ: Really?

RT: Really really.

**SC276: Of course the author likes *Shrek*...**

**Topher: Who doesn't? After all, *Shrek* is love. *Shrek* is life.**

**ThatUnknownPony: *Which is exactly why I hate Shrek... Fucking memes...***

**Topher:** oh, come now! Who doesn't love them dank memes? Get a load of this one:

**\*guffaws\***

MAZ: Then we will conduct this invasion on our own and we will seclude ourselves from the rest of Irken society.

**Fallen Prime:** Which... was why Zim was on Earth in the first place. Because the Tallest *did that to him themselves.*

**BittplexMutt:** She didn't' watch the show.

**SC276:** This is *news* to you?

PT: Nooooooooooooooooooooooooooooo! I need you Maz! I neeeeeeed you!

**Mono:** Did Purple just turn into Tommy Wiseau?

**Fallen Prime:** "You are **TEARING ME APART, Maz!**"

**Topher:** "Let's go eat honh"

**CaptainPipsqueak:** ... Sure; let's go with that.

MAZ: Oops! I can't hear you bad connection. Bye bye.

ZIM: I loooove you Maz.

MAZ: Zim, I feel sick.

**SC276:** You think *you* feel sick? We've had to *read* all this!

GIR: Awwwwwwwww.YAY! She's gonna be sick!

**Fallen Prime:** *Break him.*

**CaptainPipsqueak:** *Like a Kit Kat.*

**ThatUnknownPony:** *Why? He's the only one who gets the right idea.*

MAZ: I think I'm going to fai....

**Mono:** -I.

**PanzerThiefZero: -salabad.**

**SC276: -oink myself.**

(MAZ faints but luckily ZIM catches her)

**BittplexMutt: And slams her down.**

**CaptainPipsqueaaaak: OH! AND HE CAUGHT HER BY SURPRISE WITH THAT PILE-DRIVER!**

ZIM: Come on Gir, we have to make Maz lie down.

**BittplexMutt: On the floor?**

**SC276: Shouldn't be that hard.**

**CaptainPipsqueak: Yeah. Just let her go and let gravity do it's thing.**

(They set her down)

**SC276: There, see? It's solved already.**

I still  
can't believe the best Irken girl picked me, of all invaders, to be her  
husband.

**SC276: [Zim] "It is almost like it is complete bullshit."**

**Mono: We can't be goddamn happier...**

**CaptainPipsqueak: You're being sarcastic, right? It doesn't translate well into text.**

NEXT DAY

MAZ: Zim, I have something to tell you.

ZIM: Sure, baby, anything.

MAZ: It's funny you should mention baby.

ZIM: Why?

**Fallen Prime: Seriously? Wasn't that your GOAL?**

**SC276: This story is starting to feel about as consistent as "The Conversion Bureau."**

MAZ: Because we are going to have one.

(This time, ZIM faints, and MAZ couldn't catch him)

**SC276: Double standard!**

**ThatUnknownPony: It's funny because she's awful.**

MAZ: Ummm, Gir, take Zim to our bed and lie him down on it.

GIR: Ma'am yes ma'am.

(A Month Later)

**SC276: Boy, when Zim faints, he faints.**

MAZ: Zim, as you know our baby is about to be born.

**Fallen Prime: What, did they time-jump AGAIN?**

**ThatUnknownPony:: Space is warped and Time is bendable.**

**Mono: Leeeet's do the tiiiiiiime waaaaaaarp agaaaaaaaain!**

**PanzerThiefZero: Great, does that mean we can time warp to the end of this shuffle now?**

**Topher: I mean, I can travel through time, you want to try it?**

ZIM: Yeah... so?

MAZ: Didn't they teach you anything? I need bodily tissue. TISSUE!!!! You know like the body tissue of the dominant species on the planet we invade.

**SC276: Because... why now?**

ZIM: Oh goodie. I know just the victim.....

**Fallen Prime: Why did it take Maz being there for you to actually *do something invader-y*?**

**SC276: Dude, the Tallest based their eco-system around her presence. This is the parody Sue that shows up in Anti-Sue Society stories, only it's not a parody.**

**Topher: Suddenly, *Alien Resurrection*.**

(At DIB's house) AN-Muahahahahahaha...ha....he.....he

**Mono: ...So while Dib is going insane...**

**SC276: Or the author, same diff...**

ZIM: Hello Dib.

DIB: Zim! What do you want?

ZIM: I want your butt.

**Fallen Prime: DON'T CHEAT ON YOUR PREGNANT WIFE**

**Mono:**

**AAAAAAAAAAAAAAAAAAAAAAAA**

**AAAAAAAH!** \*repeatedly stabs himself\*

**Crazy56U: ... ..are you okay?**

**ThatUnknownPony: Oh boy, the flashbacks to "Love Knows No Race" intensify!**

DIB: My butt! Why do you want my butt?

**BittplexMutt: You don't want to know.**

**ThatUnknownPony: Something involving incest and gay relationships, I think.**

**SC276: [Dib] "And if you really need it so bad, why aren't you just trying to take it with some crazy evil alien plan or something?!"**

ZIM: Do not question me. I need your butt.

**BittplexMutt: For science.**

DIB: Never!! Why?

**BittplexMutt: [Zim] "DO NOT QUESTION ME!"**

ZIM: So Maz can put our baby in it so it will eat it.

DIB: Ewww.

**Mono: My thoughts exactly.**

ZIM: No time for games. Give me your butt.

DIB:

**SC276: [Dib] "(pulls out tape recorder and hits 'Play')"**

NEVER!!

(ZIM bites DIB's butt

**Topher: No joke here ladies and gentlemen, just let that line really sink in.**

and takes it off. It's a bloody mess yay!)

**PanzerThiefZero: (starts feeling queasy) I was eating, author.**

**SC276: ...Well, pretty easy to tell this was posted to FF.net then.**

**ThatUnknownPony: Just when you think the bar wouldn't be much lower.**

ZIM: (muffled) Dye Dib! And fanks for the dutt!

**Fallen Prime: ...you don't get a D out of a muffled B.**

**Ringmaster: ...Are you absolutely sure that you want to phrase it like that?**

**Fallen Prime: I'M A GROWN-ASS MAN I DO WHAT I WANT.**

**Crazy56U: Settle down now, kids.**

**PanzerThiefZero: YOU CAN'T TELL ME WHAT TO DO, OLD MAN. (starts setting the room on fire)**

**Topher: WHOOOOHOOOOOO! FUCK THE ESTABLISHMENT! DISRESPECT YOUR SURROUNDINGS! \*joins Panzer\***

**PanzerThiefZero: THAT'S THE SPIRIT TOPHER. (is throwing gasoline everywhere wantonly)**

(DIB is lying on the sidewalk twitching convulsively and bleeding)

**Mono: And then he died.**

**Topher: He died as he lived. He never getting ANY ass.**

A COUPLE YEARS LATER

**SC276: Sadly not *nearly* long enough to scrub this story from our memories.**

(ZIM and MAZ apparently had a daughter. POOPZI

**Fallen Prime: Because why stick to the naming conventions of the world you set your fic in?**

**Mono: GET IT? BECAUSE SHIT!**

**ThatUnknownPony: Fits the kind of story this fic is.**

**PanzerThiefZero: ...'Ali' it is then.**

is hyperactive-even more than  
GIR- and very temperamental.

**Mono: So, basically, hell.**

**ThatUnknownPony: Are you sure you didn't raise the Tazmanian Devil instead?**

**BittplexMutt: Like GIR.**

**SC276: Like GIR midway between normal and competent modes.**

MAZ and ZIM looks tired and depressed)

**BittplexMutt: Boo hoo**

**SC276: Did *you* have to riff enraging fanfiction for like six weeks in a row? *Hm?!***

**ThatUnknownPony: Or do you have a long streak of school debts you can't possibly buy anything anymore?**

MAZ: (toneless) Goodbye Zim. (gives him a kiss) I have to conquer South America now.

**Fallen Prime: ...all of it? At once?**

**BittplexMutt: Yes.**

**SC276: [Maz] "It'll be easy once I dress up as an eclipse."**

ZIM: Bye sweetie. Hurry back! Poopzi, go to Skool.

**BittplexMutt: Instead of school.**

POOPZI: I DON'T WANNA!!!!!!!

**BittplexMutt: [Zim] "Listen to your father."**

ZIM: Do as your told.

POOPZI: Fine.

**Fallen Prime: Apparently she's also very flippant.**

**Mono: Bipolar Disorder is fun!**

( GIR stubbles into the room. He holds in head in his arms.)

GIR: Master? Will you put my head back on?

**SC276: [GIR] "My stubble beard is too heavy for it!"**

ZIM: Yes. Gir. For once you are acting like a normal SIR.

GIR: Poopzi takes it out of you.

**Fallen Prime: I don't think that's how it works with robots.**

ZIM: Yeah. Sometimes I wish that I could get rid of her.

**Ringmaster: ...Why is "Zim has a daughter then wants to get rid of her once she becomes annoying" a recurring theme in these things?**

**SC276: Because it's the closest thing to being in-character he ever gets.**

**Crazy56U: Because.**

**ThatUnknownPony: Because that's the author projecting their family frustrations.**

COMPUTER: Zim. Incoming message from the Tallest.

ZIM: Good. Put them on the screen.

**Mono: Great, these idiots again...**

R.T.: ZIM. We have a proposal to offer you.

P.T.: WE NEED MAZ!!!!!!!!!!!!

R.T.: Smooth. We really do. In fact we..

P.T.: WE'RE SHRINKING!!!!!!!!!!!!!!WE NEED HER!

**SC276: [Purple] "I DON'T KNOW WHY I TOLD YOU THAT, GIVEN HEIGHT SERVES AS THE ENTIRE BASIS FOR OUR CIVILIZATION!"**

**ThatUnknownPony: [Zim] "Well screw you! You sent me here, she's staying with me... wait"**

ZIM: Will you take Poopzi, too?

**Fallen Prime: I THOUGHT HE WAS KIDDING ABOUT GETTING RID OF HER.**

**Ringmaster: Well, he doesn't have an incestuous alien brother Dib to talk him out of it this time.**

**Mono: *don't fucking remind me***

**Crazy56U: (looks Mono square in the eye) We rified "Love Knows No Race". That can never be undone. We were subjected to prepubescent love making, incest, suicide, rape, and a shitty story about flowers or some shit. *Accept it and move on.***

R.T.: Who?

P.T.: Her daughter.

R.T.: Oh. Is she like Maz?

ZIM: ummm yes in fact she is.

**SC276: Annoying and might as well be whiny? Can't argue with that.**

R.T.: Great! Send them over to Irk rrrrrrrrrrrrrrrright now.

ZIM: Oh, no. What am I going to do Gir?

**Fallen Prime: Literally the wrong person to ask for advice in ANY context.**

**SC276: What about what *not* to do?**

**Topher: [Gir] "YOU GON' MAKE BISCUITS?"**

GIR: I don't know.

**SC276: [GIR] "I mentally checked out like fifteen paragraphs ago. Or maybe twenty line breaks, it's hard to tell."**

ZIM: (Pacing) I love Maz with all my heart, but I LOATHE our daughter. I LOATHE HER SO MUCH!

**Fallen Prime: You loathe GIR and you still work with him.**

**Mono: Isn't Zim a great father?**

**ThatUnknownPony: Again, sounds like an author projecting her own family issues.**

**PanzerThiefZero: Pictured: the inevitable end result of a baby fantasy by people who don't know the first thing about babies.**

GIR: Want me to go get Maz and Poopzi?

ZIM: Yes, Gir. That, actually, would be some help.

( 5 minutes later)

GIR: Here they are.

**Fallen Prime: I'd complain about us not seeing half the things it says characters are doing, but fuck it, it makes the fic shorter...**

**BittplexMutt: The shorter, the better.**

**SC276: Yes, make the terribleness more concentrated.**

POOPZI: DAD! Why do you want me here?

**SC276: [Poopzi] "Firt you want me at skool, then you want me here - make up your mind already!"**

MAZ: Yes, Zim. I am also quite curious to why you needed us.

**Fallen Prime: "I only managed to topple Ecuador and Colombia in the time I was gone."**

ZIM: Maz, you are going to take Poopzi on a little trip to planet Irk.

MAZ: I am?

ZIM: Yes, you are.

MAZ: Oh. Ok. Poopzi, get the voot cruiser ready.

POOPZI: Fine, mother.

**SC276: Because apparently Irken learn how to use space machines at two years old.**

**ThatUnknownPony: Parent and Husband of the Year right here.**

MAZ: Zim, why aren't you coming too?

ZIM: (sighs) The tallest need you to go back to Irk.

**Fallen Prime: Okay, but that doesn't answer her question.**

**BittplexMutt: Why is he sad?**

MAZ: So? They have been wanting me to go back there ever since I got here.

**BittplexMutt: Gasp! A character is actually questioning this logic?**

ZIM: Yes, well, they said they would take and keep Poopzi if she came along.

**Mono: And this is the point where Maz, if she had anything resembling a brain, would slap this dickhead for wanting to send his daughter to a planet she's never seen.**

**PanzerThiefZero: Of course, since she's the perfect alien waifu, she's all just fine and dandy with it.**

**BittplexMutt: And probably is thinking about kissing Zim for the gazillionth time.**

MAZ: So what you are saying is that I have to go back to Irk, and be their queen with Poopzi?

**BittplexMutt: [Maz] "On the one hand, royalty, on the other hand, Poopzi.."**

**ThatUnknownPony: [Maz] "Doesn't sound that bad."**

ZIM: Sadly, yes.

**BittplexMutt: Happily, yes. For us.**

MAZ: And I'll never see you again?

**SC276: Well there is video calls-**

**BittplexMutt: Yup, now go away.**

ZIM: (sighs) No.

**BittplexMutt: Zim is about as done with this as we are.**

**SC276: S-Seriously, those two called literally five minutes ago-**

MAZ: AND I'LL HAVE TO BE WITH POOPZI?

**BittplexMutt: Well, yes. You gave birth to her, so you have to take responsibility.**

**Mono: [Zim] "Hey, I don't want anything to do with her either."**

ZIM: Yes.

**BittplexMutt: Get on with it!**

MAZ: NOOOOOOoooo!

**SC276: You can't stall forever!**

**BittplexMutt: Meh, you fell flat at the end. 6/10.**

**PanzerThiefZero: A fitting punishment.**

MAZ: (kisses ZIM on the cheek) Bye love. Be back in a little while.

**SC276: ...Are we missing lines?**

**BittplexMutt: Well, you got over that quick.**  
**ThatUnknownPony: Guess that bipolarity was hereditary.**

( After MAZ and POOPZI leave, ZIM starts to cry)

**BittplexMutt: Tears of joy.**

ZIM: Gir, I'll never see her again.

GIR: It'll ok master. Look on the bright side, you'll never see Poopzi again.

**SC276: Look how much I care. (shoots the fic with a laser)**

COMPUTER: Incoming message from the Tallests.

R.T.: Zim, we don't need Maz and/or Poopzi anymore.

**Mono: [Zim] "...WELL, FUCK YOU TWO TOO, THEN!"**

**Fallen Prime: Neither do we.**

**BittplexMutt: Agreed.**

P.T.: Ya. We got dates with Silver and Pink from our twin planet Irka.

**BittplexMutt: How original.**

**SC276: Like, mirror dimension, or...?**

**Topher: Is it just me or do conflicts come and go in less than a page here?**

SILVER: Come on Red, we need to go. AN-hee hee! That's me!

**BittplexMutt: Of course.**

PINK: Ya, Purple, we need to go too. AN-That's my BF. Hey I was bored!

**Fallen Prime: ...wait, so THESE are the self-inserts?**

**BittplexMutt: Yes.**

**Mono: FUCK IT! EVERYONE'S A SELF-INSERT NOW! INVADER ZIM NEVER EXISTED!**

**IT'S A CONSPIRACY CREATED BY BULLSHIT FANFIC WRITERS!**

**PanzerThiefZero: You get a self-insert waifu. You get a self-insert waifu. EVERYONE GETS A SELF-INSERT WAIFU.**

**SC276: ...Hey, mine's cherry-flavored! I wanted grape!**

**ThatUnknownPony: Can mine be at least be cocoa-flavored?**

**Crazy56U: ...I don't want mine.**

RED: Well, see ya Zim. I'm coming babe!

**BittplexMutt: EW.**

PURPLE: Ya see ya Zim. Oh and by the way, we are tall again.

**Mono: \*wiggles eyebrows\***

**ThatUnknownPony: So the Tallest are literal dicks.**

Hee hee. (RED  
and PURPLE give ZIM thumbs up with smiles )

**BittplexMutt: Good for you?**

**SC276: Look how much I care. (shoots the fic with a laser)**

**Topher: Except for the fact that the TALLEST DON'T HAVE THUMBS. SOMETHING A CURSORY EXAMINATION OF THEIR DESIGN WOULD REVEAL!**

ZIM: Ok, well that takes care of that problem, but what about Poopzi?

**BittplexMutt: What about her?**

GIR: Have Nny take care of her.

**BittplexMutt: Yes, because this guy**

**is totally capable of actually taking care of a child let alone raise one himself.**

**Fallen Prime: I imagine that would be me as a parent.**

**PanzerThiefZero: Pour one out for Jon Nny. He had to suffer for our sins. (Opens a can of cola, pours it on the ground)**

**SC276: Why would... oh right, we ran out of wine two weeks ago.**

**Topher: I \*hic\* regret nothing.**

ZIM: Good idea.

**BittplexMutt: Bad idea.**

**SC276: Singing Christmas carols to your neighbors... on the Fourth of July.**

(A few days later with their ruling hats on and everyone bowing)

**Fallen Prime: ...of course.**

**Mono: Because why the ever-loving shit not?**

**BittplexMutt: Mind control.**

**ThatUnknownPony: Mind control everywhere.**

MAZ: I love you Zim.

**BittplexMutt: I hate you.**

ZIM: I love you too Maz.

**BittplexMutt: I hate myself.**

**SC276: I hate ZZZZZZZZZZZZZZZZZZZ-**

(At planet Irka)

SILVER TALLEST: Why did we just have a stupid cameo in this episode?

**Mono: FUCKYOUFUCKYOUFUCKYOUFUCKYOU**

**FUUUUUUUUUCK**

**YOOOOOOOOOU!**

**PanzerThiefZero: Keep it down, we're in a church.**

**BittplexMutt: Because you're useless?**

**ThatUnknownPony: Hahah, it's so funny and random... Not.**

PINK TALLEST: I don't know. Maybe it is showing a brief part of our date with the Tallests.

**SC276: As if we'd want to see that.**

SILVER: Well, they have to read Date Between the Planets for that.

**Fallen Prime: NO.**

**ThatUnknownPony: WHEN I DIE.**

**Mono: MAKE. ME.**

**PanzerThiefZero: Calling it now, Ring's going to be putting in that into the next shuffle.**

**Ringmaster: I'd have put it in this one... had it actually, y'know, existed.**

**BittplexMutt: And thank God for that.**

PINK: Hee hee you're right. I love being evil.

**Fallen Prime: At least she's self-aware about it?**

**BittplexMutt: Oh, she's evil all right.**

**SC276: ~I do it all because I'm evil...~**

**Fallen Prime: No. Shut up. Voltaire's too good for this drivel.**

**Ringmaster: Next up, we have a submission, a very odd MLP/Minecraft crossover that seems to almost be a trollfic in some parts, but overall seems like someone's legit attempt at... honestly, I'm not really sure. It's "Herobrine's Return", written by SkullKing.**

**Mono: Because fuck everything, let's go from Invader Zim to Minecraft.**

**SC276: ~I AM A DWARF AND I DIGGY DIGGY HOLE~**

**Topher: \*is furiously trying to tunnel through a wall to get out\***

Herobrine's Return

There was a plain grass area nothing unusual about it.

**Mono: Riveting.**

**JofY: But was it a sunny day as well!?**

It was all blocky and green as always.

**Fallen Prime: In the context of OUR world, pixelated grass is VERY unusual.**

**CaptainPipsqueak: But not pixelated *blood*, oddly enough.**

Then a big explosion happened and then out of the explosion area came Herobrine on a zombie horse and heads towards a town called Atlanta

**Mono: Because Minecraft takes place in Georgia now- fuck it, I buy it at this point.**

**SC276: Zero to shit-xy in nothing flat.**

**JofY: Plot twist: This was The Walking Dead the whole time.**

**BittplexMutt: That would explain the zombies.**

**CaptainPipsqueak: No, *Nothing* explains those. And *no*, I didn't mean you, Princess. So you can stop looking at me like that.**

**Topher: ~Well, Herobrine went down to Georgia, he was looking for a soul to steal, and he was in a bind 'cos he was way behind, and lookin' to make a deal.~**

and went in and he jumped at a skeleton and turned him into one of his minions.

**Fallen Prime: Oh, good, one of those "finite supply of periods" types of stories.**

**Mono: i just came back from doing one of these why is september so cruel to me**

It looked normal except the eyes where red.

**BittplexMutt: Because he's EVIL!**

**SC276: Because those damn things aren't bastards enough already.**

**JofY: "Why didn't you let me have my 8 hours of sleep!"**

Then Herobrine turned three other mobs into his minions.

**BittplexMutt: Soon, everyone became a minion.**

**PanzerThiefZero: Specifically, the annoying screaming yellow kind.**

**JofY: Suddenly, Mykan PTSD.**

**CaptainPipsqueak: Bullshit. Mykan stress will never end.**

SkullKing wakes up.

**Mono: ...Oh my lord...**

He was the king of skeletons.

**Fallen Prime: Thanks, Captain Obvious.**

**BittplexMutt: Bullshit, everyone knows that Jack Skellington is king of all skeletons.**

**JofY: He had dem best bones.**

**Topher: He drank SO MUCH MILK back when he was a skinbag.**

"That was all a dream. Good." Said SkullKing in a deep voice.

**SC276: That was a dream? The opening cinematic of *Hamtaro: Ham-Ham Heartbreak* was scarier than that.**

Meanwhile.....

**Fallen Prime: In a parallel universe where everything sucks...**

**BittplexMutt: Away from here..**

**Mono: In a galaxy far far away.**

**SC276: In the future.**

Herobrine made it to the castle of the King of Zombies.

**SC276: Well so much for dreams.**

He has his army.

**Mono: His army of dirt blocks.**

**BittplexMutt: Well, we have a Hulk.**

He and his army charges to the castle. The Zombie King was going outside to get fresh air.

**SC276: Because there's no such thing as castle battlements that let him be inside while being safe from being attacked.**

**JofY: Just because he's dead doesn't mean that he still can't live a little.**

He was a fat zombie.

**Fallen Prime: Thank you, that was necessary.**

**Mono: *Big-boned* zombie, author. Would it kill you to at least *try* to stay politically correct?**

**JofY: I'm not really sure he can burn away the fat...**

Then he sees Herobrine and his army charging towards his castle. He then sends his army of zombies to attack Herobrine.

**SC276: Zombies vs zombies? Are you *trying* to make zombies boring?**

The zombie king's army loses

**SC276: Most boring game of Warrior's Way ever.**

he goes as fast as he can(which is not really fast) to SkullKing's castle.

**Fallen Prime: This paragraph could've been an entire chapter, if the story gave half a fuck.**

**JofY: \*slaps Fallen\* No! You'll jinx it!**

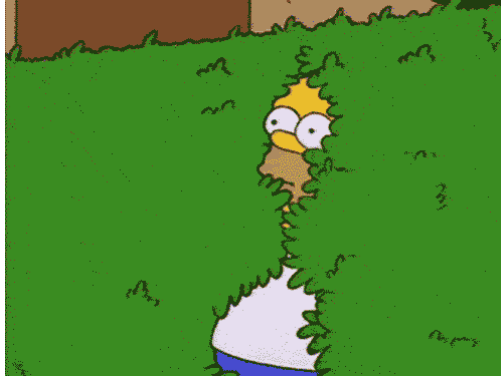

He makes it to the Skeleton King's castle and goes into SkullKing's Throne room and tells Skull king that Herobrine is back and taking over all the mob's castles.

**SC276: And not attacking players... why now?**

"So he did come back. That dream wasn't a dream but a vision." Said SkullKing. "Get the Ponies

**Fallen Prime: wut**

**Mono: \*brain literally explodes\***

**PanzerThiefZero:**

**SC276: ffffffft HA HA HA HA HA HA THEY'RE JUST FUCKING THERE ALREADY HA HA HA WHAT MODS IS THIS IDIOT RUNNING**

**BittplexMutt: A joke mod.**

and our armies ready for battle." Said SkullKing to one of his guards. The guard goes to get the ponies first.

**BittplexMutt: Before anyone else.**

He gets to them and says. "The King is in need of your assistance."

**SC276: [skeleton guard] "Even though we're the most annoying base mob in the entire game."**

**Mono: [Twilight] "...What the fuck are you talking about?"**

**BittplexMutt: For what? To open a pickle jar?**

"Okay we will help him." Said Twilight. "Right girls."

"Yep" said Rainbow Dash.

"Yes if that's okay." Said Fluttershy.

**BittplexMutt: Dear god, you're going to have everyone respond.**

"Sure." Said Applejack.

"I guess so" said Rarity.

**Mono: [Rarity] "I mean, I don't actually want to..."**

**BittplexMutt: [Rarity] "I hope I won't die."**

**SC276: [Rarity] "I do have a job to do after this I guess."**

"Okie dokie Loki." Said Pinkie Pie.

"Then follow me to the King." Said The guard.

**BittplexMutt: "The King of Fools."  
SC276: WHY?! ~TOP-SY-TUR-VEY~**

They head towards the castle and the guard says."Here you go Sir." Said the guard Saluting.

**BittplexMutt: Who names their kid Saluting?  
PanzerThiefZero: We just had an author name a kid 'Poopzi' last time.**

He then goes to get the army.

**BittplexMutt: His skeleton army?  
SC276: To fight the skeleton war.  
Topher: against the fuckbois.**

"So what do you want SkullKing." Said Rainbow dash in the King's face. The guards point their spears at her.

**Fallen Prime: Oh, of COURSE they're flanderized.  
Mono: ...Did you expect anything else?  
BittplexMutt: What did she even do? All she did was ask a question while getting close to his face.  
JofY: "How dare you ask for more information!"**

"You really want to do that?" Said Skull King.

**BittplexMutt: [SkullKing] "Only I get to ask the questions."**

Rainbow Dash backs off and twilight starts to talk.

**BittplexMutt: [Twilight] "What's wrong with you?!"**

"Why do you need us?" Twilight asked.

**BittplexMutt: [SkullKing] "I need you for the sacrifice... oh shit. You weren't supposed to know that."**

"Well my most powerful foe has returned. His name is Herobrine." Said SkullKing.

**SC276: The ultimate griever.  
BittplexMutt: An annoying Creepypasta.**

All the ponies gasp.

"HEROBRINE!" All the ponies said at once.

**Mono: [Rainbow] "Wait, who?"**

"And I need you girls." Said SkullKing.

**Fallen Prime: My mind took that a lot of places the author didn't intend.**

**Topher: [Skullking] "I don't want to die a virgin. So, who wants to jump my bones first? I've already gotten started with a little porn, so I've got quite the boner going! Come on, let's bone!"**

Meanwhile.....

**Fallen Prime: In a parallel universe where nothing is explained...**

**SC276: On Some Camera with a Jerk...**

**Crazy56U: In the future...**

Herobrine gets to the Nether and goes to the Blaze King's Castle.

**SC276: Boy, authority in *Minecraft* has the more boring hierarchy ever.**

**JofY: Finish one world at a time! Otherwise you're just being inefficient.**

He attacks the guards and is successful.

**Mono: Y'know, aside from being withered and half-dead.**

He then finally gets to the Blaze King and Walks Towards the Blaze King. The Blaze King was on the ground.

**Mono: ...As opposed to being *in* the ground.**

**JofY: [Blaze] "Dude... The floor... It's so comfy... "**

**SC276: Blaze King Blaze King, Blaze King. Blaze King? Blaze King!**

Then Herobrine Stabs Him in the face with his scythe.

**Mono: That's not how a scythe works, but okay...**

**BittplexMutt: Suddenly, it's a knife.**

**Topher: And then he shot him, because it's also a gun.**

Herobrine gets to the End after that and attacks the enderman. And takes them out.

**PanzerThiefZero: To a nice dinner.**

**SC276: So we're just ignoring that it's impossible to get from the Nether to the End directly? OK then.**

He then knocks the Enderman King down onto the Endstone and was about to attack but was attacked by an enderman

**SC276: Which somehow was not taken out.**

so the Enderman King gets away and goes to the Skeleton Castle. He teleports into the throne room of Skull King and tells him Herobrine attacked him. They go into the planning room and plan out an attack. An hour later they planned their attack.

**Fallen Prime: Since I know people's comments will be breaking it up: this *entire scene* from the "meanwhile" to here is *ONE PARAGRAPH*.**  
**Mono: So they just had a lunch break in the planning room earlier?**

2 Hours later....

They get to the battlefield and they see Herobrine's Army on the other side. "Ready ponies?" Said SkullKing.

**PanzerThiefZero: [Twilight] "We have a name, you know."**

"Yep." Said Twilight. They then start charging towards each other and they all fight.

**Fallen Prime: Boy. That escalated quickly.**  
**BittplexMutt: Then they kicked.**  
**JofY: [Twilight] "FUCK YOU FLUTTERSHY!"**

Herobrine Starts killing his enemies. Then the zombie king turned into a giant version of himself with a giant sledgehammer.

**Topher: "okay, tiny dude is big now..."**  
**BittplexMutt: He's using his hacking skills.**

He then tries smashing Herobrine but misses.

**JofY: So he tried smashing with his sledgehammer again, and then he missed again. And he tried smashing again...**  
**BittplexMutt: Its attack missed!**

Then Herobrine Kills The Zombie King.

**Mono: I'm slowly starting to think this is just the result of a really weird LAN party...**  
**SC276: Lord knows it makes no narrative sense by itself.**  
**BittplexMutt: Lighting Bolt!**  
**Topher: And then Herobrine is swarmed by those *bullshit* baby zombies! I MEAN COME ON, HOW ARE THEY SO FAST! THEY'RE BABIES!**

Then SkullKing started attacking Herobrine with a whole bunch of hits. And kills Herobrine. Then Herobrine's army dies. SkullKing WINS!!!!

**Fallen Prime: I swear, this entire fic's been hit with the time accelerator from the last one.**  
**PanzerThiefZero: So a hive mind?**  
**BittplexMutt: Yes?**

(Or so they think)

**JofY: We've secretly replaced their regular Herobrine with Followers. Let's see if they notice.**  
**BittplexMutt: Way to spoil it author.**

Herobrine Arises from the ground and creates a black hole.

**Mono: -sun.**

**BittplexMutt: killing everyone.**

It sucks in all the blocks around it. They all get sucked into the black hole.

**BittplexMutt: And then they died.**

**Fallen Prime: And there was much rejoicing.**

**PanzerThiefZero: Sweet. Let's go home.**

**SC276: So this is that episode of *Voltz* where one side destroyed their whole base with a red matter bomb.**

They then all appear on earth

**SC276: Because fuck us.**

it's like minecraftia except more technology and not blocky.

**Mono: So all the blocks are computers now?**

**BittplexMutt: They're glitching.**

They see Herobrine destroying the town they were in.

**Mono: ...No, they were in the Minecraft world, remember?**

**SC276: Yet another fic with the consistency of "The Conversion Bureau."**

**BittplexMutt: The town with no name.**

"Stop Herobrine!" Said Twilight.

**BittplexMutt: [Herobrine] "Uh.. no."**

Herobrine sees her and fires a fire charge at her and she falls down to the ground.

**SC276: She's fallen and she can't get up.**

All the ponies run to Twilight.

**Fallen Prime: Here's where YOU come in! Do I jest about A. twilight as a time of day, B. *Twilight* as a book series, C. Twilight as a character, or D. all of the above?**

**PanzerThiefZero: Yes.**

**Mono: Reply hazy, try again.**

**JofY: Z!**

**SC276: 37!**

"Twi are you okay?!?" Said AppleJack.

**JofY: [Twilight] \*Dead\***

**BittplexMutt: [Pinkie] "If you're not dead, raise your hoof."**

FlutterShy starts to cry and the rest are surrounding her.

**BittplexMutt: She's not dead guys.**

Then Rainbow dash says.

"You didn't Just DO THAT!!!!!!!"

**JofY: [Dash] "Fuck you Fluttershy!"**

**BittplexMutt: [Herobrine] "Uh, yes I did."**

She then flies straight towards Herobrine doing a sonic rain boom and hitting him but didn't kill him.

**Mono: A Sonic Rainboom is not an attack, author.**

**PanzerThiefZero: The laws of physics says otherwise.**

**SC276: Herobrine is a goddamn godmodder.**

**BittplexMutt: Please nerf Herobrine.**

Rainbow Dash was Severely damaged. Then Herobrine Fires a Lightning Charge at her and Kills her.

**Mono: ...Well, that escalated quickly.**

**BittplexMutt: Oh no, she's dead.**

"Dashieeeee!!" Pinkie Pie said Crying.

**Fallen Prime: Oh, good, sacrificing the main cast to your terrible story.**

**PanzerThiefZero: And Dash has died again. Spike would be proud.**

**BittplexMutt: Speaking of Spike, where is he?**

**Topher: [Pinkie] "NOW WHO WILL I MAKE CUPCAKES OUT OF- I MEAN, WITH!"**

AppleJack tries to buck at him.

**BittplexMutt: Bucky no!**

But he Kept on teleporting away from the hits.

**BittplexMutt: Its attack failed!**

He then fires a beam at applejack and knocked her out.

**SC276: Instead of killing her because background ponies aren't worth the effort.**

**BittplexMutt: Guess who's his favorite pony?**

"You have hurt too many to live no more Herobrine."

**Mono: I wish we could say that to authors we've rified.**

**BittplexMutt: He's only killed one person so far.**

Said SkullKing. They start attacking each other

**SC276:**

**PanzerThiefZero: No, it's more like this:**

and Herobrine fires a fire ball at SkullKing.

**BittplexMutt: This is like a crappy rpg game.**

Damaging him severely.

**SC276: Is there any of this attacks that don't do more than half health?!**

He got back up and fired at Herobrine. But Herobrine fired a Lightning charge and took him out.

**SC276: Boy, people die in this fic like a *bitch*.**

Then out of no where came vinyl Scratch. "Don't Mess With My FRIEND!!!" Vinyl says, pulling her bass cannon out of nowhere, firing a large beam killing Herobrine once and for all.

**Fallen Prime: wut**

**Mono: ...Yay, Vinyl saved the day?**

**BittplexMutt: I guess..?**

**SC276: \*do do doo\***

**Topher: \*Vibrating with rage\* Because fandom! DURR DEE DURR! FANDUMB!  
DURRRRR!**

She used her magic to pick up the ponies who were down and SkullKing.

**BittplexMutt: did nothing.**

The others followed her. They went through a portal back to the world of Minecraftia.

**PanzerThiefZero: Pronounced 'Detroit.'**  
**Mono: No, that's how you pronounce "Hell." Get it right!**  
**BittplexMutt: How original.**

Three months later.....

**Mono: No! Herobrine is dead! There is no story anymore!**

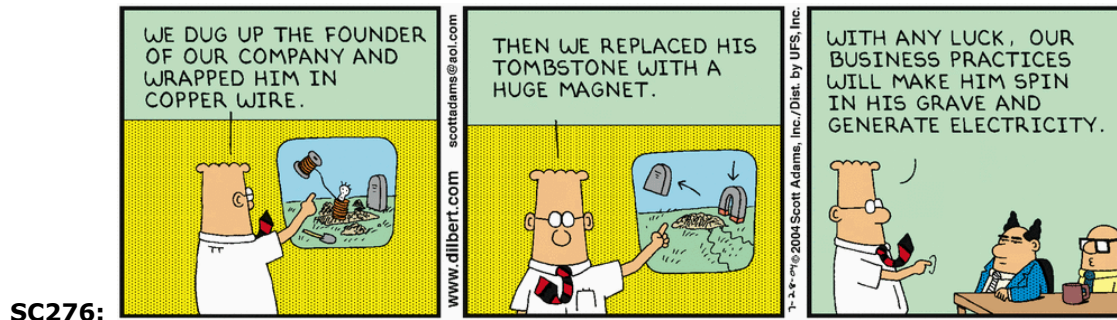

"We are here today to mourn over the Death of Rainbow Dash.

**SC276: That took ya three months?!**

She was an awesome pony." Said the guy (idk what they're called)

**Fallen Prime: Really capturing the tension and gravity of the moment there.**  
**Mono: STEVE! HIS NAME IS STEVE!**  
**Crazy56U: (muttering) don't remind me**

After three hours they all left. Then a helicopter landed outside of the grave yard. They went to Herobrine's grave and put an electrical cord on the grave stone.

They were wearing masks and where from Earth.

**SC276: The South Pacific, maybe?**  
**BittplexMutt: They were from a masquerade?**

It shocked the grave and Herobrine's hand came out of it.

**Fallen Prime: So Herobrine is basically super-Jason.**

"We are anonymous

**JofY: "And we now need a new name."**

We are a Legion  
We do not forgive  
We do not forget

**Crazy56U: WE ARE ALL. WE ARE HEAVY. WE ARE ONE.**

Expect US."Said one of the guys.

**BittplexMutt: And now Anonymous is here.**

**Mono: Because fuck it, let's include those guys as well!**

**Crazy56U: Great, now we're fucked. *Nice job!***

**Fallen Prime: NOBODY expects the Anonymous Inquisition!**

**Topher: FUCK YOU FUCK YOU FUCK YOU FUCK YOU FUCK YOU FUCK YOU**

**SC276: Calm down and take your happy pills.**

**Topher: \*sigh\* FINE. \*pulls out a gel cap the size of a baseball\***

TO BE CONTINUED.....

The End

**PanzerThiefZero: The two best words of the English language. FREEDOM! (Runs away... straight into another invisible wall) Oh come on, it's still not over?**

**Topher: It's not over until the runny remains of your soul start to leak out your ass.**

**BittplexMutt: Or is it?**

Author's Note:

**BittplexMutt: This story sucks.**

I based the story off of this: [youtube=jhCO0zq6AGI]

**Mono: "This video is unavailable."**

**BittplexMutt: Yay.**

**SC276: Just like I wish this fic was.**

**Crazy56U: And here I come with a better video.**

Also how did you guys like it. Comment in the comments below if you want a part 2.

**Fallen Prime: Well, whether they commented or not, there's damn sure MORE than a part two left.**

**Mono: *NO!***

-SkullKing

**Fallen Prime: Self-insertion. Of course. I feel like this is gonna be a trend.**

**BittplexMutt: An annoying trend.**

**SC276: Well hopefully we don't ever have to hear from him again-**

---

Herobrine's Return 2

**SC276: *oh god fucking dammit***

**BittplexMutt: Electric Boogaloo.**

**Topher: The *Men In Black II* of fan fiction.**

Herobrine arises from his grave.

**JofY: "Who put all this dirt here!?"**

He pulls out a diamond sword. He sees the helicopter fly away. Herobrine sends forces to destroy SkullKing.

**SC276: You just get right to it, don't you.**

**JofY: "You won't be able to survive the weak force! MUWAHAHAHAH!!!"**

Herobrine goes to the nether to his castle.

**Mono: Herobrine herobrine, herobrine. Herobrine? Herobrine!**

Meanwhile.....

**Fallen Prime: In a parallel universe where everyone's an idiot...**

**Topher: Nowhere near Atlanta, which was mentioned for some reason...**

**SC276: In some other reference to Some Jerk with a Camera...**

SkullKing and the ponies are at his castle."we did it." Said Twilight.

**BittplexMutt: No, SkullKing did most of the work.**

"But sadly we lost Rainbow."

**BittplexMutt: [Twilight] "A moment of silence for her... okay that's done."**

**Mono: [Twilight] "'... ..\*shrugs, goes back to celebrating\*"**

**PanzerThiefZero: [Twilight] "She pulled a Spike to save us all."**

**Topher: [Twilight] "Well, it's her fault. Who tries to bum rush an elder god?"**

They go to the balcony of the castle and they see an army of mutant creatures charging at the castle.

**SC276: [SkullKing] "I don't remember installing that one mod that *Versus* used."**

**BittplexMutt: Sacre bleu! Invaders!**

"Send in the Forces!!!" Said SkullKing.

Okie dokie Loki!" Said Pinkie Pie.

**Fallen Prime: Stop trying to mix this with Marvel.**

**SC276: Or Star Wars! Or anything Disney in general!**

**BittplexMutt: What forces?**

They get the forces ready and they attack the mutant creatures.

**BittplexMutt: Riveting.**

The mutant creatures were winning. They attacked Rarity and Killed her and They killed Fluttershy.

**BittplexMutt: So much tension. Emotion.**

**Mono: Drama.**

**SC276: ZZZZZZZZZZZZZZZZZZZZZZZZZZZ**

"Noooo FlutterShy and Rarity!!!" Said Twilight.

**BittplexMutt: [Twilight] "Oh no, they are dead. I am crying."**

**Fallen Prime: Wah.**

**Topher: Let me play you a sad song on the world's smallest violin. \*pulls out some tweezers\* I accidentally inhaled the bow, but I think it's still stuck in my nose.**

"We have to go and kill the mutant Creatures." Said AppleJack.

**SC276: "You have to kill the demons!"**

**BittplexMutt: "And zombies!"**

"We are comin to Kill Y'all!!!"

**BittplexMutt: "Okay, Thanks for the heads-up."**

"No let me handle this." Said SkullKing.

**BittplexMutt: No, I'll handle this!**

He jumps down to the ground where the fight is going on.

**BittplexMutt: Which cannot be seen.**

**Mono: Budget cuts are a bitch.**

He starts to attack them with his diamond bone sword.

**BittplexMutt: You fool! Bone attacks don't affect skeletons!**

**Topher: That's what he calls his di-\*BRICK'D\***

**PanzerThiefZero: From the Diamond Dogs? I'm not sorry.**

The Mutant Skeleton fires an arrow at him.

**BittplexMutt: Oliver no!**

**SC276: Oliver yes! ...I have no idea what you're referencing!**

SkullKing blocked the arrow right as he turned around to see the mutant skeleton.

**BittplexMutt: He was then mauled by the mutant skeleton.**

He slices the mutant Skeleton into pieces.

**BittplexMutt: Like Reese's?**

**SC276: Mutant skeleton mutant skeleton, mutant skeleton. Mutant skeleton? Mutant skeleton!**

Then the mutant zombie tried attacking him but was set on fire then sliced and it died.

**BittplexMutt: Ah, look at all that filler action.**

**Mono: No! I thought it lived through all that shit!**

Then the mutant creeper tried attacking him

**SC276: where are all these fucking mutants coming from what is this x-men**

**BittplexMutt: No, this is Minecraft.**

but he was killed by SkullKing's sword and as he exploded SkullKing ran.

**BittplexMutt: miserably but still he ran so far away.**

**Fallen Prime: Couldn't get away.**

**SC276: ~(CAN'T WAKE UP)~**

The explosion killed the mutant enderman as well.

**BittplexMutt: Oh, that's good to know.**

**Mono: For the three guys who cared.**

"I'll be Back!!!" Said SkullKing heading away from the castle.

**BittplexMutt: Stop jinxing yourself!**

**Mono: Oh hey, Arnold Schwarzenegger is in this!**

**PanzerThiefZero: Five seconds after saying this, he died of a heart attack.**

**THE END**

**Topher: This confused scientists, who unanimously agreed you need to physically have a heart to have a heart attack.**

He gets to the Nether portal and jumps in. He is greeted by zombie Pigmen. They start attacking him.

**BittplexMutt: I am greeted by a wall. I start slamming my head against it.**

**Topher: Well who's fault is that? Because the pigmen don't attack unless you attack them.**

He Kills them all.

**Fallen Prime: Well, RE-kills, but that's neither here nor there.**

**BittplexMutt: Of course.**

**PanzerThiefZero: But they're already dead. Can you kill who's already dead.**

**SC276: Judging from Topher's cocktails, no.**

He sees a ghastrider and rides the ghastrider to the castle.

**SC276: Wheeeee.**

Where he is greeted by Herobrine.

**BittplexMutt: [Herobrine] "Hey yo, what's up?"**

"You want to fight Herobrine?!"

**Mono: ...Who the fuck are you talking to?**

Then come and get me!!!" Said SkullKing.

**SC276: Get you? Why would I want you?**

They start running towards each other and their swords meet.

**BittplexMutt: [Sword] "Oh hey, Other Sword. What's up?  
[Other Sword] "Nothing dude, just trying to make ends meet."**

They then start blocking each other's moves. They then make a big explosion sending them away from each other. They start attacking each other more.

**BittplexMutt: Yawn.**

**Mono: \*is playing his 3DS\* Cool story, bro.**

**SC276: (is playing on his phone) Man, this picross app is weak.**

**PanzerThiefZero: (is playing *Monster Hunter* on the Switch) Damn, I died again.**

Then Herobrine's sword broke. Then SkullKing Killed herobrine.

**Fallen Prime: You know, it loses a lot of impact when you KEEP killing him.**

He went back home.

Later in the Nether.....

**SC276: ~Moving to the Nether / Moving to the Nether / I'm moving  
to-o-o-o-o-o-o-o-o the Nether...~**

**BittplexMutt: It's burning. As usual.**

The guys with the masks arrive again and one of them say.

**SC276: Something about a terrible fate.**

"You failed me I guess I have to do this my self."

**Mono:And then he sacrificed himself to the God of the Nether who destroyed the  
entire world. THE END!**

TO BE CONTINUED.....

Author's Note:

I based this chapter off of this:

[youtube=ZO65LNEux1k]

**Fallen Prime: I'm not looking any of those up, by the way. I don't have a lot of faith  
that they're still up, frankly.**

**Crazy56U: And in response, this is the video that summarizes my feelings on the whole matter.**

**Topher: Well, the good news is it's all over, and we can move on to a different story.**

---

Herobrine's Return 3

**Topher: SONUVA-**

**SC276: These are all just chapters of the same story titled like sequels, aren't they. That's what's going on here.**

**BittplexMutt: Yes.**

SkullKing found something out after killing Herobrine because he got the memory of Herobrine after he killed him.

**Mono: ...For some reason.**

**BittplexMutt: Magic.**

"I have to go to the Human world." Said SkullKing.

**BittplexMutt: But the Human world.. It's a mess.**

"Can we come?" Said Twilight.

**Mono: [SkullKing] "...Do you want another Equestria Girls to happen?"**

**SC276: [Twilight] "Beats whatever plot you've got in mind."**

"No I have to do this alone." Said SkullKing.

**Fallen Prime: "Stay alert in case I need more of you to die in vain later."**

So he traveled to the portal but he was ambushed by the guys in masks.

**BittplexMutt: Just say Anonymous.**

He destroyed them with his sword.

**Mono: ...Well, that's the end of that, I guess...**

**SC276: This is why the Shy Guys don't just strike out on their own.**

He then made it to the portal but was attacked by the King. It was a three headed dragon. He pulled out his sword and attacked the dragon. He finally got control of the dragon and flew through the portal.

**Fallen Prime: Seriously, imagine what sort of vivid detail we could get if any one of these sentences was expanded to a paragraph or two. The story would certainly still suck, there's no salvaging this narrative, but the TELLING of the story could be batshit in a more GENUINELY entertaining way.**

**SC276: Gotta get into that shuffle length *somehow!***

**Topher: I used to write like this... when I was 5.**

He made it to earth and saw Mobzilla and helicopters.

**Mono: Question: *WHAT THE FUCK IS GOING ON!***

**Topher: \*lips waggle\***

***MOBJIRA!***

"You Will Not Stand A Chance Against My Army! Stop While Your Ahead!" Said The Hacker.

**SC276: And now this is a *Cyberchase* crossover!**

**BittplexMutt: [SkullKing] "But your army consists of two droids!"**

**[The Hacker] "Silence! Prepare to be squashed!"**

**Fallen Prime: Does Mobzilla make entire sentences capitalize their first words?**

**PanzerThiefZero: Wow, Great Sentence Structure Guys.**

He flew towards them. And attacked Mobzilla.

**SC276: (Googles) ...I don't know what I was expecting.**

They attacked each other in a clash.

**BittplexMutt: And in a bash.**

The King breathed fire on Mobzilla. Mobzilla fired a fire ball at the King. It killed the King.

**SC276: [The Hacker] "Yes! Soon I shall have control of all of Cyberspace!"**

**Topher: Wait, which king? The Witch king?**

So SkullKing pulled out his sword and jumped very high in the air and took control of Mobzilla. He attacked the Helicopters. The helicopters crashed.

**BittplexMutt: Predictably.**

**Mono: And then he killed more people and he became king of... something.**

"Time to go to their base." Said SkullKing.

**SC276: *Half Life: Full Life Consequences* had a more fleshed-out plot than this.**

He rode the giant lizard to this base. He jumped on top of the base. And was ambushed by more masked people. They attacked him. He Killed them.

**Fallen Prime: So that was that.**

**PanzerThiefZero: Does that mean we can go home now?**

He then broke a hole in the ceiling and got inside the base. He was in a large dark room. He was captured by a machine.

**Mono: You know, *that* machine.**

**Topher: The machine that catches things, you know... what's it called... Pokeball!**

Then this guy walked towards him and said." We are Anonymous." Said the guy.

**SC276: Oh right, I forgot about this stupid plot.**

SkullKing broke free and attacked him. The Hacker attacked him back. They both used their weapons against each other. They then clashed swords.

**Fallen Prime: ...are swords NOT weapons?**

**PanzerThiefZero: They're *bladed* weapons. Get it right, Fallen.**

**BittplexMutt: At least they're not lightsabers.**

They both were knocked back. They then ran towards each other and then The hacker knocked SkullKing down. He stood on him.

**SC276: He likes to be tall.**

**BittplexMutt: His shoes slowly crushing him underneath.**

"You think you could win? I can create anything I want!

**SC276: I've read that *Cyberchase* fanfic. It didn't end well for him.**

**BittplexMutt: Then why haven't' you used your power yet?**

You can not stand a chance against me?

**SC276: ...Well, can he?**

Any last words?" Said the hacker.

"Yes, BOOM!!" Said SkullKing.

**BittplexMutt: [*The Hacker*] "Really? What a waste of last words."**

**SC276: ~'Cause I've done it before / and I can do it some more...~**

Then a big explosion happened and the place was collapsing.

"We...Are...anonymous.....We..are...a....legion.....We do no....t....forgive.....We do not for.....get.....Expec--" said Said the hacker before the place collapsed on him.

**SC276: Apparently the hacker was a robot. Which is... kinda canon.**

**Topher: Expect what? The spanish inquisition? Nobody expects that.**

SkullKing got away and went home.

**Fallen Prime: "Ha, I don't even have to feel remorse because I didn't know who they were!**

**Mono: He's as done with this shit as we are.**

THE END

**Topher: Well, at least whatever's next can't be nearly as stupid.**

---

Return of The Illuminati

**Topher: \*Breaks down sobbing\***

"Give her the Infinity Stones."

**Fallen Prime: (just seethes in a corner)**

**BittplexMutt: Guys, you can't stone someone when they're dead.**

**SC276: don't you know when to stop**

**Mono: OH MY GOD JUST STOP WRITING ALREADY!**

Said one guy who was in some sort of robe.

**Topher: "ONE GUY?" ONE GUY?! ASSHAT, THAT IS NOT HOW YOU WRITE A STORY, THIS IS HOW YOU TELL A QUICK ANECDOTE TO SOMEONE SITTING NEXT TO YOU WHO REALLY WISHES YOU'D SHUT UP.**

**BittplexMutt: It was a bathrobe.**

They set six glowing stones around Rainbow's dead body.

**BittplexMutt: And now the resurrection spell can begin.**

**SC276: What is this, *Fullmetal Alchemist*?**

Then the stones do something amazing.

**BittplexMutt: Ending this story?**

It brings her back to life except she had green and black colored mane and tail.

**BittplexMutt: So, a Creeper?**

Her skin was very dark grey.

**BittplexMutt: And roddy.**

Also her eyes were pure white.

**BittplexMutt: Because she's blind.**

And the stones disappeared. Her wings were huge and she had a unicorn horn.

**SC276: So, a combination of Queen Chrysalis and Nightmare Moon.**

**PanzerThiefZero:**  
**Mono: Oh teh edgyness.**

"IM BACK!!!! And I'm now Illumidash!" Said Rainbow Dash in a deep voice like two souls in one.

**Fallen Prime:**  
**CaptainPipsqueak: \*roasts marshmallows over Fallen while whistling jauntily\***

**Mono: ***BECAUSE WHY THE  
FUCK NOT?*****

**SC276: That pun was fucking terrible.**  
**PanzerThiefZero: OKAY, WHICH ONE OF YOU STOLE MY OCS?**

ILLUMIDASH

she's the reincarnation of rainbow dash after she was killed by herobrine

SO DANK AND EDEGGE

ORIGINAL CHARACTER  
DONT STEAL

**CaptainPipsqueak: My OC is better that your OC:**

**BittplexMutt: Why not both?**

**Topher: BEHOLD, YOU ARTISTICALLY STUNTED HALF-WITS! MY OC!**

She had a necklace. That of a triangle with an eye on it.

**Mono: Bill Cypher?**

**Topher: It's funny how dumb you are.**

"Let's Go." She said. "And say hi to my friend."

**SC276: Is your friend little?**

SkullKing wakes up.

**BittplexMutt: But feels dead inside.**

"Oh no. We have to be prepared for our battle." Said SkullKing.

**SC276: [SkullKing] "After the last dream that turned out to not be a dream, I take no chances!"**

He goes to Applejack , Twilight , and Pinkie. "Rainbow is back but evil!" Said SkullKing.

**SC276: [SkullKing] "Apparently, we're in 'Rainbow Factory' now!"**

"WHAT!?! NO WAY!!!" Said Twilight.

**BittplexMutt: Yes way.**

"Yay dashie is back!!" Said Pinkie.

**Fallen Prime: Glad she's taking the deaths of her friends so seriously.**

**Mono: It's Badfic!Pinkie.**

"But evil. I saw it in a vision." Said SkullKing.

**BittplexMutt: "It was totes real guys!"**

"Then let's get prepared right y'all?" Said AppleJack.

**BittplexMutt: Nope.**

**Topher: [AJ] "Boy howdy banjo on a prairie dog's tractor, I'm a hillbilly, y'all!"**

"YA!" Twilight, And pinkie said.

**BittplexMutt: The Y is silent.**

So they get ready and they see an army of people in hoods walking towards them with candles.

**SC276: They're still here... Great...**

"Let's go!" Said SkullKing.

**BittplexMutt: He likes the nightlife, baby.**

So they jump down and they start fighting the Illuminati. The illuminati are strong.

**Mono: As indicated by them getting curbstomped in the last story.**

**SC276: They must be suprisingly good with candles.**

"Hey guys!" Said Steve. He came out of no where.

**Fallen Prime: I'm not even gonna question it.**

**Mono: ghrwumgehegrthrgrjgbtrhgbvghbvthbgh *FUCK YOU!***

**SC276: [Steve] "Player character powers, away! (logs out)"**

**Crazy56U: Which is code for "he used gamemode to fly".**

**PanzerThiefZero: As opposed from coming from Nowhere, America.**

They were in the middle of fighting when Pinkie died by the illuminati firing a charge at her.

"Pinkie!" Said Twilight. "We have to keep fighting!" Said AppleJack. Then applejack died.

**Mono: Just suddenly. Out of nowhere.**

The illuminati killed her.

**SC276: Oh good thing you specified that. I had assumed Applejack died from her name being written in the Death Note.**

Steve go mad.(I mean fricking mad man he went crazy!)

**Crazy56U: You *want me* to hate you, don't you...**

he got mad because his friends were dieing. "People think they can out smart me, maybe, maybe. But I've yet to see someone out smart PINGAS!!"

**Crazy56U: (glowers)**

Said Steve. (What the heck Steve.)

**SC276: What the heck indeed.**

**Fallen Prime: This I will question, though. WUT**

**Mono: *FUCK***

***YOU!***

**Topher: \*Has stopped vibrating with rage, His anger is beyond that now. He is now eerily immobile, face locked into an empty grimace\***  
**Crazy56U: take your meme and fuck yourself with it**

then a tank out of no where fell from the sky

**Mono: ....I'm done. See you guys when this Minecraft bullshit is over.**  
**SC276: Come back with popcorn!**

and landed and Steve was in it he shot at the illuminati and exploded them.

**SC276: ...Did he just Landmaster? Where was the Smash Ball?**  
**Topher: I'm pretty sure you can't do that in minecraft. It'd be freaking SWEET, but you can't. Also, this has no connection with the Pingas meme. This is the pinnacle, and the main argument against, lolrandom humor.**

" You two Go! I'll hold them off." Said Steve.

**BittplexMutt: "Basically meaning, I'm gonna die.";**  
**SC276: He's the player character. He'll just respawn.**  
**PanzerThiefZero: Without his items. So yeah, they're screwed.**

They run by them and make it to this area where Illumidash was.

**SC276: [author] "Wherever the fuck that is."**

"So I see you have made it past them." Said Illumidash.

**BittplexMutt: Somehow.**

I have the powers of all the infinity stones you can't stop me!!!

**BittplexMutt: Yes they can.**  
**Topher: but do you have \*holds up a purple gem\* THE CONTINUITY GEM?!**

Muhahaha!!!" Twilight with her alicorn magic fired at her but nothing happened she didn't flinch. Illumdash fires back and kills Twilight.

**Fallen Prime: I hate.**

**SC276: Aaaaaaaand that's all of them. We've officially lost all reason to continue.**

**PanzerThiefZero: Did Mykan ghostwrite this?**

**Topher: No. Mykan is- \*retch\* He's beeHEEEHheeee... He's BEeeeeeeeyloooo...**

**He's beeeeebleeebleeeeh... \*inhales\* he's... better. Than this. Mykan is a better storyteller than this guy.**

Then SkullKing starts fighting Her. Then their weapons clash.

**SC276: [author] "Pony zombies can carry diamond swords, right?"**

They then create an explosion and sending them away from each other.

**SC276: This author has never seen anything involving battles besides *Dragon Ball Z*.**

**Topher: You give DBZ too little credit. This guy watched one episode of dbz.**

Then Illumdash explodes the ground and there is a cliff so they start falling with the cliff.

**BittplexMutt: Cliffs!**

They then clash swords together.(as there falling.)

**Fallen Prime: Thanks, I would've forgotten they were falling.**

Then SkullKing was hit down and then Illumdash pointed her sword right at him.

"So you fail. This is how it ends. For you at least." Said Illumdash. Then SkullKing punched her off.

**SC276: Then Dash flew back up-**

And stabbed her. She falls to her death.

Then he jumps to the side of the cliff and grabs on the best he could and climbed up. He went home.

**SC276: Somehow, given the distance he fell and the fact he survived that in a universe with *fall damage*.**

THE END

**Fallen Prime: I really wish it was.**

The New Secrets of Life Part 1

[Youtube Video](#)

[Listen to this while your reading it makes it cooler]

**BittplexMutt: No, you don't deserve to use X-Files for this!**

**Crazy56U: Besides, *this* is the music this fic needs.**

**Fallen Prime: I just listen to podcasts when I need background noise. Right now I'm listening to *The Adventure Zone*.**

**SC276: The Fallen King quadrilogy.**

**Fallen Prime: The word is "tetralogy." That *Alien* box set fucked it up.**

**PanzerThiefZero: My reading what?**

"Welcome." Said a guy wearing a white mask with only holes for the eyes and had a black robe and a hat on.

**BittplexMutt: Your *V is for Vendetta* costume is not fooling anyone.**

Condensing Online Man

~~\$144.99~~ **\$139.99**

**Topher: What's *V for Vendetta*? That's clearly**

"Sir we need your help." Said another guy that looked like he was from the illuminati.

**SC276: Y'know, if you could identify a member of the Illuminati by looking at them, they would be a *really* shitty conspiracy.**

**Topher: \*quickly covers a large, shiny eye of providence badge on his lapel\***

"Why? I gave you the six infinity stones to use on her dead body. Didn't it work?" Said the guy.

"But... Well... Umm Sorry Skullin.

**Fallen Prime: Oh, THAT won't get annoying.**

The plan failed. SkullKing defeated her." Said the illuminati guy.

The illuminati guy gulped.

**SC276: [Skullin] "Y'know, in retrospect, sending a *lich* after a guy that commands *skeletons* probably wasn't the best move."**

"Then I have to do this myself." Said Skullin.

**SC276: Does that mean this is the last chapter?**

Meanwhile...

**Fallen Prime: In a parallel universe where *fuck everything*...**

All the ponies are dead because of these stupid secret societies." Said SkullKing.

"Well I'm still alive." Said Vinyl.

**Fallen Prime: What have you DONE since the first chapter? Why are you still HERE?**

**SC276: [SkullKing] "(stabs Vinyl) As I said. All of them."**

"Yes you are so stay here you don't die either. Because i sense something really bad." Said SkullKing.

"Okay but if you need me blow this whistle and I'll be there." Said Vinyl.

**SC276: [SkullKing] "(tries it out; it explodes and blows his head off)"**

So SkullKing went for a walk. He was walking for a while when he heard a sound. He pulled out his sword and pointed right in the direction of the sound. It was Skullin. He fired a fire ball at SkullKing.

**Fallen Prime: Wasting no time to give the skim-readers a headache.**

**SC276: It's always fireballs. Just because that's the like *one* vaguely magical projectile in the whole on *Minecraft*, at least before the shulkers...**

**Topher: And ignoring potions.**

"So you think you can win?" Said Skullin. Then SkullKing attacked him and stabbed him in the chest. It didn't kill him.

**SC276: *Godmodders! The lot of you!***

"You won't win like that so easily." Said Skullin. He then attacked him and then SkullKing was defenseless.

**BittplexMutt: Yes. Kill him!**

"Prepare to die." Said Skullin.

**SC276: What is this, *Dark Souls*?**

**Crazy56U: What is this, a running gag?**

**Topher: What is this, an example of the rule of three?**

TO BE CONTINUED.....

**Fallen Prime: Uuuuuuuuugh.**

Author's Note:

Sorry this was short I'm trying to think of stuff for the next chapter.

**Fallen Prime: Next one's SHORTER though.**

**SC276: Hey, I am *fine* with these being shorter.**

**Topher: That's what she said!**

---

The New Secrets of Life Part 2

Then Skullin Punches SkullKing and They both fight in an epic battle.

**SC276: If you say so...**

SkullKing flash punches Skullin and knocks him to the ground. They both fight and then SkullKing punches Skullin again and again. Then Skullin says.

**Fallen Prime: WHO IS DOING WHAT.**

**SC276: Worst game of Rock'em Sock'em Robots ever.**

"Wait! I'm not the true... Villain of this all. You think I did this all?!\*coughs\* the true person behind this is Herobrine." Said Skullin.

**SC276: [SkullKing] "You mean the guy I killed like *three times*?"**

Then Skullin punches SkullKing to a tree. Then SkullKing blows the whistle.

**SC276: Pack yourselves in, guys. It's gonna be like ten minutes for him to finish this summon.**

Vinyl appears and starts punching Skullin. Skullin falls down. He then fires a beam at Vinyl. Vinyl gets knocked to the ground.

**SC276: And this... somehow does not kill her. Honestly, what kills ponies is really arbitrary.**

"You didn't think I came alone did you?" Said Vinyl.

**SC276: ...Yes.**

She smirks. Then an army of mobs came behind her.

**Topher: \*utterly unintimidated\* oh no, she brought chickens.**

They all attacked him. He destroys them all. He was about to die.

**SC276: Good.**

"Herobrine.... Didn't die the second time.

**Fallen Prime: He's had more than two "deaths," so we knew that already.**

He...is...still....aliv-" Said Skullin before he died.

"We have to stop Herobrine. For good." Said SkullKing they head back to their base.

**SC276: In a pineapple under the sea.**

THE END

Author's Note:

I am sorry this chapter is short.

**Fallen Prime: It was the only mercy you've shown this entire story, so I'll take it.**

This is the second to last chapter before the final chapter guys.

YAY!

**Fallen Prime: whyyyyyyyyyyyyyyyyyyyyyyyyyyyyyyyyyyyyyy**

**SC276: Why is he excited for his own story to end?**

---

Herobrine's Final Return

**SC276: god fucking dammit**

Time FOR THE FINAL BATTLE!!!!

Youtube Video

**SC276: Fuck you, I have my own music. Which I'm keeping to myself because I feel like it.**

**Crazy56U: Uh oh, the Author forgot to link it, don't worry, I'm here!**

SkullKing went to their base with Vinyl. Then they got some kind of speaker from a tank out front of their castle saying.

"I'm Back!!! It's Me Herobrine.

**SC276: He's just standing there, by himself.**

**Topher: because all the best villains announce themselves with douchey youtuber intros.**

I'm back More Powerful than ever. I want to make this our Final Battle.

**SC276: Good, we want this to be over.**

You Versus Me. Alone." Said Herobrine.

**Fallen Prime: Shit, Mobzilla's doing the thing again.**

**Topher: No items. Fox only. Final destination.**

SkullKing jumps down to the ground. He looks for Herobrine then the tank aims at him. It fires.

**BittplexMutt: Yes. That is what a tank does.**

SkullKing jumps away from it and jumps at the Tank.

He destroys it.

**SC276: That is a weak-ass tank.**

"Dang it!!!! Well I guess no tank then." Said Herobrine.  
"Yeah let's make this our final battle." Said SkullKing.

**SC276: [Herobrine] "Yes, that is what I said!"**

**Fallen Prime: "Until you're resurrected again. Again again. Again AGAIN again."**

**SC276: And again and again and again and again and again and again and again and again and  
a-**

They jump at each other and start swinging their sword. They hit each other back. Then they jump at each other again and they cause a big explosion. They Herobrine knocks SkullKing back into trees which he knocks down a couple of trees. Then Herobrine walks towards him.

**SC276: Then then, then. Then? Then!**

This is your final battle.  
Say no more.

**SC276: Wink wink, nudge nudge.**

Live no more." Said Herobrine lifting his sword and swinging it at him.  
But then Vinyl jumps in front of the sword and gets hit.

**Fallen Prime: wut**

**CaptainPipsqueak: No, Vinyl! Don't get scratched!!!**

**SC276: I'm starting to think the author doesn't like the show.**

"No don't do this to me!" Said SkullKing knocking Herobrine back with a laser.

**SC276: [SkullKing] "Vinyl is my waifu!"**

Herobrine Gets very big.

**SC276: \*Mario powerup\***

**Crazy56U: "-in bed."**

**Topher: "-in his pants."**

SkullKing runs to Vinyl.

**Crazy56U: "-in bed."**

"Please don't Die on me!" He starts to cry. " your the only one left!"

**SC276: Boy, if your mod only adds seven ponies, it fucking sucks.**

"Come....closer....." Said Vinyl. He gets closer. " I love.... You....." Said Vinyl and she Kisses SkullKing on the lips. She dies.

**Fallen Prime: I'd care more if she were in ANY more of the story than the - ah hell, no I wouldn't.**

**Crazy56U: And nothing of value is lost.**

Youtube Video

**Crazy56U: Swing and a miss, bucko.**

**BittplexMutt: [Herobrine] "Well, this is awkward."**

**SC276: (plugs ears and sings loudly) ~WE ARE THE DRAGONHEARTED, WE ARE THE DRAGONHEARTED...~**

**PanzerThiefZero: And now, a song for a fallen comrade.**

SkullKing gets really angry. And gets up and becomes super powerful. He fires a huge laser at Herobrine's legs. He knocks him down. Herobrine turns back to normal size. He is on the ground backing up. He backs up into a tree. SkullKing gets closer.

**SC276: And yet, somehow, this feels like *less* of a copout than "Sonic - EGRainbowRocks"'s finale.**

He finishes Him once and for all. He pulls out his sword and stabs Herobrine in the chest.

**SC276: Y'know, for good measure.**

"This is for Her and every pony YOU KILLED!!!!" Said SkullKing Stabbing Herobrine.

**SC276: Which I'm fairly sure is not really all seven of them.**

**Fallen Prime: You already said he stabbed him, thanks.**

"This is for the cost of war." Said SkullKing killing Herobrine once and for all.

**SC276: [SkullKing] "I'm footing you the bill!"**

He goes home. The doors to his castle close behind him as the guards get in front of the door.

**SC276: To make sure he never gets out.**

THE END

**Fallen Prime: ...fuck it, an anticlimax is still a climax.**

Author's Note:

I hope you guys enjoyed this story.

**Topher: No.**

**PanzerThiefZero:**

This is the final part. Where he kills Herobrine once and for all.  
Also I'm sorry if your offended by the illuminati stuff and stuff like that it is just a joke.

**SC276: I'm like 98% sure this entire thing was a trollfic.**

(Poor ponies WHYYYYYYYY??!?!?!?)

**Fallen Prime: Shut up.**

**CaptainPipsqueak: HE CANT.**

**SC276: Because forced drama!**

so this is the End and as Always....

SkullKing out.

-SkullKing

**Fallen Prime: What we never see is an epilogue with SkullKing sulking.**

**SC276: God-fucking-FINALLY.**

**Ringmaster: Next up... well, I thought it would be a bit cruel to subject you all to Mykan in this shuffle since we're already running MLU, especially with what the final fic will be. But since Mykan and AFTER's histories are intrinsically linked, I'd be remiss if I didn't at least run one of Mykan's favorites. Yes, the following story is an unfortunately-named Teen Titans angst fic from Mykan's FFNet favorites list. It's "He took it Hard" by Killough, and originally riffed by Schmekie.**

**Fallen Prime: Oh, cool, the next worst thing.**

**Mono: \*sighs\* This shuffle is just the gift that keeps on giving, isn't it?**

**Crazy56U: (pointedly flips Ring off)**

**SC276: That riffer's name sounds like a word from Rick & Morty. Or The Electric Company reboot.**

**ThatUnknownPony: So I skipped a clusterfuck of a Minecraft trollfic for this... Let's see why Mykan loves this.**

**PanzerThiefZero: Calling it now: Beast Boy becomes a complete and utter jerk to everyone because Terra dumped him, then becomes a world-destroying psychopath, only for Terra to stop him with the power of TWU LUV.**

Beast Boy ran.

**BittplexMutt: He ran so far away.**

**Fallen Prime: Couldn't get away.**

**Mono: He was born to run.**

**Crazy56U: He was running on empty, running down a dream, running in the 90s.**

**ThatUnknownPony: He ran like hell.**

**SC276: ~You better run for your life if you can, little girl...~**

He ran as fast as he could, trying not to focus on the facts.

**JofY: Just like any other fanfic writer.**

The facts that slapped him in the face, and broke his heart.

**SC276: Apparently they're slapping him from above.**

**PanzerThiefZero: And shot an arrow to his knee. (Shot)**

He could feel the sadness swelling in his throat, clouding into his mind, and pushing against the back of his eyes.

**Topher: Actually, that's encephalitis. You should probably go to a hospital.**

He kept running still.

**JofY: He was on a treadmill.**

He needed to forget.

**SC276: So do we, and yet I'm the one that keeps coming back for recaps.**

**ThatUnknownPony: Running off his desires?**

He just needed to try. It was over.

**SC276: ~It's over, isn't it?~**

He was needed elsewhere. He wasn't needed here, he wasn't wanted here...

**BittplexMutt: He wasn't wanted there.**

**Mono: He wasn't wanted anywhere.**

**SC276: But was he wanted in a house? Was he wanted with a mouse?**

**Topher: Nope!**

He could no longer combat against the tears flowing down his cheeks and sprinkling into the air as he ran.

**BittplexMutt: Eww, you got tears in my toast!**

**JofY: He's just watering the lawn.**

**Mono: ...Yeah, i can see why Mykan would like a fic like this.**

She turned him down. After all that waiting... After all the hoping...

**SC276: After all the shipfics he sent here completely oblivious to how fucking creepy that is...**

**BittplexMutt: Even though you thought she turned to stone.**

**Topher: \*Is eating dippin' dots\***

She was gone. And at the same time, he felt as if he had gone too...

**BittplexMutt: and was replaced with a flanderized version of him.**

**Fallen Prime: I can practically HEAR Mykan taking notes.**

**Topher: Whoashi- \*drops his dippin' dots\***

.....

**Topher: Noooo! I spilled my dippin' dots!**

**BittplexMutt: Pellets?**

**Mono: Nope, just an overgrown ellipsis.**

**SC276: Same difference. Someone schedule Pac-Man for cleanup later.**

After the white ship shafting creature

**N. Harmonik: How does a creature shaft a ship?**

**SC276: With effort.**

**Fallen Prime: Erotically.**

**SC276: Erotic effort.**

**Crazy56U: You need Jesus.**

**Topher: He came a while back. Said we were beyond help, and left.**

had been defeated and taken away to a high in security and technology holding prison,

**SC276: Where they're apparently also holding the *readable* sentences...**

the Titans returned home to their tower.

**BittplexMutt: Which was a T.**

**Mono: As opposed to a giant D.**

**PanzerThiefZero: We really need a Q shaped building.**

It had been strangely, quiet. The tem had been complaining for days

**SC276: hOI**

**ThatUnknownPony: tem allergics 2 bad fik.**

about how they needed Beast Boy's super sleuth nose to track this monster, and an extra hand in battle as well.

**SC276: Y'know, do his job.**

However even upon his return, the spiritless look in his expression stopped them from speaking It was, difficult to explain,

**SC276: What's so hard about noticing that the period that's supposed to be there snuck into that ellipsis section break earlier?**

like a subtle shock.

**BittplexMutt: As subtle as subtle can be.**

**Mono: As subtle as a train wreck.**

**ThatUnknownPony: If you spell "subtle" like this.**

It was not as if not speaking was unnatural or feeling sad was a crime,

**SC276: Unless you're in Unicornicopia, in which case GULAG!**

but Beast Boy was hardly seen with such features.

**BittplexMutt: Except the times where he was upset about things.**

**ThatUnknownPony: Except when convenient to angry shippers.**

Especially not this heavily.

**JofY: His face itself weighed 10 grams.**

**Topher: For those curious, the heaviest face in existence is godzilla's ugly mug, weighing in at twenty tons. The hardest part was getting him to part with it so we could weigh it.**

It wasn't until Beast Boy had gone to his room, door sliding silently behind him, that the team even felt as if they could speak. Cyborg was first,

**SC276: Oh great, *another* one of these authors. "Commas in relation to quotations are confusing." "There needs to be a line break between the speaker tag and the quotation itself." *Have they never read a book before.***

**ThatUnknownPony: Considering their obsession with this couple, I seriously doubt they even know what reading is.**

"What was that about?" he asked hiking his thumb down the hall in the direction of Beast Boy's room.

**BittplexMutt: Well gee Cyborg, can you remember the times when Beast Boy was this upset?**

**SC276: Actually, this is probably the sanest reaction to melodrama.**

They were all in the living room.

**BittplexMutt: Instead of the dead room.**

**Fallen Prime: They have a MORGUE!?**

**SC276: Where do you think they found Raven?**

Pondering the abnormal mannerisms of their friend. Raven stared at him from underneath her dark hood.

**BittplexMutt: [Raven] "Should I be concerned about this?"**

**ThatUnknownPony: [Raven] "...I can't believe you're being gloomier than me."**

"Wasn't it obvious?"

**JofY: [Raven] "Have you seen the script for our reboot?"**

None of us needed to even be psychic to know how he is feeling. Something must have gone wrong with Terra."

**SC276: I would like to hear the evidence that drew you to that conclusion. ...I've never actually seen the *Teen Titans* finale.**

**ThatUnknownPony: From what I remember, she was resurrected, but forgot everything about Beast Boy? Something like that, they both went their own ways in the end.**

**PanzerThiefZero: From what I heard, Terra did remember, but explicitly told him to grow a spine and move on with his life.**

**SC276: So, either way, this fic shouldn't happen. Got it.**

Starfire floated closely to Robin.

**BittplexMutt: [Starfire] "Perhaps she has turned into stone again?"**

"Perhaps, this Terra was not our Terra?"

**Mono: Dun dun duuuuuuuun!**

**Topher: Perhaps they accidentally resurrected the wrong Terra? Such as renowned voice actress Terra Strong?**

she asked the group. Robin's eyes held a touch of gloom as he spoke.

"Or Terra didn't want to come back..."

**SC276: She saw the reboot script too.**

**ThatUnknownPony: So that's why they brought that wannabe instead for one episode.**

The team was silent again. Needless to say, if that was the case it would most certainly be the cause of Beast Boy's withdrawal.

**Fallen Prime: Oh, good. I was HOPING this was just a sulk fic that took place after she died saving the tower, but this is about the FINALE. Retconning out his maturity and character development. EVEN FUCKING BETTER.**

**ThatUnknownPony: So this is a story where instead of learning they have different paths and moving on with their lives, Beast Boy whines about things not going back to how they used to be... YEP! This is Mykan's material right here!**

**Mono: ...I have never seen Teen Titans, so I don't know what the fuck you're on about.**

**SC276: Let me put it this way, Mono: You know how we talk about how all of Mykan's *Teen Titans* stuff is a reaction to one episode? This is another one of those. Honestly, with the Mykan endorsement, I'm surprised Fallen thought it could be anything else.**

"So don't you think one of us should talk to him about it? Set the little dude straight and let him know that we're here?"

**Mono: "...Nah."**

"Yeah, I think that's a good idea. It's really all we can do if he doesn't want to talk about it.

**SC276: [Robin] "After all, consoling someone in real life is *exactly* like consoling someone on the Internet."**

Just, be here until he wants too." Robin agreed. More silence. The tower never felt so awkward an unsure.

**Fallen Prime: Except maybe that one time Terra straight-up betrayed them.**

***Remember that?***

**PanzerThiefZero: Or in the comics, where she was a straight-up mole working for Slade?**

**SC276: Or... some other third instance? There had to be *some* moment in TTG.**

**Fallen Prime: TTG *is* the moment.**

**ThatUnknownPony: Well, there was "*Terra-ized*", and speaking of which, *I really want to know what Mykan thinks of that one.***

.....  
Beast Boy lay upon the mattress of his lower bunk.

**SC276: Dude, your room gets *two* beds?**

The sheets had been stripped, his room a usual mess, however, his curtains were drawn closed.

**SC276: Having to erase them afterwards would be such a nuisance.**

His body shook with tiny sobs. He was holding it in. For some reason, he didn't want to explode with the sadness.

**SC276: But did he want to be down with the sickness?**

**ThatUnknownPony: QOWH AH AH AH AH!**

For it would make it all to official that it was over. It was over for real.

**Fallen Prime: Which you had *come to terms with*, you flat-ass caricature.**

**Mono: Not in bad fanfic land he doesn't!**

**SC276: Well that explains why Batman's parents keep messing up movies. They were written by terrible fanfic writers!**

**ThatUnknownPony: But don't you see? Their mothers were both named Martha! THAT MEANS THEY'RE DESTINED TO BE FRIENDS!**

He clutched his pillow, letting the tears constantly flow down his face. Gritting his teeth with the wrenching, and twisted pain of heart break.

**SC276: Leaving sentence fragments in.**

He tore off his gloves and boots. He had to get them off, quickly.

**SC276: Now is a terrible time for lewds, Beast Boy.**

It was like they were burning him, everything burned it felt like.

**SC276: Have you SEEN the last two months of riffs or so?**

**ThatUnknownPony: He then realized he had caught up a flesh eating virus and his hands and feet were now bones!**

He returned to smothering his pillow,

**Fallen Prime: No, you idiot, you're supposed to smother yourself WITH the pillow!**

**Mono: A funeral was held for the poor pillow three days later.**

only letting the sounds of a few squeaks of hurt emerge from the back of his throat, or the sound of his heavy breathing. His heart kept hoping that she would fly to his window like she had done once before,

**SC276: Apparently.**

**Mono:**

or appear in the room with him suddenly, sitting on the edge of the bed ready to hold him, saying she was back, back forever and wanting him and only him always...

**Fallen Prime: I don't remember Terra being that sappy.**

**ThatUnknownPony: She is in the eyes of lonely shippers.**

**SC276: The sexism inherent in the system is such a terrible thing...**

It hurts... he could barely think to himself.

**SC276: I don't think you're capable of *thinking*.**

Terra it hurts so much... Please... Please Terra

**SC276: What is this, a creepypasta?**

**ThatUnknownPony: Suddenly, Beast Boy turned into Giygas.**

A knock could be heard on his door.

**BittplexMutt: [Beastboy] "How dare you interrupt my despair!"**

**SC276: [Beast Boy] "Now who could that be-?" Actually, I don't feel up to that gag.**

"Yo B? You okay in there? It's Cy." Beast Boy, somewhat surprised,

**SC276: Why are you surprised your friends *care* about you?**

tried to snuff his emotions quickly.

**BittplexMutt: But it was all in vain.**

**SC276: It was then he realized that emotions aren't candles.**

He answered back, voice almost cracking.

**Fallen Prime: Superglue will fix that.**

"Yeah... I'm okay."

Cyborg leaned himself against the side of the door, sighing a little bit. Guess he's not gonna open up today...

**SC276: You haven't even said anything yet!**

**ThatUnknownPony: This isn't how you support a depressed friend!**

He knew it right away when the door didn't open before Beast Boy spoke. And honestly, he couldn't blame him. At times like this, you couldn't help but want to be alone.

**SC276: Well it's not like you *knocked on the door and ask if it was OK to go in like LITERALLY EVERY PARENT IN FICTION DOES FIRST WHEN TRYING TO TALK TO THEIR DISTRESSED CHILD*. Like... seriously, *make an attempt*.**

**ThatUnknownPony: You're asking for effort in an "Angst" fic about the TT Finale, I thought we learned from Mykan it's all but futile.**

**PanzerThiefZero: [Cyborg] "Beast Boy, I'm respecting your privacy by knocking but asserting my authority as your best friend by coming in anyway!" (Smashes through the door with a battering ram)**

"Listen BB... I just wanted you to know... Whatever, um... sigh" This was really difficult.

**Mono: Yeah, I know. Talking to a flanderized caricature is tough.**

**ThatUnknownPony: Also, calling him BB isn't making you any favors, Cyborg.**

**SC276: *How do you know, robot boy?! You're not even TRYING!***

"... I'll be here man. I'm gonna be right here if you ever wanted to talk.

**SC276: Camping outside the door?**

If you just need someone to listen. It'll be me, okay?"

**Fallen Prime: I appreciate the sentiment that Cyborg would be the shoulder to lean on, but... this is after *five seasons*. If he wasn't already at that level of trust with the ENTIRE TEAM when the series started, he CERTAINLY was when it ended.**  
**PanzerThiefZero: [Beast Emo] "You don't understand. NOBODY UNDERSTANDS MY PAIN WAAAAH."**

Beast Boy's answer came slow.

**SC276: His engine stalled.**  
**ThatUnknownPony: His Ping was too high.**

"... Yeah... I, I know." Cyborg gave a sad smile to the door before turning away. There was such a crestfallen sound behind his voice. It was so soft, and feeble. But I suppose it would be, if your heart had been broken.

**SC276: I don't anyone that writes these reaction fics has ever *actually* had a girlfriend before.**  
**ThatUnknownPony: Or maybe they got reject by the very first girl they tried to approach and took offense from that.**

Cyborg left, hoping his friend would come around soon...

**SC276: Look, I know Robin's the one with perhaps the most experience when it comes to coping with loss, but *come on*.**

Unfortunately...  
He didn't...

**Fallen Prime: Cool. Maybe they found the real Beast Boy and started discussing how to get the emo clone out of his room.**  
**ThatUnknownPony: And maybe also get rid from the flanderized gremlin from TTG!**

.....  
It had been a week since the what had happened.

**SC276: Which is about how long this pity-fest feels.**

A week and none of the Titans have seen the green changeling

**Mono: Thorax?**  
**ThatUnknownPony: So they were smart and avoided watching "To Where and Back Again", *good*.**

come from his room. As they passed, they may press an ear to the door, or knock and ask how he's feeling, if he wants to train, or have breakfast.

**SC276: And NONE asking to go in and sit next to him?! How the fuck are these morons still living on their own?!**

**ThatUnknownPony: They all failed to realized he had already escaped the building through the window.**

Short answers were only in supply, limited to wither

**Fallen Prime: Fuck you we're done with Minecraft.**

**PanzerThiefZero: It never ends. (sobs)**

"Yeah," or "No."

**SC276: Even when asked "How's the weather in there?"**

**ThatUnknownPony: So he knew the universal rule for answering here.**

It was that night however, when things were to take a turn.... For the worst...

**SC276: Unlikely. This is already unbearable as it is.**

Beast Boy lay upon his bare mattress. Hardly moving from the spot all week. Only leaving to go to the bathroom really, or for a sip of water.

**SC276: Those would have to be a lot of sips in order to not be completely dehydrated.**

It was strange... but after all that time lying there, thinking of the girl who had broken his heart, he still found himself talking to her.

**Mono: Because delusions are fun!**

**ThatUnknownPony: Why move on to the future when thinking about the "What If" is better? *That statement is only true for Danganronpa, but still...***

"I wonder... what would've happened Terra," he whispered.

**Fallen Prime: Don't wonder. You lived what would've happened.**

His throat and lips dry due to the lack of use. Still, chapped or no, he continued to whisper to her. "I know it seems, kinda... pathetic

**SC276: "Seems?" "Kinda?"**

**ThatUnknownPony: Okay, acceptance is one step.**

but, I thought you were waiting for me. I mean, I was the one who was waiting for you that whole time but... I dunno. Maybe I thought you could dream while you were that statue. I thought you were waiting for me, in your dreams... And, I felt sorta happy. Thinking that you'd wait for me. Maybe you were waiting for me...

**SC276: Waiting for me waiting for me, waiting for me. Waiting for me? Waiting for me!**

**ThatUnknownPony: I'm pretty sure it was made clear she was pretty much on "brain-off" mode while petrified.**

aw, if only I had been the one to wake you up! Maybe if I was the one who woke you, you wouldn't... You wouldn't of, forgotten me...."

**Fallen Prime: I'd play the world's tiniest violin for you, but I accidentally crushed it between my fingers.**

**Mono; Here, have this instead.**

**ThatUnknownPony: I'm pretty sure that if you were there when she woke up, things would've been worse.**

**SC276: ...OK, this just got slightly personal. Good to know I'm far more qualified to write about this particular topic than you ever will be.**

The feeling came on right away again. He could only describe it like, like it was a burning feeling. He shot up off his bed a ripped off his clothes until he was only down to dark mauve boxers.

**SC276: Because just taking them off isn't extreme enough.**

**ThatUnknownPony: *Oh great, another exhibitionist... WE HAD ENOUGH WITH ZIM ALREADY!***

It was like the clothes attached him to the world. He could feel them, touching him, reminding him that he could feel.

**Fallen Prime: ...please tell me he doesn't start jackin' it.**

The clothes he had worn when she had pushed him away. He just wanted to be numb.

**Mono: So much more aware.**

**Fallen Prime: Dammit, I'm sad now.**

**ThatUnknownPony: Now that can get you legitimately sad.**

Push everything else away, everything...

**BittplexMutt: And more?**

**SC276: *~How could it be that you ruined my / everything, everything, everythi-ing~***

Yeah... Tha'd be, nice... The thought had occurred to him... it was true. When the pain had just felt so real like this, how? How could a person even survive?

**SC276: By being more flexible than authors think you're capable of being.**

**ThatUnknownPony: By learning that there's more to life than your first crush.**

The emotion alone, the pressure on his heart, he felt as if he was dead already.

**SC276: No, I'm pretty sure if you were dead, you wouldn't feel anything.**

**ThatUnknownPony: If anything, pain is what reminds us we're still alive.**

But alas, he was still here. Here. Still, burning.

**SC276: As stagnant as this plot.**

Still being strung through the hours of the days and nights, forcing to face this, this pain.

**Fallen Prime: The way most ADULTS do.**

**Mono: MOVE THE FUCK ON!**

Why? I have a choice! I don't have to hurt! I shouldn't have to. She's not hurting... She's probably happy. Sleeping right now... without me in her dreams... Without me, forever..

**SC276: If you're going to keep moping like this, it's probably a good thing.**

**ThatUnknownPony: Means she's not being emotionally manipulated.**

His body shifted from the bed and he stood up straight. He felt his blood flowing to his head, causing him to become dizzy for a few seconds.

**SC276: Even though he got up a bit ago to rip his clothes off.**

**BittplexMutt: He then passed out.**

It felt sort of, nice. When your dizzy, your not focused. Your mind can't focus, and neither can your body... Kind of like you were drowning in movement....

**SC276: So, your solution is to... mind-control yourself?**

**ThatUnknownPony: I dunno, self-hypnotism is said to work?**

Beast Boy slid against the wall, and lazily brushed away one curtain with his hand to see the world outside.

**Mono: The world was currently burning.**

It was dark. Water went on for what seemed like forever.

**SC276: Much like this shuffle.**

The melancholy smile returned to his face once more.

That's it... He knew. He just, knew. He opened his window, feeling the cold wind rush against his body... At least the air was bitter.. It fits anyway.

**Fallen Prime: It was a bitch to find a tailor who worked with air, but... SO worth it.**

**SC276: ...you're gonna fucking jump aren't you**

**ThatUnknownPony: If it makes this story shorter...**

He thought taking in the numb feeling of his body. He was about to fly into the night, but, he couldn't.... Not just yet. He stumbled to his closet. And pulled on a baggy white T-shirt with one ripped sleeve.

**Mono: I don't think that sentence really needed a period. Really.**

**SC276: I don't think the author's brain is even capable of half-stops.**

He also slipped on some faded white shorts to match.

**SC276: What sort of kid that gets depressed this easily has that much *white*?!**  
**ThatUnknownPony: The kind that seems more like mentally challenged than depressed.**

They came down past his knees. He glanced back at his alarm clock. It was 3:30 AM, exactly. Everyone would be asleep by now.

**Fallen Prime: I dunno, Raven seems like she'd be a night owl.**

He thought. ... Perfect. He turned his back to the window, letting the cool breeze catch the back of his neck before he left he left the room, taking a few things with him.

**SC276: ...So, if you're not going to relieve the neverending pain by killing yourself, then what exactly is the plan?**

Beast Boy made it a point to walk by each room in a certain order.

**SC276: Determined by likeability.**

First was Starfire. He had with him a simple sticker, of the infamous smiley logo of Blink 182.

**Mono: Leave them out of this!**

He re-called once Starfire laughing hysterically for hours at it.

**Mono:**

**Fucking hilarious.**

She was just so amusing, so kind, so understanding,

**SC276: did you even watch the show**

and even more, a great friend. He slowly peeled it off, and stuck it gently upon her door. He knew she'd love it.

**SC276: So you're preventing her from entering her own room for hours?**

"Thanks Star," he whispered. "You were always, you."

**BittplexMutt: "Were always, you always were you always.."**

He kissed her door gently.

**Fallen Prime: Dude, you're setting up to use a taken chick as your rebound. You are the KING of mixed signals.**

**ThatUnknownPony: Oh boy, Robin's not gonna be happy about this.**

**PanzerThiefZero: Then he realized he found a new love of his life, Starfire's door.**

Knowing this was uncharacteristic of himself,

**ThatUnknownPony: "-Out of Character, even..."**

**SC276: [author] "What I'm doing is stupid, I know it's stupid, but I'm going to do it anyway!"**

he blushed a little, and went on.

Robin's door came into view. The green teen only said two word upon the arrival at this door. And those words were,

**Mono: "Fuck you."**

**SC276: "Notice me."**

**ThatUnknownPony: "Kiss me."**

**PanzerThiefZero: "Sesquipedalian Loquaciousness."**

"Good job..."

**BittplexMutt: "yeah that's all I have to say."**

**SC276: If this is a good job, I'd hate to see your bad ones.**

He had made Beast Boy push himself. Trained him hard, and he had learned so much.

**SC276: Except for, oddly enough, emotional stoicism.**

**ThatUnknownPony: And maturity.**

Besides, he was the leader. They had a strange bond. I know I'm the weakest of the team... on the inside and outside... But you made me, a little stronger.

**Fallen Prime: Not acting like it.**

**SC276: Apparently, it was by one iota.**

He set his belt at the door's side, and moved on.

**SC276: So, he's doing the rest of this without pants?**

Beast Boy couldn't help but grin a little coming upon Raven's room. All of the fights they shared, and arguments,

**Crazy56U: [Beast Boy] "(borderline paranoid) Look, there's *no way* Rose Christo is *actually* the Author of 'My Immortal'! The timing of the 'reveal' is too suspect, she *clearly* could have faked that USB-"**

**[Raven] "What part of 'I do not fucking care' do you not get?"**

really had brought them closer. Beast Boy didn't really see this of course until now.

**SC276: Where it matters the absolute least.**

**ThatUnknownPony: So, in the midst of getting mauled, I'm just gonna ask: Why don't you get with her as a rebound?**

"Raven," he said "try and be happy..."

**Mono: Well, it's kinda hard, given her personality...**

**Crazy56U: And thus the unholy chorus begins.**

cause you deserve it... really you do. You're so great, and smart, and I hope that one day, you'll be so proud of, of you....

**SC276: [Robin] "Yeah sure, I get two words, she gets an entire soliloquy."**

Here." He set down a small little box. Wrapped poorly in green paper and a small crinkled purple bow. "I was gonna give you this for your birthday, but I just kept forgetting."

**BittplexMutt: How do you forget someone's birthday?**

**SC276: Multiple times?**

**Fallen Prime: Especially when you LIVE WITH THEM?**

**Mono: Very jerkishly.**

he placed it square in the middle of her doorway.

**SC276: Where she would be guaranteed to trip over it.**

He reversed his steps and waved, waved good bye.

**SC276: Waved waved, waved. Waved? Waved!**

Inside her room, Raven stirred. She was having another nightmare.

**Mono: She dreamt she was a ten year old boy getting tortured by an evil babysitter.**

**SC276: She dreamt she was a blonde kindergartner fighting a green monkey that talks like this story.**

**ThatUnknownPony: She dreamt she was a ten year old boy with an alien shapeshifting bracelet living in yet another goddamn reboot.**

**PanzerThiefZero: She dreamt she was killing Twilight out of pettiness from a higher force.**

Another bad dream to ruin her sleep. It was the only thing left plaguing her after the Trigon incident. She was informed by Cyborg that this was only temporary, but it was two months going strong.

**SC276: We get it, author, you hate canon.**

However this dream was not Trigon related.

**Fallen Prime: "Not the quesadillas... so cheesy..."**

In her mind it was black, dark, void. She was used to this scene while she meditated, but this darkness was not calm... This was, advanced darkness...

**Mono: *FUCK YOU AND YOUR MEMES, AUTHOR!***

**ThatUnknownPony: *BECAUSE NOTHING SCREAMS ANGST LIKE A SPONGEBOB REFERENCE!***

Suddenly Beast Boy appeared in her view. Raven look strangely at him. He wore the most peculiar smile.

**Mono:**

It was much to understanding, or, or maybe it was hiding something else.

**SC276: So, it's weird that you're seeing Beast Boy being *capable of depth*?**

His eyes looked so sad. He started to walk backwards and wave good bye, fading, fading.

**SC276: He's ollying backwards into the sun.**

**ThatUnknownPony: He must go. His planet needs him.**

Raven's eyes grew wide with fear. He was disappearing faster now, into the dark. She flew after him, but he was just so far..

**SC276: Gee, it's almost like you should've put more effort in *before now*.**

"Beast Boy!! You can't!! YOU CAN'T!!" She cried... But it was too late, he was already gone.

**Fallen Prime: That's so Raven. (shot)**

.....  
Finally, he came to Cyborg's room... He felt the sadness swelling into his throat once more.

**SC276: Sadly, it probably won't keep him from talking.**

He shut his eyes as he spoke to stop himself from breaking even further.

**SC276: Too late.**

**ThatUnknownPony: Dude, you're pretty much a 1000 piece puzzle scattered on the floor at this point.**

"Cy... You know, I never thought that I'd ever have someone like you. Someone, like a brother, ya know? I mean, once I was green and looked like this I thought my life was over... Even more so when the Doom Patrol booted me off the team. But, dude, you were like me. And you always made me happy. Bet you didn't know but you were one of the reasons why I was so happy all the time. Out of everything I coulda gave you, I thought this would be the best thing."

**BittplexMutt: " But it gets worse."**

**SC276: [Robin] "Seriously? I only get two words, and Cyborg gets something resembling a *paragraph*?"**

He set down a small black plastic piece.

**BittplexMutt: What is that? The newest iPhone?**

"It's the memory card to the Gamestation.

**BittplexMutt: Because they allow you to bring memory cards to the Gamestation.**

**ThatUnknownPony: [Cyborg] "Seriously? The Gamestation memory card and not the Game Sphere's?"**

I hid it when you started to brag about you beating my high score.

**BittplexMutt: [Cyborg] "Dude, I already have like five of them already."**

**SC276: Dude, that's a fucking jerk thing to do! Who hides a fucking memory card?! People *use* that!**

**ThatUnknownPony: How are you two even friends after such a thing?!**

It was really stupid a me.

**BittplexMutt: Mario?**

**Mono: Nope. Luigi.**

**SC276: No shit, asshole.**

Sorry. But now it's all yours.

**SC276: *Who keeps individual memory cards for each person? Who has that kind of money?***

Cyborg?" He opened his eyes at this point.

**BittplexMutt: Then suddenly, there was no Cyborg.**

**Fallen Prime: The real Cyborg was inside him all along.**

**ThatUnknownPony: The real Cyborg was the friends he made along.**

A small tear escaped from the corner of his eye.

**BittplexMutt: Finally escaping from the shipwreck.**  
**SC276: YOU FOUND IT!**

"I love ya bro." At that he turned and ran.

**BittplexMutt: [Cyborg] "Wait, come back! I love you too, bro!"**  
**ThatUnknownPony: He ran so far way.**

He ran back to his room, changed into a hawk, and flew off over the water.

**BittplexMutt: Because there's a lake in his room.**  
**SC276: HEY YOU CAN'T FALL TO YOUR DEATH IF YOU TURN INTO A BIRD THAT'S CHEATING**

Cyborg sat up straight on his metal slab of a bed.

**BittplexMutt: BittplexMutt: [Cyborg] "Whoa.. I gotta stop eating sweets before going to bed."**

He couldn't sleep.

**SC276: Except for literally five seconds ago.**  
**BittplexMutt: Ever since Beast Boy confessed his love to him, Cyborg felt confused.**  
**Fallen Prime: Thank god I'm not the one who's seeing the subtext between them in this fic.**  
**ThatUnknownPony: Never expected to say this, but it would be an improvement if this ended up with Cyborg and Beast Boy hooking up.**

It was Beast Boy who was on his mind. He hadn't left his room in so long.

**PanzerThiefZero: Why is this in Mykan's favorites again? I mean, at this point, I was expecting him to bitch at everybody because they told him to move on, and make them feel guilty over what they had supposedly done to him.**  
**SC276: I haven't actually read any of Mykan's TT fics because I'm not stupid, but... eh yeah, that does sound like something he'd write.**  
**ThatUnknownPony: Well, maybe it's just because it has Beast Boy whining about his ex.**  
**PanzerThiefZero: You're one of the lucky ones... (shudders)**

It's not right. he thought, It's not healthy.

**BittplexMutt: [Cyborg] "If we don't do something about this, it'll turn into a Mykan fic!"**

Being cooped up alone with your own thoughts like that for so long....

**BittplexMutt: and brooding about your revenge..**

He jumped off the table. That's it. I gotta talk to him. He decided.

**ThatUnknownPony: [Cyborg] "I'm gonna confess my love to him!"**  
**BittplexMutt: You're not going to get your friends to help?**  
**SC276: It took ya *this* long?**

As Cyborg opened the door, he saw something out of the corner of his eye.

**BittplexMutt: [Cyborg] "Whoa, is that the new iPhone?"**

"Huh? Is that... The memory card!"

**BittplexMutt: "Why is that important?"**  
**ThatUnknownPony: [Cyborg] "DUDE! This beats declaring my love for Beast Boy!"**  
**Mono: WE WENT OVER THIS ALREADY!**

Now I know that wasn't there when I went to bed. He thought.

**SC276: Arguable.**

He glanced down the hall. Maybe, BB's out of his room?

**BittplexMutt: Well we saw him go there, so yeah.**

He asked himself. No... This doesn't feel right.

**BittplexMutt: "Something's not right here.."**  
**SC276: [Cyborg] "(holds a finger up) Something is not right."**

He strode down the hallway. He saw something else as well. A green present outside of Raven's door.

**SC276: [Cyborg] "Who left a thing there in the middle of her door that she could just trip over?"**  
**BittplexMutt: [Cyborg] "Does Beast Boy not know that Raven doesn't like bright colors?"**  
**Fallen Prime: "Oh, are all these for me to find? How thoughtful!"**

Horribly wrapped.

**BittplexMutt: It failed miserably.**

Cyborg took note of this and walked a bit faster.

**BittplexMutt: Walking fast, faces past and he's homebound.**  
**SC276: If I fall into the sky, do you think I could skip this fic?**

He passed Robin's room next, and he saw Beast Boy's belt lying beside it. Cyborg's heart dropped in fear. No way...

**ThatUnknownPony: "Beast Boy is going naked around the building? THIS IS TOTALLY MY LUCKY DAY!"**

Cyborg broke into a jog. He passed Starfire's room with the sticker placed upon it, which made him run straight to Beast Boy's room.

**SC276: To get away from that stupid sticker.**

The door opened.

**BittplexMutt: And then closed.**

"Beast Boy!" he called as he ran in.

**BittplexMutt: "Were you having an affair with Robin?"**

**Fallen Prime: [Beast Boy] "Hey, it's not cheating if you join~"**

No answer. He wasn't in bed. He felt a cool breeze on the human side of his face.

**SC276: The robot side was overheating.**

He turned towards the culprit...

**Mono: A fan.**

**SC276: I KNEW IT!!**

An open window. Cyborg wasn't stupid. He knew what this was. He had been in high school once. And he knew the signs.

**SC276: And yet you did *nothing* for a whole WEEK?!**

**ThatUnknownPony: Ok, now I know where this is going, and I don't like it a single bit.**

But what he couldn't do, was believe it. "SHIT!" he swore running out of the room. He had to get to the T-car

**Fallen Prime: Is that canon? Are they even old enough to drive? Don't three of them NOT NEED TO?**

**ThatUnknownPony: I remember that yes, Cyborg was old enough to drive at least.**

and find Beast Boy. He had to find him, before it was too late...

**SC276: Dude, if he *truly* wanted to die, he would've just thrown himself out his window. Chill.**

**ThatUnknownPony: Hey, knowing this edgy writers, he's probably gonna attempt something more contrived.**

.....

The night was so cool, an the stars were so bright. No cloud was visible for miles.

**SC276: They had fled for better skies.**

The few beach houses that lined the city outskirts were all dark inside, as if they were hallowed out jack-o-lantern's with the candle gone out.

**SC276: ...Since when were jack-o-lanterns *not* hollowed out?**

The whole city seemed to be lost, dreaming.

**SC276: Of a better story than this.**

However, a dim candle was lit on a porch facing the water.

**Mono: GHOST!**

It was a blonde haired girl, in blue eyes, wearing a long white trendy night gown with designs resembling sharpie doodles all over it.

**Fallen Prime: Fucking hell...**

**SC276: oh no**

**ThatUnknownPony: *And here we go, why Mykan loves this story.***

She walked to the end of the porch and tiptoed along the dock to it's edge.

**SC276: She didn't want her mother to hear her.**

She stared out at the water. It was a little rough that night but the sky was beautiful. It had been a week. A week since she had done it... Since she had pushed him away. Why?

**Fallen Prime: Because what you two had was unstable and unhealthy? And you might not even be the real Terra?**

**ThatUnknownPony: Because you two realized it was better for each other to go their own separate paths and that you deserved a more peaceful life?**

**SC276: The mere fact that the two of you are still obsessed over it is proof of that.**

If she knew it was the right thing to do, if it would prevent anymore horrible things from happening, than why was she still hurting?

**SC276: It's called "sacrifice," a concept you should be *intimately* familiar with.**

**ThatUnknownPony: Also, "author desperately trying to hook you up".**

Her friends had called her so many times, she had not returned any of them. In school, she would be so quiet.

**SC276: Oh never mind, apparently normal high school lives aren't something these characters have had to give up.**

It just felt like she was a ghost.

**SC276: Boo.**

**ThatUnknownPony: AAAH! Don't scare me like that!**

A ghost drifting through the world.

**SC276: (hits "Play")**

**Tape Recorder:** Boo.

She saw the world around her, not through her own eyes. Not literally of course, but such is the feeling, of heart break.

**Fallen Prime: Okay, enough with the commas, please.**

**SC276: Apparently the author's thought process was "commas = deepness."**

She could remember the pleading look upon his face as he coaxed, begged, and pleaded for her to come with him. And how she walked away. Even now she felt the need to cry.

**Fallen Prime: I saw this scene in the show, and... I don't remember it playing out like this at all.**

**ThatUnknownPony: Probably because it didn't scream "I WANT MY OTP TO BE CANON!"**

**SC276: I feel the need to cry over that excess 'k.'**

Beast Boy. Terra thought. Beast Boy... I miss you.... I'm sorry I hurt you. But don't worry, because, that's the last time I'll ever hurt you. Ever.

**SC276: This author couldn't telegraph harder even if he was writing this in Morse code.**

More tears spilled from her eyes.

**SC276: *what is this, fucking cutie bloom***

**ThatUnknownPony: *i feel it will become fucking cutie bloom in a bit***

"I'm so sorry..." She whispered through quiet weeping. She held her herself as she shook some. Such pain... She wondered, if he felt it too... Just then, she saw a dark mark appear above.

**Mono: Wait, there are Death eaters in this fic now?**

It was a bird... And it was alone... Just as she was. However, this bird was green.

**Fallen Prime: Oh, you *fucking creeper*.**

**ThatUnknownPony: Any more clues on why Mykan liked this one?**

**SC276: That's when she regretted buying brownies from that yellow pegasus the other day.**

Terra's blue eyes widened in realization and fled after it.

**SC276: The color of her eyes is obviously an important detail!**

There was a quiet sound from nowhere upon the beach. It was a loud type of silence, that makes it seem as if the whole world, or even like time has stopped.

**SC276: OK, who knocked Father Time off his wheel?**

Beast Boy settled on this beach, and changed back to his normal form.

**BittplexMutt: Instead of his final form.**

**Fallen Prime: I would love to see Beast Boy turn into a goddamn kaiju.**

He was still wearing his baggy white apparel and he stood there on the beach. His feet took in the feeling of the sand.

**Mono: Watch him starting to bitch about it.**

**ThatUnknownPony: He's already a whiny bitch, all he needs now is to murder kids.**

**SC276: I consider it a good thing I'll never understand this kid.**

The burning feeling had stopped. But he knew it was only temporary.

**SC276: So he buried himself in the sand, head-first.**

He had to finish what he came here to do. He looked down at his gloveless hands. The black claws extended and retracted as he moved them.

**Fallen Prime: That doesn't sound like his normal form.**

**SC276: He's gonna cut a bitch.**

Terra's running came to a halt seeing Beast Boy change back. She stood there, quite an amount of distance between them. Had he not noticed her?

**SC276:**

Oh, she wanted nothing more in the whole world than to run to him, run to him and hold him and cry.

**BittplexMutt: But the plot forbade her to do so.**

**Fallen Prime: DAMN YOU, PLOT!**

Just cry forever and tell him that she wanted nothing more than to be with him forever.

**BittplexMutt: The author telling her so.**

**ThatUnknownPony: Neither of them having learn a thing.**

But she hid behind a nearby wooden pillar.

**BittplexMutt: without making a sound.**

**SC276: In the middle of a beach?**

She watched him from there. What was he doing out here so late? And, why was he wearing that?

**BittplexMutt: Is she that dense?**

**ThatUnknownPony: Maybe he's planning to do what you were about to do?!**

**Mono: You can do whatever the fuck you want as a badfic writer**

**SC276: Because he obviously has no sense of fashion. He looks terrible in white.**

Okay... He made it this far.

**SC276: Regardless of how all the perspective switches were getting in his way.**

So how was he going to do it? He knew the water, that much was clear.

**BittplexMutt: And water is water.**

What if I chicken out at the last second and turn myself into a fish?

**Mono: Wait, where did the quotation marks go? Did Beast Boy just become the narrator?**

**SC276: So... wait, he *is* trying to commit suicide, only by walking into the ocean? Instead of *jumping from a high window when everyone that could save him was asleep*? Fucking drama queen.**

he growled under his breath, That is just too like me. Damn, I can do this. I just have to think and stay determined to it. Like I have to.

**BittplexMutt: You don't have to.**

I do have to, I DO! It's... It's what she would want... Yeah... And I'd do it for Terra... Anything for Terra.

**Fallen Prime: ...is he gonna actually drown himself? Does he think Terra WANTS that?**

**ThatUnknownPony: THIS ISN'T ROMEO AND JULIET FOR YOU TWO TO COMMIT SUICIDE! HELL, THEIR SUICIDE WASN'T AS MUCH ROMANTIC AS IT WAS TRAGIC!**

**Crazy56U: Everyone fucking makes this goddamn mistake... (rubs temples)**

Beast Boy walked slowly into the water. It was so cold. He shivered, but his face really didn't change.

**SC276: That's because your only emotion settings in this story are "sad" and "more sad."**

The sad expression remained, but there was relief in his eyes. It was going to be over, soon enough.

**SC276: Not with how this story keeps dragging.**

He knelt down and loaded sand and pebbles into all of the pockets of his shorts. He didn't want to have to try and do this a second time.

**SC276:** Because a bunch of tiny things with no weight at all are *totally* going to keep you from floating.

**Fallen Prime:** Yeah... I'm not sure how comfortable I am joking about this. I had to actually thwart a suicide attempt this year. I'm just gonna skip ahead to when this bit's over. If other people find a way to veer the topic away, I may pop in, but... this is too personal to me.

**ThatUnknownPony:** I'll just have to say: Fuck anyone who uses suicide attempts as cheap tools for drama. It's tactless and pretty much an insult to actual suicidal people. I know we often joke about characters offing themselves... but there's a difference between not being serious and actually going into details about the suicide.

Terra, who continued to spy on him, was confused.

**SC276:** Then she hurt herself in her confusion.

Is he planning on going for a morning swim or something? Why hasn't he turned into an animal yet if that was the case? And what were all those stones for?

**Mono:** Well, Terra... ever heard of Jeff Buckley? By the way: yes, I know he didn't commit suicide.

**ThatUnknownPony:** YOU. WERE. ABOUT. TO MAKE. THE SAME. THING. YOU TWAT!!!

**SC276:** All these questions will be answered... next time on *Dragon Ball Z!*

Terra slid down until she felt her knees touch the sand. He, he can't be doing anything stupid...

**Mono:** Guess the fuck again.

**SC276:** He's in this story. Anything he does is stupid by definition.

**PanzerThiefZero:** I'd make a joke about escaping the fic here like I usually do, but considering a topic as sensitive as suicide... even I wouldn't go that far.

He wouldn't he's not like that

**SC276:** Not in *canon*, no, but we're ignoring that now.

he's... walking out into the water...

Beast Boy pressed on. He took another step and his foot came in contact with something wiry and rough.

**BittplexMutt:** A.. seashell?

**SC276:** A Wireframe. It punched him in the face.

He lifted it out of the water. It was a piece of worn rope. It looked as if it had been used for a fisherman's net once. Perfect he thought taking it with him.

**Mono:** ...What are you gonna do? Hang yourself underwater?

He continued to walk out into the water. He was waist deep now.

**SC276:** How threatening. You're in shallower water than my grandpa's pool gets.

.....  
The T-Car's tires screeched across the road in the middle of the night. Cyborg grit his teeth, scanning, searching, trying to locate where his green friend would be.

"How can I find him when he doesn't even have his communicator with him?" He spoke angrily to himself.

**BittplexMutt: You're a cyborg aren't you? Do something!**

**ThatUnknownPony: He can't! The author doesn't allow him to be useful.**

**PanzerThiefZero: I forget. Was Cyborg waterproof in the original show?**

A light went off in his head

**SC276: Literally.**

as the idea hit him. He switched on another scanner in his car. A DNA scanner.

**SC276: OK, another asshole stealing *Game Over* tech.**

He reached in the back searching for something, while still trying to keep his eyes on the road.

**SC276: Don't try this at home, kids.**

Finally he found one. A green piece of hair. Beast Boy was always shedding as a dog.

**Mono: Always, 24/7.**

**SC276: Even when he takes on the form of a pterosaur, he drops fur.**

This is how Cyborg found out how Beast Boy was lying on certain furniture, but he had never been so happy to find dog hair in his car. He placed the piece of hair inside a small compartment next to the CD player.

**SC276: Which was actually the glove compartment.**

"Computer, locate data." A small screen below blipped with a tiny dot of green light. It was moving.

**BittplexMutt: Like a radar.**

**N. Harmonik: As someone on Project AFTER pointed out, how is this thing homing in on Beast Boy and not every place his hair and skin cells are?**

**Mono: Because plot.**

**PanzerThiefZero: Magic. (snort snort)**

**SC276: Of course it's moving, you're in the middle of *driving*.**

Cyborg sighed slightly, relieved that he was not yet too late. Then he took a look at the location. The docks. He switched his car into high gear and shot through the streets in a blaze.

**SC276: I thought you were on the docks, not the street.**

"Boy, you better not do anything stupid or so help me god, I'll kill you myself!"

**ThatUnknownPony: I'm looking forward to the inevitable bloody murder.**

.....

**SC276: Am I going crazy, or is that thing getting longer?**

Beast Boy kept staring out into the sea, rope in hand. He tied it to his waist, and walked out to the end of the closest nearby pier.

**SC276: Who, for some reason, wasn't trying to talk him out of this.**

It had to be 10 yards away, and the water was rising passed his waist just now.

**Mono: Bow, that's some undeeep water...**

**SC276: Just wait till the tide goes out.**

Terra's eyes followed him. Where'd that rope come from? He's... he's not going to...

**SC276: If you're so worried about him, go out there!**

He had reached it, and was treading water to stay afloat. It was difficult due to the heavy stones in his pockets. At least they were working.

**SC276: Somehow, given I don't know why "pebbles" that heavy and/or numerous would get within waist-deep distance of the coastline.**

He took one last look above the water, and looked to the tower so very far away. He felt the tears once more, but he only smiled.

It's the least I could, to stay out of everyone's way from now on...

**SC276: And how was not leaving your room *not* being out of the way?**

**Mono: ...MOVE. THE FUCK. ON!**

**ThatUnknownPony: IT. IS. FUTILE! THE AUTHOR WON'T LISTEN!**

He plunged down into the water. His heart was beating so fast, he felt so nervous, and yet so thrilled at the same time. This was it, this was finally it.

**SC276: About goddamn time, I could've rified the *Minecraft* story again in the time it took to get here.**

He swam to the start of the pillar where it had been wedged inside the ground. Beast Boy hit the bottom with it, took the rope tied around his waist, and tied the other half of it to the pillar. He knotted it, good and tight.

**Mono: And then the rope snapped.**

He stood back, looking at his work in the dark murky waters. The water was blurring his vision, but he knew he had done it... That's when he realized all he had to do now.... Was wait....

**SC276: (pulls slip of paper out of a hat) "What Ringmaster is thinking right now."**

It hit him sort of hard. Waiting... It made him realize something else to, as his heart beat faster still, that he was going to run out of air..

**SC276: It didn't occur to you that *drowning involves running out of air*? Forget suicide, how haven't you stupid yourself to death yet?!**

Terra came into view from outside of her hiding place behind the wooden pillar..

**SC276: Pole. Pole. I'm pretty sure when it comes to docks, they're called *poles*. PanzerThiefZero: Piles, pillars, poles, post; tomaetoe, tomahtoe.**

.... Where did he go.... She saw bubbles rising from the spot where he sunk down into the water..

**BittplexMutt: Yeah, he sunk like a stone.**

Why isn't he coming back up?...

**BittplexMutt: You're.. Can't be serious. Do you really not know what he's doing?**

**Mono: Suicide is a myth. Confirmed.**

**ThatUnknownPony: ...A sincere apology to anyone who has gone through suicidal thoughts, you didn't deserve the insult this story is.**

**SC276: Figures the two idiots fell for each other. She probably actually forgot *everyone's* identities before this.**

Why is he not.... Terra's heart panicked as she edged towards the water.

**BittplexMutt: And then she used her powers to bring him back to the surface.**

"No... No he's....." She started to run towards it.

**BittplexMutt: [Terra] "He can't be killing himself because of me, right?"**

**ThatUnknownPony: [Terra] "If he dies, I'm going out with him!"**

**SC276: She ended up skipping on the water and landed on the next continent over.**

This was it, really.

**BittplexMutt: Insert This is It reference here.**

**ThatUnknownPony: No. Michael Jackson doesn't deserve getting involved.**

**SC276: *Anti-gravity lean!* (falls over)**

He could feel himself drifting in midwater, not being able to float up all the way because of the stones, and because of the rope's limitations.

**BittplexMutt: Like driftwood.**

**SC276: If you're floating loosely in any way, you did not tie that rope up as tight as you claimed to.**

He could feel his lungs burning now. This pain, was the last burning he would feel.

**SC276: Which is impressive, given it's the *ocean at night*.**

He shut his eyes tight, and opened his mouth to engulf as much water as he could. His eyes instantly grew wide at the pain. It was as if the water was endlessly flooding into the back of his esophagus. He withered in the water, clawing at his own throat, feeling the water flowing more and more.

**BittplexMutt: Now I never want to touch water ever again.**

**SC276: Ah, Beast Boy is one of those game characters that dies the moment they touch water!**

His heart panicked, he scrambled, and started to choke under the water. It was then when all of a sudden, he felt the dizziness...

**SC276: Ooh, he's getting down with the sickness, at last!**

A sluggish thought drifted through his mind. Why he was doing this.

**SC276: Honestly, I think it's because of brain damage.**

He felt his whole body go limp. He felt so, relaxed, even though the pain in his lungs was unbelievable.

**SC276: I'm *pretty sure* people going limp when they're drowning is because they're out of energy.**

His body drifted lower to the ground as his lungs took on more water. His eyes glazed over as he could barely feel the waters around him cradle his body. At last, he felt the last bit of air escaped his lips in a giant bubble.

**SC276: "Bit means a small amount" is a myth. Confirmed.**

He made the heaviest effort to try and use it to speak the thought on his now drowning mind...

**BittplexMutt: Let me guess, is it Terra?**

**ThatUnknownPony: Obviously it is...**

**SC276: It's actually the *Sonic* drowning music.**

"Ter....ra....." The bubble drifted away from the quiet body,. Leaving it alone on the sea bed below..... to sleep forever...

**Crazy56U: And then came the shark.**

**PanzerThiefZero: In Davy Jone's locker:**

.....

**ThatUnknownPony:** ... Well, this was tasteless and asinine. But thankfully it is over, right?

**Crazy56U:** You know better than to say things like that.

"BEAST BOY!!" She screamed. Her hands grew yellow, trying to empty out his pockets of stones.

**SC276:** *Really? And not punch-catapult him out of the water? Have you never played Stealth Bastard?*

**Crazy56U:** Since I don't know what that is, I think you have your answer, buddy.

A few bubbles appeared..... But he, had not.....

**SC276:** Oh my god, with how long they're getting, he's going to be dead before she does anything.

**Crazy56U:** Plot twist: those bubbles are actually his soul escaping; he already died.

Terra ran towards the water, and was about to dive in, when a giant metal hand was placed on her shoulder, and pushed her back on the shore.

**SC276:** [Cyborg] "Dibs!"

**Crazy56U:** [Cyborg] "Goddamnit, the ocean is off limits!"

She could only catch a glimpse of the culprit before he dived into the water himself... It was Cyborg. He instantly sank to the bottom due to the weight of his metal parts.

**SC276:** So... actually, I don't care if canon has him waterproof or not.

**Crazy56U:** "And then the salt water shorted out his electronics, killing him. Terra began wondering if she should have just stayed in bed today."

He jogged in slow motion under the water, holding his breath, and hoping to spot his friend. He flipped his shoulder light on

**SC276:** Which he didn't turn on earlier because fuck the audience.

and spotted the body, motionless on the ground. His eyes looking at Cyborg, but Cyborg knew very well that he was not really looking at him.

**SC276: He's looking two feet past them.**

**Crazy56U: He was looking at Death, who was busy playing *Tetris* on his Game Boy instead of doing his job.**

He shot his arm at the rope and broke it in two, watching the body drift in the direction of the current.

**BittplexMutt: Somehow.**

He caught Beast Boy as he fell into his arms, and ran back to shore.

**BittplexMutt: Not getting rusted in the process.**

**SC276: You'd think rescuing someone from killing themselves would be *slightly less boring*.**

Terra stood up on the sandy beach. The wind blowing through her hair.

**SC276: ~The warm smell of fajitas rising up through the air~**

**Crazy56U: Sand blasting her in the face. Terra grabbing her face in pain, screaming how she was now blind.**

Her tears streamed faster than before. Her hands clasped together, in prayer.

**BittplexMutt: Hey, Christianity exists!**

**ThatUnknownPony: We didn't need to know your religious beliefs, author.**

**Mono: [Terra] "God, please take me out of this."**

**Crazy56U: (twiddles thumbs) Do I do it... ..or do I not... ..fuck it.**

"God, please no! Not him! He doesn't deserve it!!

**SC276: Ehhhhhhhhh...**

**Crazy56U: [God] "YOU ARE NOT THE BOSS OF ME!"**

It should be me out there, not him!!

**SC276: So lodge a formal complaint with the author, lady!**

Please god no!"

**SC276: [Plankton] "Please god yes!"**

Just then she saw the metal man rise out of the water with a drenched Beast Boy. His clothes, thoroughly soaked, eyes closed, mouth agape, and one arm dangling off to the side.

**SC276: Y'know, it occurs to me that BB dressed in white to imitate burial sashes. Which means the author is also a weeaboo.**

**Crazy56U: I thought the term was otaku?**

**SC276: Otaku is nerd of Japanese origin. Weeaboos-**

**Crazy56U: I WAS JOKING STOP**

Terra ran towards them as he was placed upon the sand. Cyborg put an ear to Beast Boy's chest, hoping for a heart beat. He clasped his hand together and pushed down on Beast Boy's chest, trying to pump the water out.

**SC276: ~Put the wet stuff on the hot stuff / and put that fire out~**

"Come on man, don't you DARE leave! You are NOT, gonna DIE while I'm with you!!"

**SC276: [Cyborg] "I will PIN YOUR FUCKING SOUL DOWN, see if I don't!"**

He tilted Beast Boy's head and plugged his nose, and breathed air deep into Beast Boy's water filled lungs. Cyborg listened again for a heart beat, and repeated this cycle four more times...

**SC276: CPR: Clearly Pretty Ridiculous.**

Still nothing. Cyborg and Terra stared into each other's eyes in terror. Terra shook her head and raised her own hands.

"NO!" They came down on Beast Boy rather fireclay.

**SC276: Burning his chest off.**

Beast Boy's head cocked backwards as he coughed, sea water coming back out of his lungs.

**SC276: Along with a couple tiny fish.**

**Crazy56U: And also Spongebob- wait.**

Terra and Cyborg smiled in relief, on the brink of tears.

**SC276: Wasn't Terra crying already?**

**Crazy56U: Shhhhhhhhhhhhhhhhhhhhhhhhhhhhhhh...**

He seemed to be coughing for so long before he slowly opened his eyes. Terra backed away, slowly.

**SC276: For some reason.**

Cyborg helped his sit up straight.

**Fallen Prime: Alright, we're back.**

"Hey... What ya did?... was stupid..."

**SC276: Too little too late to talk to the author about this.**

Beast Boy's face stay emotionless, his eyes still barley open.

**CaptainPipsqueak: If we can get him to get one eye hops open, we can make beer!**

He didn't say anything back. "Why'd ya do it man?"

**SC276: You mean besides the *OBVIOUS*?**

the concerned look in Cyborg's eye panged at Beast Boy's heart. Look what he had done. More hurting...

**SC276: Yes, this fic will not fucking *stop* hurting us.**

He couldn't hold it in anymore.

**SC276: He exploded.**

He shut his eyes tightly as the tears spilled over.

**BittplexMutt: All over his already soaked shirt.**

He shook so fiercely. He couldn't look at him. It was like, he betrayed him some how.

**SC276: Well gee, it's like trying to kill yourself has *consequences*.**

Cyborg could only watch his friend's face twist in pain. He gently wrapped his arms around Beast Boy.

**SC276: I thought you could only watch.**

"It's okay B... I'm here. I told you I would be."

**SC276: [Cyborg] "Just not early enough to prevent this from occurring in the first place."**

**Fallen Prime: See? They're PERFECT for each other!**

**ThatUnknownPony: I repeat: This would've been better if Cyborg and Beast Boy hooked up and he moved over Terra.**

**Mono: I think now is the time.**

**Crazy56U: Wrong again.**

This only made Beast Boy cry harder.

**SC276: Cry Hard 2: Cry Harder.**

He wanted to hug him back. But he felt like he couldn't. He didn't deserve this kindness from Cyborg. But he felt his arms slowly, almost unsurely, wrap around Cyborg. He kept crying and crying. Finally releasing all of the anguish.

**SC276: Along with all of the sickness he was down with.**

"C-C-Cyborg!! I'm s-so s-s-s-...."

**Mono: -tupid.**

He choked over his words.

**SC276: And suffocated.**

"I just... and I couldn't, I couldn't, I..." He said no more... he only cried from then on. Cyborg looked up to find Terra... But she had already gone.

**SC276: She had found a way out of the fic.**

The two boys sat on the beach for the remainder of the night. Beast Boy, who had the energy to do nothing more, fell asleep in tears in Cyborg's arms...

**Fallen Prime: God, I HOPE their friendship comes with benefits. Cyborg's a class act. ThatUnknownPony: ...I'm really starting to ship them.**

.....

**SC276: BACK. BACK, YE VILE DOTS.**

Two weeks had gone by since Beast Boy had tried to kill himself. Really, he had spent the first week either alone, or with Cyborg.

**SC276: So, like, no effective change.**

But now he was roaming the halls and somewhat talking with his teammates again. He was even eating a little,

**SC276: Oh good, he was this close to starving to death.**

and of course taking antidepressants. Cyborg had told the whole team, without Beast Boy around, of the incident and why he did what he did... and how Terra was even there to help. It seemed to be a pretty unbelievable story,

**Mono: ...Because it was.**

**SC276: I mean, Terra did *shit* all.**

but it was true... every word. The team knew they should all sit with Beast Boy and, have a team meeting of sorts. But that, will be for tomorrow.

**Fallen Prime: If he lives that long...**

Right now, Beast Boy was on the roof of Titan's tower. He had to admit, he had felt a lot better recently. He was alone with his thoughts again. But at least they weren't bad ones.

**SC276: [BoJack!Beast Boy] "Stupid piece of shit."**

Cyborg had told him what happened... How Terra was there... Saw him... Even helped him save him.

**SC276: How?! The most she did was point out the area he went under, and that wasn't even direct!**

He laid back to stare up into the stars.

**SC276: ~Baby, I've been, I've been losing steam...~**

"Heh, what are the chances?..... But, I guess this means that she must, still care about me..... Right?"

**BittplexMutt: She cares about you because you tried to kill yourself!**  
**ThatUnknownPony: That's not love, that's pity.**

He rolled over, feeling the warmth of the pavement.

**SC276: Why does a tower roof have concrete...?**  
**Crazy56U: I don't know. Why is *this* considered art?**

**It's because people are ass backwards, that's why.**

"Who am I fooling... I wish I could've seen her there... I wonder what she would've said..."  
"That you're an idiot."

**SC276: Yeah, that's what I've been saying!**

Beast Boy jumped up and turned around.  
There she was. Floating on a giant rock.

**Mono: Most romantic scene ever right there.**  
**SC276: She tried floating on a pebble once. Didn't work out so well.**

Wearing the very first outfit he had ever seen her in. Jean shorts, long white shirt and T-shirt over it.  
Giant brown gloves and big boots.

**SC276: Littered with sentence fragments.**

He could only stare. It almost felt as if, it was all a dream...

**SC276: More like a nightmare.**

Slade... The betrayal... The statue... The rejection... The past four weeks.

**Fallen Prime: The reruns will remind you.**

**Mono: And if that doesn't, Mykan will.**

She jumped down from her rock and sat down next to him. About three feet apart. She hugged her knees to her chest as she spoke.

**SC276: Then she started rocking back and forth while whispering nursery rhymes.**

"I would say, you're an idiot, and I am not even worth as much as your pinky toe."

Beast Boy almost smiled, but he couldn't, not yet.

**Fallen Prime: Ah, jam your fingers into his mouth and tug his lips up. That'll do it.**

"I didn't want to hurt you Beast Boy... But I did anyway... I tried to push you away from me so, so that I couldn't keep doing what I do to you..."

**SC276: The voodoo that she do.**

She looked at him, her eyes almost tearing. "I'm not worth it. Besides, this is, what? The fourth time? Fifth time I've broke your heart? I lost track... You can't keep forgiving a person like that Beast Boy, because eventually they'll be doing it to you all the time, and you'll just be too blind to the pain they cause you..... It's not healthy, and it could really damage you."

**Fallen Prime: It's almost like that was a huge chunk of THE POINT OF THEIR CLOSURE.**

**SC276: But *clearly* the author thinks they don't deserve it unless BB tries to *fucking off himself* first.**

He could only keep looking as she spoke.

**BittplexMutt:**

**Fallen Prime: Her baps.**

**PanzerThiefZero: The sky.**

**Crazy56U: Wait, here, this is a better photo:**

**Guess what he's looking at.**

" I mean, not that it hasn't already hurt you. But that's my point. This is just going to keep happening unless

**SC276: -all these fucking "hurt" shippers get the fuck over themselves already, it's been ELEVEN YEARS.**

I-

"Unless you make up your mind," he interrupted.

**Crazy56U: You know you gotta make up your mind...**

She tilted her head, questioning his words.

"Everything was always great when you were with us,"

**Fallen Prime: "Except that time you sold us out to Slade, but... ahhhhhhhhh."**

he said inching his hand toward hers. "It was whenever you left that always hurt me... If you could just... Stay, I know you won't be hurting anyone.

**SC276: That... honestly sounds abusive.**

But honestly Terra," he paused briefly before continuing, "I think you're the one whose hurting all the time.

**SC276: Good for you to acknowledge your melodrama when you see it.**

How long do you think you'll be a student before the real you comes back looking for adventure?

**SC276: [Beast Boy] "School is for losers!"**

Terra you can control your powers now.

**Fallen Prime: Based on what, that little show from earlier? If she got better from total petrification, I'm sure there's a recovery period involved.**

**SC276: That's longer than a week.**

Slade is gone.

**SC276: Deathstroke, however, is still around.**

You finally have control over your own life. Just, do what makes you happy. You've got to. It's the only way that you can stay alive."

**SC276: Which is why you sequestered yourself in your room for a week and then tried to kill yourself.**

Terra's eyes brimmed with tears staring at Beast Boy. She could see his eyes too were on the verge of tears.

**SC276: stop cutie blooming why was the fic even called that**

She embraced him quickly, and his arms opened right away.

**Fallen Prime: Oh, THIS will end in something happy and stable.**

**Mono: Yep, I'm fucking sure of it.**

They held each other like that for the longest time. The couple had been through so much. Though of course now they could see was that they didn't need was another good by...

**SC276: There's a sale at Walmart!**

They only needed another chance...

After all... Fourth times a charm. 3

**Fallen Prime: God forbid either of them just GROW UP.**

**ThatUnknownPony: No doubt Mykan likes this story if nobody moves on and they just stick to the past!**

**SC276: A thousand deaths in *Super Meat Boy* would be a better use of my time.**

**Ringmaster: And now, for the grand finale. The following fic has been suggested *multiple* times to both us and AFTER, and since it's both pretty relevant to the latter and on *very* weird subject matter that I'd probably never run otherwise (seriously, this riff certainly won't be for everyone, some might want to skip this and leave now), I thought that it'd be a perfect way to cap off this particular descent into madness... even though we *did* just riff this author two weeks ago. It's "The Conversion Bureau: Brand New Universe: The Friendship Virus" by Chatoyance. (And don't worry, this is the last riff of Chat that we'll do for a *while*. Certainly not *the* last, though...)**

**JofY: \*Starts giggling menacingly\***

**Crazy56U: (loud, visceral scream of anger)**

**Mono: \*groan of defeat\***

**ThatUnknownPony: \*groans of increasing discomfort\***

**BittplexMutt: Great... what a bummer.**

**Fallen Prime: (deafening indifference)**

**SC276: Going in raw, coming out *RAWER*.**

**Mono: F U C K I N G K I L L M E R I G H T N O W .**  
**Crazy56U: T H I S H O W T H E C O O L K I D S T Y P E R I G H T ?**  
**PanzerThiefZero: O H G O D W H A T I S H A P P E N I N G ?**

Brand New Universe

**SC276: [Chatoyance] "HAH! Now you can't shove canon in my face and claim you're morally superior to me!"**

By Chatoyance  
Universe Three: The Friendship Virus

**SC276: ...Isn't that what the ponies in "Ten Minutes: Aftermath" already were?**

Richard stroked his son's light brown hair.

**JofY: He named his dog son, it'd be the only familial connection he'd ever get in his life.**

**BittplexMutt: Is this My Little Dashie?**

**Fallen Prime: Were we so fortunate.**

The boy smiled up at him, then rolled over on the grass and gave his father a long, gentle hug.

**JofY: Boy, two sentences in and space is warped and time is bendable!**

**BittplexMutt: Instead of a short, rough hug.**

**PanzerThiefZero: Plot twist: He's the tallest kid alive.**

His son was thirteen now, and that meant

**SC276: -he probably shouldn't be rolling around on grass like a six-year-old.**

that the little boy's breasts were rapidly growing. Richard could feel them pressed against his own.

**JofY: Being grossly overweight was a family tradition for the two.**

**BittplexMutt: Oh... uh.. gee.**

**PanzerThiefZero: Wait, what?**

**CaptainPipsqueak: .... Yeah. A) That's information nobody ever needed to know and B) If your son has breasts, he's may actually a girl.**

**Mono: Great. Three sentences in and this fic is already unsalvageable.**

**SC276: Why is Scarlet a fan of this moron again...?**

**Crazy56U: FUCKING WHAT?!**

"Ow!" Dylan pulled away and instinctively rubbed at his chest.

"You really shouldn't do that in public like that, you know." Richard tried to be gentle about it. Breasts for men was new in the world,

**Mono: Because hermaphrodites rule the world now, I guess...**

**PanzerThiefZero: Manboobs not withstanding.**

and while it was universal now,

**SC276: If you're telling me this is a fucking universal gender-change virus, I have already read that *Pokémon* fetish fic, and I will ask the same question I asked that: how the fuck are you planning to handle reproduction?**

there were still issues about the matter that led to embarrassment and even shame.

**JofY: Either way, the Japanese were *oddly* accepting of this.**

**BittplexMutt: Well gee dad, maybe you should be more accepting of your son.**

**CaptainPipsqueak: Freaks of nature that you are.**

**Fallen Prime: This doesn't seem to be used in any sort of fetish-y context, which just makes it look *creepier*.**

**SC276: I can only guess that Scarlet never actually *read* any of her stuff.**

"They hurt, dad."

**CaptainPipsqueak: They hurt *us*, too!**

**PanzerThiefZero: Go to your GP then.**

Dylan slumped, staring off at the other children playing jump-rope in the wide open part of the park. A boy was chanting for the others

**Mono: "Four legs good! Two legs bad!"**

**CaptainPipsqueak: "We must increase our bust!"**

**PanzerThiefZero: "5, 1, 8, 2... wait, that's my credit card's PIN... DON'T WRITE THAT DOWN!"**

"I had a little puppy, His name was Tiny Tim, I put him in the bathtub, to see if he could swim..."

**SC276: Well that's cruel.**

As he watched, one of the boys jumping missed and fell. The other boys went to him and helped him up, telling him it was OK, and that they would try again.

**Fallen Prime: Ugh, so sickeningly saccharine. There's a place for fluff, but I'm damn certain it's not when you're *focusing on an underage boy's tits*.**

**Mono: All I see is just giant boredom.**

**SC276: Remember that brain holodeck from *Fallout 3*? We're in that right now.**

**CaptainPipsqueak: That area is actually based on a location in New Vegas.**

"They have hard things in there." Dylan frowned and looked at his growing breasts. "Plus my nipples hurt."

**CaptainPipsqueak: \*pfft\***

"I told you to wear your bra, Dylan." The boy just wouldn't learn. "The reason they hurt is because they are growing."

**SC276: You hear that, kids? Growing up sucks!**

Those 'hard things', as you call them are 'cores'. The milk ducts grow from those cores. They're like little seeds that grow into the parts that make your breasts work."

**JofY: Even if they only really begin to lactate after a pregnancy.**

**BittplexMutt: [Dad] "I mean, if you decide to want to breastfeed your baby."**

**Mono: CAN WE PLEASE STOP TALKING ABOUT GUYS GROWING TITS THANK YOU VERY MUCH?!**

**CaptainPipsqueak: \*leans back in chair and begins laughing\***

"It's weird, dad. Can't somebody do something about this? I thought boys weren't supposed to have breasts!"

**SC276: Some "universal."**

Dylan was being even more moody than usual today.

**JofY: His dick was acting up.**

**BittplexMutt: So wait, is Dylan a transsexual?**

**Ringmaster: If it was *that* simple, I wouldn't be running this.**

**Fallen Prime: I want to die.**

**Mono: I know the feeling, Prime.**

**CaptainPipsqueak: I guess... \*pfft\* i... it's hi-his time of the month again! \*head hits desk and he begins laughing into the wood\***

"You said you would tell me how this happened. You said you would explain it to me. So explain! I want to know!"

**SC276: [Dalek] "EXPLAIN! EXPLAIN!"**

"I have explained it. Many times. Why do you keep asking?"

**SC276: Because you have one of the most bullshit of bullshit plot concepts to justify.**

Richard had explained, again and again. For some reason no explanation ever seemed enough for the boy.

**JofY: [Son] "But each time, you explain things in the most vague manner possible!"**

**[Dad] "And that's how we got breasts!"**

**ThatUnknownPony: Maybe because this is *unnatural?! As in not biologically possible?!***

"You never tell me the hard stuff. You only tell it to me like I'm a little kid. Tell me the stuff you work on. Tell me it like I'm an adult!" Dylan pouted.

**SC276: You're rolling around in the grass, even though your breasts hurt when they're touched. I don't think you've developed enough survival instinct to lose the "kid" classification.**

He looked like he might cry. There were the beginnings of tears in the corners of his eyes. His sister had made them up the way he liked; if he cried, the mascara would run.

**Fallen Prime: Christ, makeup too? Is Chat literally trying to turn the boys into girls? I may have not done much more than bat an eye if it was JUST the makeup, but combined with the emphasis on *BOY TITTIES*...**

**CaptainPipsqueak: Soon to become *MAN-TITS!* Oh fuck; here I go again...**

**Mono: WHAT THE SHIT IS GOING ON IN THIS FIC?!**

Then there would be more tears because of that. Boys were so fussy with their looks.

**JofY: "Mom! Sis isn't giving me the right amount of edge!"**

Now at least.

**Mono: Okay, so... why the fuck is this gender-switching bullshit necessary?**

**SC276: I mean, can we really put Chat past being a radical feminist and thinking the entire male gender is useless scum?**

"Dylan, It's not that I'm treating you like a child. Not one bit. What I tell you is what I would tell anyone off the street.

**JofY: He can only explain things in such a way where he knows the person he's explaining to as little as possible!**

**SC276: He's like the reverse dad. He refuses to *give* directions to people that ask for them.**

You have to remember that I have a doctorate, and that what I work with is pretty technical.

**Mono: Gotta pay the bills with that unexplained job.**

There are a lot of terms and words that most people, even people my own age, would not understand."

**SC276: [Father] "Including myself."**

**JofY: [Son] "The people you use as a reference are fanfic writers!"**

**Fallen Prime: [Father] "Yes, but fanfics are sometimes more faithful than canon. Especially when you write fanfics that overwrite canon you don't like."**

**ThatUnknownPony: [Father] "Besides, if nobody can understand them, it must mean it makes sense!"**

He'd said this before too.

"Try. Just try me, dad. Pleeese?"

**SC276: [Son] "The audience needs to know *sometime!*"**

He looked just like his sister when he did that. It melted Richard's heart.

**JofY: [Son] "Don't you dare die before you give out the exposition!"**

"Alright. Alright. I'll try. It may be a little slow going, though. If there is something you don't understand, just ask, OK?"

**SC276: No, you bloody dodger.**

"OK dad!" Dylan had sat up attentively, cross-legged. He looked like a puppy waiting for someone to throw a stick.

**JofY: The son didn't just become a woman, he also became a furry!**

**Mono: Huh... guess he did name is dog "son".**

"Alright. Ten years ago, no man on earth had breasts. Most men were also fairly muscular, compared with most females, and they had a very strong sex drive too.

**Fallen Prime: Ignoring studies on female sex drives completely...**

**ThatUnknownPony: Completely skipping over the fact man can be thin, fat, slim, feminine-looking, and that some of them are even asexual, right? Because that would make men look like diverse human people.**

**SC276: YEP IT'S A BUNCHA MALE BASHING THAT WILL BE HARD-PRESSED TO HAVE ANYTHING TO DO WITH PONIES YEP YEP**

You remember how I explained all of that before, right?"

**Crazy56U: "No, you explained how 'Like a Virgin' is about painful sex, and how 'Like a Prayer' is about-" "That's enough of that, now."**

"Yeah, yeah. I know how it was, I want to know how it became how it is." Dylan drew lazy circles with his finger in the grass.

**Crazy56U: In the beginning, there was quality. And then Chat said, "Let there be shit."**

"There was a virus. It was an artificial virus, and it infected the entire world. It was called PNY-1, for Polytranscriptase Nuclear Y-chromatin,

**SC276: (Googles) MedicineNet.com: "A brilliantly fluorescent body seen under the microscope in cells containing a Y chromosome when the cells are stained with the dye quinacrine. Quinacrine lights up the Y chromosome more than other chromosomes."**

and the one was because it was the first, and hopefully only, virus of its kind."

"So that's why they call it the Pony Virus?"

**JofY: Yes, they call it the Pony Virus because it was artificial. Duh!**

**BittplexMutt: "Yes. I just explained it. Pay attention!"**

**Crazy56U: "No, it's because fuck you."**

**Fallen Prime: ...was this on FIMFiction? The ties to FIM seem WAY too tangential to be published.**

**Ringmaster: It's part of a larger anthology.**

**SC276: There's getting crap under the radar, and then there's getting *crap* under the radar.**

**Fallen Prime: That's stupid. She's stupid. This entire sub-fandom is stupid.**

**Mono: Ummmm, Chat? You... you know *stallions* exist, right?**

**ThatUnknownPony: Not in her delusional world.**

Richard lay back on his forearms. They had lost almost all of the long hairs that had once adorned them. His hands looked like his wife's, now.

**JofY: The virus has the ability to poorly paint nails?**

**ThatUnknownPony: Because screw anatomy difference, EVERYONE MUST LOOK LIKE A WOMAN!**

**SC276: Look, if one of the unrealistic beauty standards is to have women shave their legs, I'm pretty sure they have hair on their arms too!**

"No, actually. The acronym was chosen because it fit 'Pony', not the other way around. Sometimes scientists have a weird sense of humor."

**SC276: Which is why what the acronym stands for is total bullshit.**

"So... why is it the Pony virus? Did it come from horses?"

**Crazy56U: No, it came from goats, like this, fuck you:**

Dylan lay back on his arms too, imitating his father. Richard noticed this.

**SC276: Monkey see, monkey do.**

Dylan needed a male figure, what was left of maleness, anyway, to look up to.

**JofY: His father made a mental note to womanly beat that idea out of him later.**

The boy often mimed his father's stance and little behaviors.

**SC276: Given he's a prick, that can't be healthy.**

"No. PNY-1 did not come from horses. It did sort of come from ponies, but not the real-life kind."

**JofY: [Dad] "We got it from the DNA of imaginary ponies."**

**Crazy56U: [Dad] "And that is why we all got pretendicitis last year!"**

Dylan thought for a moment. "I don't understand."

**SC276: [Son] "You ain't talkin' smack, po-daddy."**

**[Father] "What did Father tell you about foreign languages?!"**

**Crazy56U: [Dad] "(pats Son on head) That's because you're stupid."**

"Once upon a time, about two decades ago, there was a television program. It was a cartoon. It was called

**JofY: Teen Titans Go?**

**Fallen Prime: Paw Patrol?**

**Mono: The Loud House?**

**Crazy56U: We Bare Bears?**

**ThatUnknownPony: Pokemon?**

**SC276: Sonic Boom?**

'My Little Pony: Friendship Is Magic.'

**SC276: Or that. That works.**

It ran for two or three seasons, and there was a movie.

**Mono: HAHHAHAHAHAHAHA! Ooooh, hindsight...**

**JofY: And Chat knew they would never make any more seasons!**

**Fallen Prime: Maybe someday she'll be right about something.**

**ThatUnknownPony: Considering what we're riffing, not in this lifetime.**

**Crazy56U: Well, *technically* she was right about the movie... Devil's Advocate, I know, but...**

But during the short time it existed,

**SC276: Man, you have like *no* faith in capitalism.**

**Crazy56U: But then again, most people don't these days. We live in a world where you can buy fidget spinners for like \$50, clearly we fucked up.**

it made a huge impact on the world, especially over the internet, and especially with men.

**JofY: Hasbro got a lot a lawsuits after Twilight becoming an alicorn made men trans.**

This was unusual, because the show was originally intended for little girls."

**SC276: Gee, it's almost like it's written well.**

Richard looked down at his arm. A little ladybug had begun crawling on it. It tickled.

**Mono: He smashed it to pulp.**

Carefully, he let the tiny creature crawl onto his finger, then transferred the insect to a nearby dandelion.

**SC276: The dandelion then ate it.**

"So the virus was named for this show?"

**JofY: No duh, that's why they called it the FIM virus. Oh wait.**

Dylan leaned over and studied the tiny, red, spotted beetle.

**SC276: You're thirteen.**

"Actually, yes, it was."

**SC276: [Father] "The scientists responsible were a bunch of nerds."**

Richard smiled at his son. He liked the fact the boy seemed cheerier. "There was a fan of the show, or maybe a small group - that part is not known for sure - that had a lot of smarts.

**JofY: They didn't know anything else about the being that did it, just that they were a fan of MLP.**

**ThatUnknownPony: Considering they made this virus, I seriously doubt it.**

**PanzerThiefZero: Let me guess: Chat('s thinly veiled self insert) created the virus.**

He, or they, understood biochemistry and genetic recombination.

**JofY: It certainly wasn't one of those dumb actual women! At worst, it was someone gender neutral.**

**Fallen Prime: For making a huge point to tear down the patriarchy, it does shockingly little to prop up women.**

**ThatUnknownPony: It's almost like the author has no idea of the point they want to make!**

Whoever it was called themselves 'The Conversion Bureau'. They were kind of like computer hackers, only they hacked biology instead.

**SC276: As a programmer and someone with a passing knowledge of biology, I couldn't be *more* offended.**

**JofY: return = "boobies";**

A lot of people in the early decades of the century had laboratories in their garages,

**SC276: [Chatoyance] "I saw an episode of *Breaking Bad* once. Clearly the model for every house in America!"**

and played around with home genetic engineering, hacking DNA.

**JofY: Sure, everyone could have had super powers, no more disease, or no more acne, but the dude was a massive pervert.**

**ThatUnknownPony: Why bother fixing actual problems like diseases when making everyone a woman was more important?**

**SC276: This is turning into the world of *Read-Only Memories*, which worries me because I don't want Chat anywhere *near* Turing.**

The 'Conversion Bureau' made the virus because of that show."

**Mono: Because fuck you!**

**ThatUnknownPony: Because "four legs good, two legs bad."**

"Why? Why did they do it?"

**SC276: Because, much like the author, they missed the entire point.**

And what does any of that have to do with..." Dylan dropped his eyes

**Crazy56U: [Son] "(is now eyeless; grabs face in horror) OH GOD, OH GOD, OH GOD"**

"...With boys having to wear bras?"

Richard scratched his head. Dylan mimicked him. "The show was about friendship. And kindness.

**JofY: Thus, bras. It's almost silly how obvious that is.**

That was the basic core of the show, that was what the point of it was.

**SC276: And it flew right over everyone's heads.**

It was about a bunch of intelligent pony beings that lived in a world where everyone was more or less nice to each other.

**JofY: That's why there are plenty of episodes of ponies being assholes to one another.**

**ThatUnknownPony: And episodes where those assholes ended up not learning a thing.**

They didn't have war, or crime, or poverty, and they took care of each other.

**PanzerThiefZero: Mind if I bring out THE LIST?**

**ThatUnknownPony: "The griffons, on the other hand..."**

Whoever made the Pony virus wanted to make that world come true, for real."

**Fallen Prime: That doesn't actually answer any portion of your son's question.**

**ThatUnknownPony: And man-tits are the way to world peace because...**

**SC276: Completely unaware that when "utopia" first appeared in fiction, it was about how a perfect world was fundamentally impossible. It's even in the name; it's a pun with the Greek words "eutopia," or "good place," and "outopia," or "no place."**

**Crazy56U: Also "Miitopia", or "Tomodachi Life 2".**

"How does having tits make the world nice?" Dylan seemed sullen again.

**SC276: [Son] "Answer my fucking question this time."**

**Mono: ...Well, you have something to squeeze and caress...**

"Dylan! I told you not to use that word!"

**JofY: [Dad] "How dare you say 'having'!"**

**ThatUnknownPony: [Son] "Fuck you! I have them, I can call them whatever I want!"**

**SC276: Given the time scale, he should've gotten those when he was *three*.**

Richard felt sorry for his son. It would be easier for the next generation. Change was always hard, especially a change like this.

**Fallen Prime: Ask literally any non-white/non-straight person in America.**

**JofY: But, it wasn't like, that big.**

"Sorry, dad." Dylan looked properly shamed. "But still, how? How does it help anything?"

"Breasts were a side effect, son. There were a lot of side effects."

**SC276: Like bullshit.**

**Crazy56U: And nonsense.**

I used to have hairy arms, can you imagine that?"

Dylan stared at his father's arms. "How hairy?"

**SC276: [crowd voice] "How hairy were day?"**

"Pretty darn hairy. But not now. I also used to have a hairy chest, and a hairy back." Some aspects of the change wrought by PNY-1 were not all bad. His hairy back was less than charming.

**Fallen Prime: Stop imposing your own sexual tastes onto us. It only makes the boy-boobs that much more unsettling.**

**Mono: ...So, why the fuck does a pony virus *decrease* the amount of body hair, exactly?**

**SC276: [Chatoyance] "Well obviously it removes hair because ponies are covered in *fur*, right?"**

At that thought, Richard smiled.

"Gross!" Dylan seemed genuinely disturbed "Wait, were you like a bear or something? Did men used to be like bears?"

**SC276: Well some of them were hairy, muscular, and gay or bisexual, so... yes.**

Richard grinned. "In some ways, maybe so. Come to think of it... um, probably. More than most would like to admit."

"That would be kind of yucky, I think."

**SC276: I almost feel glad Chat's not on Tumblr. She would stress herself to death.**

So the Pony virus got rid of being hairy?"

**Fallen Prime: "Is that why everyone's bald?"**

**ThatUnknownPony: "Even though ponies have hair, like, everywhere?"**

**PanzerThiefZero: Men are werewolves. Confirmed.**

"Yes. It did a lot of things, some planned and some not. Things like breasts and not being hairy, those were probably unplanned. They weren't the point at all. Just side effects, Dylan."

**BittplexMutt: Sure it was.**

**ThatUnknownPony: That's what you tell yourself to sleep in peace.**

**SC276: So, why did the entity that make this call themselves "The Conversion Bureau" if they were even *less* of a bureau than the original Bureau? ...Besides being clearly inspired by the same fanfiction?**

Dylan scratched his knee. He noticed a grass stain on the skin, and licked his finger and began to erase the green mark.

**BittplexMutt: But it would never leave.**

**SC276: [Son] "Out, damned spot!"**

"So what was the point? Why'd whoever did it, do it? What does the virus do?"

**Mono: "Absolutely fuck all."**

"It's more what the virus did.

**JofY: Oh, so *now* you start caring about tenses!**

**BittplexMutt: Which is zilch.**

It's gone now. Except in laboratories, like the one I work at,

**SC276: [Father] "Which is totally not the tavern downtown."**

there is probably no Pony virus left. It's probably mostly gone from the world.

**JofY: Totes not reversible guys.**

There might be a few enclaves... it infects some rodents and pigs too.

**SC276: That has literally nothing to do with enclaves. Just because you've seen a word used in *Fallout 3* doesn't mean you know what it means.**

The virus spread around the world, but it didn't make anyone sick.

**SC276: That was left to bad fanfiction.**

Instead it infected people and changed their DNA. Permanently and forever, even for their offspring. It changed humanity forever."

"What's D-N-A?"

**SC276: You're thirteen.**

"Deoxyribonucleic acid.

**Fallen Prime: Deoxys, for short.**

**SC276: A.K.A. the fucker that made a pony with a swastika cutie mark.**

It's the stuff inside the nucleus - the center - of a cell that tells it what to do.

**SC276: YOU'RE THIRTEEN. I LEARNED THIS IN MIDDLE SCHOOL. MY FIRST YEAR OF MIDDLE SCHOOL, WHEN I WAS TWELVE. I BUILT A FUCKING DIORAMA.**

It's like a computer program that runs every cell in your body." Richard didn't know how much of this the boy would understand, but he had asked for it.

**SC276: HE'S FUCKING THIRTEEN. DID TAKING OUT THE Y CHROMOSOME ALSO DESTROY ALL THE FUCKING SCHOOLS.**

**Crazy56U: Why are you asking that if you clearly know that is the answer?**

"PNY-1 was a reverse transcriptase that used reverse-transcribed single-stranded cDNA to degrade and then replace the original cellular mRNA with a complex of RNaseH activity that..."

**JofY: Alright, just talked to a friend who knows this stuff, and... Yeah... That makes sense.**

"Wait, wait, STOP!!!" Dylan waved his hands in front of him.

**Crazy56U: THE END**

"OK, OK, enough. Say it simpler. I'm not one of your boring geek friends."

**Mono: Thanks, Son, for making this guy stop rambling.**

Richard chuckled. Dylan and his sister Megan always wanted to be excused from the table early when one of his friends from the institute was over. It must seem like babble to them both when they talked shop at the table.

**SC276: Much like how all the angry comments pointing out *actual* concerns are just babble to Chat.**

"Ok, OK, son. Let me try it this way.

**Fallen Prime: And then he put on old episodes of Bill Nye.**

**Ringmaster: Fallen, this is Chat we're talking about here. He put on the new stuff.**

**Crazy56U: Nertz to the lot of ya, he put on "The Magic School Bus Rides Again".**

If the DNA is like a computer program that makes your cells do stuff, then the Pony virus got in and rewrote part of that program for nearly every person on earth. It changed Mankind. Converted all humanity into... what we are now. Understand?"

**JofY: Not really. How did the virus severely die off? How did everyone get infected? Was the drug immune to any sterilization procedures?**

**Mono: Yes, yes and 42.**

**BittplexMutt: I don't understand.**

"So what are we now?" Dylan shifted, a small expression of pain crossing his face. His breasts were probably bothering him again.

**SC276: Who are you to say, impersonal narrator? You don't know him.**

"A lot gentler. A lot kinder.

**Crazy56U: A lot brainwashed, a lot sterilized, a lot neutered...**

A lot more concerned with the feelings of others. The Pony virus changed a lot of things, Dylan.

**SC276: Like the threshold for something to be considered bullshit is a lot lower.**

It increased the amount of oxytocin all bodies make. That's a hormone that helps make us care and be nurturing.

**JofY: And by research... You're technically correct there, Chat. However... It disproves your argument entirely. After all, while yes, it does make us want to care more for those who we care about, it also makes us distance ourselves from people who we don't consider in our group. In fact, there have been several studies that show that Oxytocin increases nationalism and the idea that we should look through other society by the lense of our own. And before anyone goes, "JofY, so what? This looks like a lot of research, and I can't even access these because I don't have any license to these sites!" Well... Here's the thing. I didn't find these sources directly from google. I found them from Wikipedia. Which nicely likes to summarize each of these into one or two sentences. In other words: Do your damn research! Or if you never actually feel like doing research into your stories about how people should be chemically manipulated to be nicer to one another, make up a hormone! You don't get points on the internet for being wrong about something, but you don't lose anything if you just ignore a point!**

**BittplexMutt: Yeah, what he said!**

**ThatUnknownPony: In a way, it makes sense she went with that hormone: In her mind, it's a "pacifier" that keeps us closer, but in reality it shows how apart from reality she is, denying anything that doesn't fit her mentality.**

**SC276: All I'm getting is that Chat turned everyone into white nationalists.**

**Ringmaster: You're underselling it, actually: Enough of this particular hormone would cause such an insane increase of tribalism across all race/gender/border lines that immediately like five different wars would be going on at once.**

When mothers care for their children, their bodies are flooded with the stuff.

**BittplexMutt: Yes because all women that have children automatically take good care of them.**

**Mono: And that's why men grew tits! Because caring hormone bullshit!**

But men used to have very little of it."

**SC276: FUCK YOU, IF I SEEM UNCARING, IT'S BECAUSE YOUR NONSENSE ABOUT A TEENAGER WITH THE MIND OF A TODDLER ACTIVELY PISSES ME OFF.**

"Were men mean, before the Pony virus?" It was a difficult question.

**SC276: Unless you're Chat, in which case it's very easy.**

"Well... I guess they were. There were hundreds of wars, all over the planet, all the time.

**JofY: You couldn't walk to the supermarket without starting a war!**

**BittplexMutt: Like the Hundred Year War?**

**ThatUnknownPony: Ignoring the fact women are also mean. Example, Chatoyance.**

**SC276: Wasn't a woman the reason the Trojan War started?**

Every single day, there was about one hundred wars going on.

**Mono: Star wars, that is.**

**SC276: [Chatoyance] "I'm counting the ninety-eight flame wars I have each day as real wars."**

Now we don't have any. There aren't any armies anymore.

**SC276: Which means the USA collapsed, because it had nowhere to spend money.**

Nobody sees the point of having an army, because all of the money to make weapons and train soldiers is used to feed people, and clothe them, and make sure everyone has a place to live." The world was pretty scary before the Pony virus, Richard had to admit.

**Fallen Prime: Out of curiosity, does anyone know Chat's stance on current affairs? If she stands by ANY of the posturing she's put out in all the fics we've run, she must be shitting herself.**

**ThatUnknownPony: If this reality doesn't validate her in her delusions, at least it must cause her a mental breakdown.**

**BittplexMutt: The world is even scary with the virus.**

**SC276: Eventually there will be one person who is slightly more of a jerk than the others, and this house of cards will collapse faster than an imploding building.**

"And war stopped because of that oxy hormone?"

**BittplexMutt: Maybe?**

"No. Not just that. Oxytocin was only part of it.

**SC276: There was also oxymoron.**

The virus changed the part of the genes that controlled territoriality and aggression too,

**SC276: And now back to bashing men!**

and it also... cut the level of testosterone by two thirds.

**JofY: Too bad most of it was given back when everyone got breast cancer.**

Testosterone is the male hormone. It makes men hairy... or it used to anyway... but it also made them extra aggressive, and extra territorial, and... well... horny all the time.

**Mono: Because men like me can't last two seconds without having a fucking erection!**

**ThatUnknownPony: Ignoring the fact that women ALSO produce testosterone and need it as much as men.**

**SC276: A broken clock's only right twice a day, Unknown, and it's already been right twice.**

So men were pretty frustrated, and they also were... I guess... a little more mean and prone to anger and violence."

**Crazy56U: "But really, I blame the penis."**

**SC276: *i've already rified a radical feminism blog post***

Richard decided to leave out the old statistics that showed that 98% of all violence was committed by males alone.

**JofY:**

**Fallen Prime: Holy SHIT that hurt to read.**

**Crazy56U: The remaining 2%? Squirrels.**

**ThatUnknownPony: So, I did a little investigation (and by that I mean I just searched on Wikipedia, but hey it's something) and... yeah, in 2013 the percentage of males involved in crimes was of 96% percent worldwide... from which 79% of the victims were also males. What a surprising fact! And, just out of experience... don't you think it might have something to do with how they're raised rather than biology?**

**SC276: Given she literally believes in not believing, I don't think her brain is capable of even comprehending that.**

**PanzerThiefZero: Considering Chat, I'm surprised she didn't make it 100%.**

Testosterone was probably a very big factor. Maybe the creators of the Pony virus had intended everything after all.

**SC276: This fic has as much to do with ponies as "Dib in the Rainbow Factory" - A.K.A. none at fucking all.**

"So... the virus basically made men... less like men." Dylan was a smart kid.

**SC276: HE'S THIRTEEN AND NEEDED TO BE TOLD WHAT DNA WAS. HE'S A FUCKING IDIOT.**

He'd pretty much hit the nail on the head.

**BittplexMutt: More like hit a dull nail on the head.**

**ThatUnknownPony: Yeah, less like men is accurate, because it resulted in unnatural mutations, you giant turd of an author!**

"Um... yeah. Pretty much. Having breasts is just incidental.

**JofY: It's almost pointless and just there as a hook.**

**Mono: Even though the estrogen levels aren't increased at all...**

**ThatUnknownPony: Because less like men equals "more like female". As in "the patriarchal definition of female".**

The real point was to make males act more like females, to make them more caring, more concerned with feelings, less violent, and less aggressive.

**SC276: Except for one time during each month and assuming *Alien* was never produced.**

That's why there are no more violent contact sports, no more wars, and no more hunger. No man can stand to let another man die in a ditch anymore."

**Fallen Prime: "Now they sit there with popcorn."**

**ThatUnknownPony: "Because women are incapable of violence. They just learn to love each other and be perfect wives."**

**SC276: There's probably a woman's American football league *somewhere*.**

Richard watched the boys playing jump-rope. A smaller child wanted to play. They had welcomed him in, and took the time to gently teach him how to play.

**SC276: How small is this kid that he doesn't know what fucking JUMP ROPE is?**

He couldn't imagine boys doing that when he had been growing up.

**SC276: Because people back then were capable of learning from *observation*.**

**JofY: Richard had a poor imagination.**

**Mono: What piss-poor neighbourhood did this fucker grew up in?**

**ThatUnknownPony: America.**

**PanzerThiefZero: Specifically, a version of America where everything and everyone was comprised of straw.**

"But the virus also affected women too, son. It made them even more nurturing than they ever were before as well.

**SC276: Given the side effects it had on men, I assume it also doubled their breast sizes.**

Both men and women were made less violent, aggressive, and more caring overall.

**SC276: Thus making it easier for the Fangire to turn humans into a livestock race.**

And it only took eight weeks to spread to every human on earth."

**JofY: Never has mankind created as much urine from fear as they did then.**

**BittplexMutt: In most cases, that would usually take months to do.**

**ThatUnknownPony: After all, screw strong, determined, physically imposing women. Those don't exist in this "Utopia" apparently!**

Dylan sat up, hugging his knees to his chest, gently. His painted toenails matched his sisters, they had painted them together the night before.

**SC276: Obviously an important detail!**

"So basically, the world sucked before the Pony virus."

**SC276: And it also sucks after it.**

Richard had to think about it. Decades of masculinity fought in his mind with the reality of the new world he now lived in. Gone was Hockey, Rugby, American Football.

**Fallen Prime: To the chagrin of women looking to get into those sports.**

**BittplexMutt: What, no wrestling?**

**Mono: Soccer was still played, though. Get it? It's because all soccer players are pussies!**

**SC276: Wait, "American football?" I said it because I know our editors are international. I swear to god, if I investigated this and I found that Chat wrote the blog post I riffed years ago, I will fucking SCREAM.**

Gone was being macho, tough, and hard.

**SC276: Thus making the folks into guys that were into that sort of thing very sad.**

The old action heroes and the old war heroes were all monsters now.

**SC276: Fuck you, the entire point of *Kamen Rider* is that those with monstrous powers don't have to be monsters.**

**Fallen Prime: Fuck you, Chris Evans is a national treasure. Do not take Captain America away from me.**

**Crazy56U:** "Secret Empire" called, it said "Go fuck yourself".

**Fallen Prime:** That ended on a high note, reportedly. Whether or not it made up for the Hydra!Cap story though...

**Crazy56U:** Except no. Instead of fixing everything, Kobik decided to *not* fix Vegas and *not* bring back *everyone* who died, all as a "reminder" to not let evil people come to power again or some shit. Also, it's implied that Hydra!Cap is still the original Steve and the Cap who fixed everything is a clone.

**ThatUnknownPony:** All war heroes, even those who gave their lives protecting others? Even those who became heroes by dropping their weapons and helping the needed? ...You realize the implication of your words?

**SC276:** *She believes in not believing, dude. What do you fucking think.*

Being a man was defined more by being pretty than by being rough and tumble. But there was no war. The world shared, now.

**SC276:** *Unfortunately, without Kamen Rider, even more localization is not something to look forward to.*

It was unthinkable to let people starve. It was even more unthinkable to invade and kill anyone. Rape had ended almost overnight.

**Fallen Prime:** Real talk, I have friends and family who have been victims of sexual abuse. This... THIS... is not okay. Of all the shit that gets buried, just saying "oh, and rape's gone" as a fucking afterthought really rubs me the wrong way.

**BittplexMutt:** Of course Chat would push aside real life issues for her own "ideas." Fuck her.

**Crazy56U:** Moments like this actually make me hope there is such a thing as Hell for when people die. ***Because Chat deserves to fucking burn.***

A night at the pub ended with singing, and not with a fight.

**SC276:** *What pubs do you go to?*

And women finally had real and lasting equality in the world. It was like living on a different earth. But it was a better one.

**JofY:** *It sucked that there was no more rape, but things were still better?*

**Mono:** *Because living in a gigantic utopia is definitely good for somebody's mental health!*

**BittplexMutt:** *Someone is gonna snap one day.*

**PanzerThiefZero:** *Does anyone remember A Troll in Central Park and the part where a boneheaded troll takes the human leads to an 'utopia' where everybody looked and acted like him, and it was seen as whimsical and beautiful? It's this, literally this.*

**SC276:** *And then the starship Enterprise appeared in orbit above the planet...*

Even though his background, everything he had been taught screamed inside of him, he was a scientist, he was a smart man. Richard had to admit. It was better.

**SC276: Unless you're, y'know, *not* Chatoyance.**

The world had been converted into something new and strange, but it was a safer world.

**JofY: Everything was covered in foot thick foam.**

**BittplexMutt: And bubblewrap.**

**ThatUnknownPony: And they all wore helmets and gloves.**

**SC276: And nanob- actually, no, 17776 has done nothing to deserve this.**

A friendlier world. A less violent and more nurturing world.

**SC276: A more boring world. Probably run by a megacorp.**

Whoever those gene hackers were, or whoever it was, had done what all of the philosophers and pundits and saviors had all failed to do.

**ThatUnknownPony: Find no sense in life?**

**JofY: Get a ton of hoes?**

**Mono: Get a life?**

They had made the Earth a planet of peace and relative harmony.

**SC276: "Relative?"**

"Yes, son. The world really did kind of suck before the virus. And if a little discomfort during puberty is the biggest problem we suffer from that, then maybe we should just deal with it.

**SC276: [Chatoyance] "So no complaining!"**

That's one thing about being a man that hasn't changed son."

**BittplexMutt: Remember kids: if you struggle with puberty or have problems with your body, don't ask for help.**

**ThatUnknownPony: After all, your body having unnatural changes isn't as important as acting like a proper woman.**

Dylan stretched out again. "What's that?"

"Being strong when things are tough."

**SC276: Meanwhile, women became weaker.**

Dylan thought about that for a moment. "I'm sorry I kind of... whined... about my little pains.

**SC276: This isn't a pain, this is a massive jolt that makes me feel like my head's gonna split open.**

I'm gonna go see if they'll let me play, OK?" Dylan pointed at the children still playing jump-rope.

**SC276: YOU'RE THIRTEEN.**

**Mono: \*barfs\***

**ThatUnknownPony: So the only time men can be men is when they have to "don't mind things" and "tolerate the shit that happens to you", meaning they have no right to complain... Chatoyance... WHAT IN THE WORLD IS WRONG WITH YOUR HEAD?!**

"Ok, have fun." Richard watched his son get up and run over. Of course those boys would let him play.

**JofY: He can be the rope!**

Of course they would welcome him. It was the kind thing to do.

**SC276: And if they didn't, MILLION YEARS GULAG!**

**BittplexMutt: No, the kindest thing to do was to go get this kid help and away from Chat's illogical ideas.**

**Fallen Prime: Fuck me... I don't think I wanna look at another Chatoyance fic again as long as I live.**

**ThatUnknownPony: As for me, the first two fanfics can just screw themselves, they're nothing but unfunny trainwrecks. Now, about the Beast Boy story... I won't say names, but there's a certain episode that I loathe, and the main reason is because it basically rewarded a character that was refusing to move on from something and did some heinous things, and I feel it only validates these kinds of stories that make of suicide attempts a tasteless excuse to bring two characters *that should've moved on* back together. As for Chatoyance... I've never met someone with a mentality as toxic as hers in my life, the fact that she genuinely believes in what she writes actually terrifies me, and it really makes me feel bad for anyone who reads her stuff, whenever it is women, men, trans, and any other non-binary readers that just happen to find the cesspool of putrid ideologies that are her misogynistic stories. I really hope we don't get more of her in the future, and if we do... Well, she won't have any kindness from me, she doesn't deserve it...**

**SC276: I can't believe the most shameless Sue we've had and random events *Minecraft* are our biggest breathers for this half of the year, it feels like. Those existed and are basically fluff in the grand scheme of things. The others are still Mykan - imitation Mykan even, like imitation crab that got their hands on a keyboard - and Chatoyance. The imitation Mykan is bad for all the same reasons Mykan is, but the Chat one particularly infuriates me. I'm certain at this point that Chat is a radical feminist, and you can look up what that means on your own time, because *I can't think of anyone else that would write something like this*. It pretty much just bashes on men while just shoving all details about how women are affected to the side. It even goes out of its way to establish the men as idiots - the children have to explain to a kid what a fucking jump rope is, and the thirteen-year-old that should be in middle school has never heard of DNA. Everything about this society indicates they're turning into the Eloi from *The Time Traveler* - which means the moment something resembling Morlocks shows up, humanity is fucking *doomed*. On top of that, not only does this story have *shit* to do with ponies in any way, it doesn't even allude properly - it was called the Pony Virus because of the allusions to the show and it made women more motherly and kind, but the main cast includes *Rainbow Dash* and *Applejack*. If Lauren Faust were to hear this thing turning everyone into docile females was named for her show, she would be ashamed! Everything about**

this story is a mess of contradictory details hammered in with "the one truth" - just like the Chat fic we just finished two weeks ago. Mykan's sister flavor indeed!

Mono: What was the point of that fic? *What was the point of any of these fics?* I'm just gonna get out of here to mentally prepare myself for the Moron... \*leaves\*

PanzerThiefZero: Oh, that reminds me. Part 4 is the one where Equestria is brought into the mix, right? Well, best I stock up now. (leaves to prepare for part 4 of *MLU*)

Mono: \*Storms back\* ***WHAT THE FUCK DID YOU JUST FUCKING SAY?!***

Crazy56U: Spoilers, you're both wrong, it's part 5.
