 - a. Review draft/approve
Mr. Dineley went through the draft safety plan mention that input is important
Identified the discipline line entries went over the data
Reviewed suspension chart
All staff are trained - mandated reporting
Reviewed the definitions for detentions and suspensions along with do
process (notifications to parents etc)
Discrimination policy - reviewed, again all staff trained
Dress Code - No changes over the last few days
Viking Pride - implemented MINGA store
Reviewed suspension
Expectations is straight from the handbook
Response guidelines - goguardian to monitor chromebooks
Opioid overdose protocol still in place added last year
Review of Site Disaster Plan
Emergency contact numbers, map and will now evacuate to lower field
area close to front of school. Went over the procedure for earthquake,
flooding animal disturbance and shelter in place. Hard and soft lockdowns
notified by LVPD. Off campus location is Allen Ave Elementary. Went over
disaster map and how parent would retrieve their student in an
earthquake or any type of evacuation. Only emergency contact person
may pick up student.

Q- subs how are they trained (not trained but veteran teachers to support and they have the instructions on all safety/drills in their sub packet)

Vendors on campus what is the procedure? Not too many are on campus other than deliveries and are checked in at the front office and then escorted to their destination.

Field trip chaperone ? overnight do they still go through the district volunteer system. We believe all chaperons need to be cleared through the district volunteer process.

Motion to approve the safety plan, Alayna Nord 2nd by Margarita Hetzel

All in favor, none abstained, Safety Plan approved.

Mr. Dineley spoke about the Minga Store and point system. Teachers present also made comments and how well the program is working for them. This program is to encourage good behavior, positive performance. Canvas and Minga automatically open when they login to their chromebooks.
