

At the booth

- Draw for a Pocket Little Forest Kit & forest consultation: need box or hollow stump or: how do we do draw, sheet we cut up?
- Sign up sheet if interested in purchasing a pocket little forest forest kit in spring or fall 2023: who?
- Pocket little forest kit pamphlet: who?
- Poster: Jerri
- Table & umbrella: Rotary
- Need a bucket filled soil/sand to hold the umbrella: who?

Booth display

- 6x6 metre grid in chalk, 3 seedlings, 3 layers in each m2 - with different themes? Write names of trees beside the tree in chalk.
 - edible
 - pollinator
 - bird
- sample of soil layers: cardboard/leaves/compost/woodchip in one of the m2
 - need to bring bag of leaves, container of compost, big container woodchips
- a few stumps (also serve as seats)?
- fungi/mycelial network... how to display?
- micro tree nursery in one the m2?
 - containers with seeds (have shagbarks, bitternuts, a few walnuts)
 - <https://irishtechnews.ie/pocketforests/>
- could be neat to source a few rolls of sod... having them at end of 6x6 matrix mostly rolled up as in lawn being removed
