Question

If you look at Davor's family tree again, which consists of two main families – Horvat and Pintarić – why does the last name Labaš suddenly appear within the family tree?

→

3.1 Zadatak 3. Tko govori?

Use Davor's family tree as a point of reference. Look at the beginning of the sentence. Pay attention to who is talking and finish the sentence with a logical ending.

Milica:	Gordana i Damir su moja	→
Anita:	Dora je moja	→
Zoran:	David i Jerko su moji	→
Anita:	Milan je moj	→
Petra:	Darko, Danko i Davor su moji	→
Kristina:	Milica je moja	→
Nada:	Robert i Vesna su	→
Jelena:	Marija i Ivana su moje	→
Jerko:	Dora i Matej su moji	→

3.1 Zadatak 4. Moja obitelj

Pair-work. In class you already worked on your family tree. Add any relatives that you may not have included originally. Visually organize your family tree and meet with another classmate. Present to each other your family and relatives. Your classmate will ask you additional questions about them, such as – occupation, traits, and physical characteristics. Submit your video recording online.

3.1 Zadatak 5. Mario i njegova rodbina

 Listen to the text and complete the family tree by writing the name under each appropriate picture. Not all names will appear in listening. You can also download a [fillable PDF](#).

[\(audio\)](#)

During the listening you heard four different last names. Which ones did you hear? If needed, listen to the presentation one more time. Match the appropriate last name with each character.

Question

Why did you give each character that specific last name? What is the reasoning behind your answer?

↳

Who in the family has the same first name? Is that a pure coincidence? Explain your answer.
