10.2 Zadatak 2. Po Zagrebu

👀 Look at the map below. Each of our students in Zagreb is in a specific location. Your task is to search online for information about all four places, associate each picture below with the location, give the address, which student is at that specific location (your own opinion), and provide your reason why each of them is at that specific location. The reason they are there is also just your personal opinion, based on what you have learned about Laura, Sandra, Davor, and Mario. Work with one of your classmates.

How would you abbreviate the names from the left column? Pay attention to what happens with the forms in the first three examples given in the right column. Finish the rest based on these three.

10.2 Zadatak 7. Što posjetiti?

 Work with your classmate. Have a discussion and create a dialogue in Croatian. Imagine that you are in Zagreb. You are supposed to meet each other for a tour around Zagreb. Before you make any plans or start your dialogue, you should decide together which type of activity you want to do in Zagreb. For each type of activity in the section you choose, there is a set of different addresses. Figure out what they are and find where they are on the map.

Aktivnost	Adresa:	Atrakcija:
Kultura	Rooseveltov trg 5	
	Ulica Andrije Hebranga 1	
	Preradovićeva ulica 8	
	Varšavska ulica 5	
Arhitektura	Trg Marka Marulića 21	
	Trg Sv. Marka 5	
	Trg kralja Tomislava 22	
	Trg Republike Hrvatske 10	
Shopping	Ulica Vice Vukova 6	
	Trg Petra Preradovića 6	
	Trg Ante Starčevića 7	

	Trg Drage Iblera 10	
Razno	Mesnička ulica 19	
	Aleja Hermanna Bollea 27	
	Ulica Antuna Gustava Matoševa 9	
	Ulica Nikole Tesle 10	

When you have everything ready, create a dialogue. One of you is located at **Trg bana Josipa Jelačića** and the other one is located in front of **Hrvatsko narodno kazalište**. Make a phone call dialogue in which you ask each other where you are and then make plans where to meet. Discuss your plans. In what order would you visit all of the places? Will you walk, take a tram, or taxi to some of these destinations?
