| Kada? (When?)

When we want to express that we do something or we go somewhere at certain point during the day, we should use the following time expressions:

Kada ideš na fakultet? Idem na fakultet...

ujutro

prijepodne

poslijepodne

navečer

See the difference between: *jutro* (morning) and *ujutro* (in the morning) - *večer* (evening) and *navečer* (in the evening).

| U koliko sati (At what time?)

At noon and at midnight!

u podne

u ponoć
