

# SIR LINKS-A-LOT

For  chrome

Sir Links-a-Lot Google Chrome extension allows users to simply click on the extension icon and choose how to manipulate the URL for sharing. Options offered are: Force Copy, Preview, Template, PDF.

When sharing documents with colleagues or students, it is sometimes necessary to modify the link so that users cannot edit the original document. While this can be done by modifying the sharing link - the Sir Links-a-Lot Chrome extension makes the process possible in one click!
