

SOCIAL NETWORKING

Are social networks changing
the way we think?

**HOW YOUNG AFRICANS
FOUND A VOICE on
TWITTER**

SOCIAL NETWORKING...

01

Changes the way we think about privacy

02

Changes the way we think about identity

03

Changes how we think about time and space

04

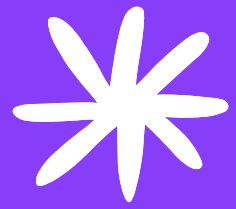

Changes the way we think about information, attention

05

Changes our connections and our ability to connect (esp. across "strong weak ties")

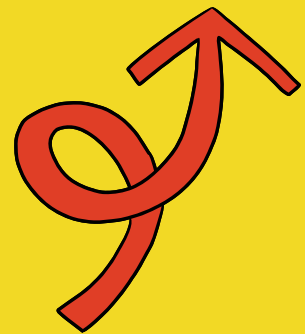

06

Changes collaboration and collective action

**HOW HAS SOCIAL MEDIA
CHANGED / SHAPED
YOUR THINKING?**

DIRECTING ATTENTION / FOSTERING CONNECTION

- Medium: edit your last blog post to add “topics” (tags)
- Search for topics you are interested in -- follow writers / topics
- Read, engage with (clap, highlight, comment) on a story that catches your attention.
