Lasik Surgery In St Louis MO

Have you ever heard of a refractive lens exchange? This is when the lens of the eye is removed during a procedure and replaced with a new, artificial one. The artificial lens that is brought in is customized to the person's requirements - this means that if a person was previously long sighted this is corrected.

Saint Louis Lasik

The average cost of LASIK surgery is estimated to be \$1950 total per eye, although this price varies depending on the technology that is used to complete the procedure. The cost of LASIK surgery can run anywhere from \$1500 to \$3600 per eye.

Lasik St Louis - Brinton Vision

Each year thousands of patients come to Dr. Jason P. Brinton seeking what we call visual freedom, or crisp, clear vision free of glasses and contact lenses. We accomplish this through LASIK and its six variations – SMILE, Visian ICL, PRK, Raindrop inlay, Kamra inlay, and RLE. So, which of these procedures may be right for you? Call us at 314.375.2020. We will be happy to set up your Brinton Vision Ocular Analysis where you will meet Dr. Brinton and see how we can help you achieve visual freedom.

Lasik St Louis

So you're ready to free yourself from your dependence on glasses or contacts. What's the next step? Call a few LASIK center franchises and see who offers the lowest price? Think again.

Cost Of Lasik St. Louis

Do your glasses steam up when you're out jogging or leave unsightly (and painful) dents on the bridge of your nose? Do you get tension headaches caused from reading? Don't you want to start seeing the world through your OWN eyes? LASIK eye surgery is the ideal permanent solution.

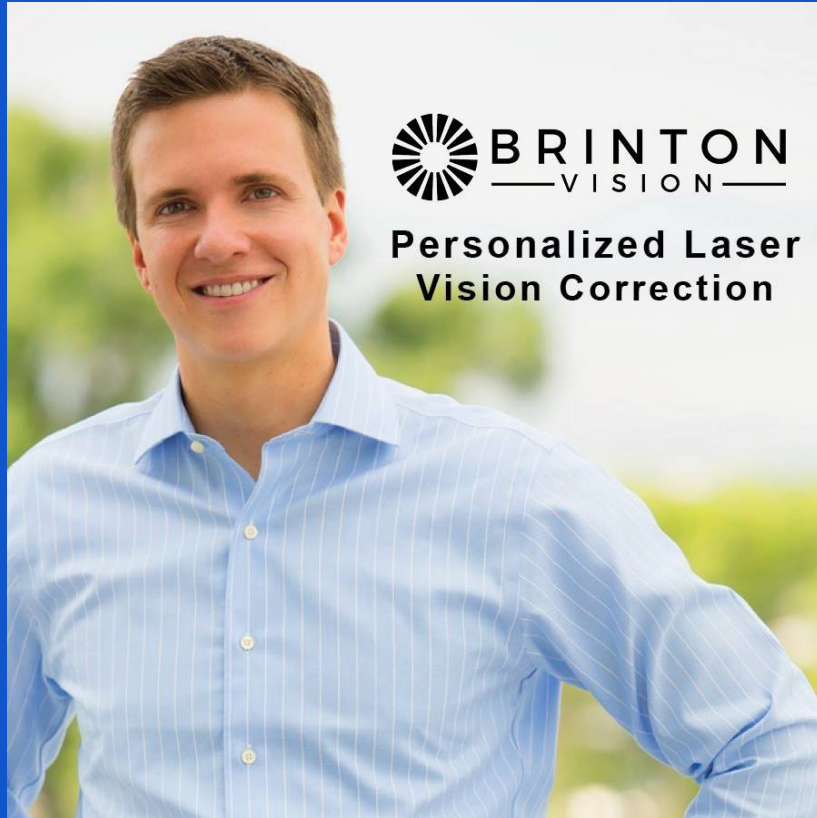

Lasik In St. Louis

Lasik surgery ads often promote cleared and improved vision. A lot of people go into Lasik thinking they will never have a need for eyeglasses or contacts again.
