Cybersecurity Toolkit

Cybersecure Live • April 2024

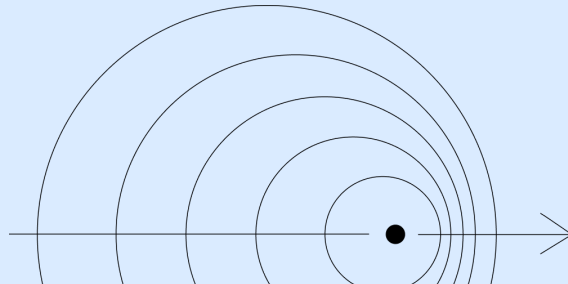

Instructions for use

Leverage Clever's Cybersecurity Blueprint for your plans.

Step 1: Make a copy of this presentation.

Step 2: Fill in "My cybersecurity plans" in the bottom row.

Step 3: Share with your team, colleagues, and stakeholders.

Securing schools: Your cybersecurity blueprint

Top 5 strategies for schools	1 Secure identities and access	2 Protect devices	3 Proactively manage vendors	4 Plan for recovery	5 Cultivate a security culture
<p>Key tactics</p> <p><i>Check these off as you implement</i></p>	<ul style="list-style-type: none"> <input type="radio"/> Implement SSO for centralized user management <input type="radio"/> Use complex passphrases and MFA <input type="radio"/> Deprovision unused accounts <input type="radio"/> Limit privileged access 	<ul style="list-style-type: none"> <input type="radio"/> Secure login to devices <input type="radio"/> Apply endpoint protection 	<ul style="list-style-type: none"> <input type="radio"/> Create a list of active vendors <input type="radio"/> Have a process to document, vet and accept a vendor 	<ul style="list-style-type: none"> <input type="radio"/> Develop and test incident response plans <input type="radio"/> Identify and backup everything you need <input type="radio"/> Ensure environments are separated and protected 	<ul style="list-style-type: none"> <input type="radio"/> Train regularly to improve cyber awareness <input type="radio"/> Share information about threats, vulnerabilities and best practices

How to take action before next school year

To-do list

- Complete your own cybersecurity blueprint.
- Talk with a [Clever security specialist](#) about your gaps.
- Take advantage of our offers! Sign now, pay later.
- Plan your roll outs for this summer.
- Get hands-on support with roll out comms, consultation on your configuration, and of course: world-class customer support.
