I've never seen that  
before.

Before Mousey even realized what he had done, It appeared. The 6'6, 245 LB, Freak of nature athlete, whose single glare would make any milf combust out of pure infatuation.

One look into Milfhunter's eyes was too much for Mousey he became so aroused he was arrested by the authorities and thrown into Horny Jail, but before he was locked away he managed to send a letter via munnins Pigeon to warn FRG of the monster he had created.

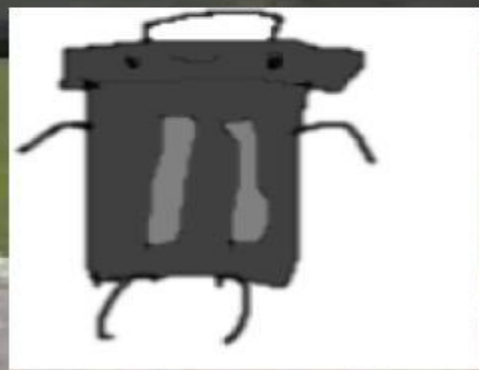

**H O R N Y**

As Milfhunter continued terrorizing FRG, stealing all the players moms' phone numbers, telling them "Im Gonna be your new dad", his first adversary approached... Trashcan had seen Mousey's message and new he had to try and stop the Milfhunter.

Trashcan used his ultimate ability and attacked Milf with everything he had, but Milf was too much for Trashcan, Milf took Trashcan moms phone number with ease.

I am Gonna Date ur Mom Bud

My Duping Powers were not strong enough I have failed

Milf spent the night at Trashcans on a date with his mom, when Trashcan woke up, Milf was gone, but realizing Milf ate all his Gushers, Trashcan went on a rampage destroying his computer rendering him incapable of saving FRG.

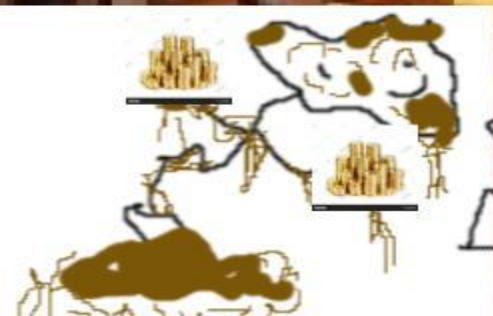

Before continuing his quest to date all of the moms of FRG, Milfhunter decided to go to a near by restaurant to eat some wings, upon arrival he was instantly infatuated by his gorgeous waitress.

While Milf was flirting with the cute waitress named Edit, a thief was loose. Scammerman Danger swiped 700k coins right from Milfs Pocket. Femboy Edit said he would never date a broke boy, so Milf not only was going to get all of FRG's moms to date him, but now he was going to destroy Scammerman Danger and FRG with him for ruining his chances with cutie femboy Edit.

Weeks later FRG is left ravaged, all of its followers have been destroyed and their moms dated. All that remained from stopping Milf from destroying FRG and Danger was FRG's greatest protector...

Unpoke Threatened to decline Milfs Member+ application, but the threat was not strong enough, Milf destroyed Unpoke and all that was left was Scammerman Danger notorious scammerman.

But then crashing down to intervene... The great Brassx, in one swift motion he spawned in the one weapon that could defeat milf and sent a turtle at mach 12 speed that launched Milf into orbit.

Brass Burried the code for Spin 2 Win to prevent the Milfhunter from ever coming back. FRG was finally safe thanks to Brassx and his trusty Crap Cannon.
