About Myself

Accomplished **Associate Workplace Designer** with over **16 years** of experience in creating thoughtful, efficient, and people-centric work environments. Proven expertise in translating business objectives, brand values, and user needs into functional, innovative, and aesthetically refined workplace solutions.

Highly skilled in space planning, concept development, and end-to-end design coordination, from initial design intent through execution. Known for a strong eye for detail and a collaborative working style, partnering closely with senior designers, consultants, and vendors to deliver projects that seamlessly balance creativity, functionality, and practicality.

Passionate about contemporary workplace trends, agile and flexible environments, and designing spaces that enhance productivity, collaboration, and employee well-being. Has successfully worked with several leading organizations, delivering high-quality workplace solutions across diverse project scales.
