About Jimmy Q, LLC

Jimmy Q, LLC was established in January 2019, by founder Keith Alan Spaar. Mr. Spaar has 30 plus years experience in the Party Goods market working as a Director of Creative Product Development for Party City Corp and Easter Unlimited. The name Jimmy Q, was derived by using Mr. Spaars four children's first name initials in birth order: Julia, Keith Jr, Ethan and Willa. JKEW, which turned into J. Kew then J. Q. and lastly Jimmy Q. The concept for Psycho Chess and Checkers again came from his children, changing standard two player games so all four of his children could play together. Board games are only the initial offering at Jimmy Q, LLC eventually toys, puzzles, and children's activity sets will be available. Currently Jimmy Q has five board games in stock and several waiting in the wings to be finished up including PSYCHO Backgammon. Join Jimmy Q in some fun family time together.
