

# LANDSCAPES

# LANDSCAPES

## Natural elements

Vegetation  
Lakes and rivers  
Relief

## Man-made elements

Roads  
Fields  
Buildings

# TYPES OF LANDSCAPES

## Natural landscapes

There are natural elements like shape of relief, vegetation, rivers and lakes.

There are no man-made elements.

## Man-made landscapes

There are man-made elements, like roads, fields and buildings.

People transform landscapes to obtain resources, to dig wells and mines, to build dams and roads, to chop down trees and to construct houses/buildings and live.

# TYPES OF LANDSCAPES

## Natural landscapes

There are no man-made elements.

They can be identified by:

- The type of the relief
- Vegetation
- Rivers and lakes
- Sea
- Etc...

# TYPES OF LANDSCAPES

## Man-made landscapes

Some landscapes are transformed by man-made elements, like roads, fields and buildings.

People transform landscapes in order to obtain natural resources (minerals, water, wood)

Farming, industry, transport and traffic, can damage landscapes.

# Spanish landscapes

We find different landscapes in the different climate zones of Spain.

# Inland landscapes (continental)

## Natural Features

Great plains.  
Cold in Winter and hot in summer.  
Little rain.

## Human activity

- Farming
- Agrigulture

# Mediterranean coastal landscapes

## Natural Features

Plains with wide beaches and cliffs.  
Mild temperatures in winter and hot in summer.  
Very Little rain. In summer there is drought.

## Human activity

- Farming
- Industry
- Tourism
- Fishing

# Oceanic landscapes

## Natural Features

Mountains and valleys, and high, rocky cliffs.  
Vegetation is mainly fields and forests.  
Mild temperatures all year round.  
It rains a lot.

## Human activity

- Felling of trees
- Farming
- Industry
- Fishing

# Subtropical landscapes

## Natural Features

Volcanic peaks.  
Mild temperatures all year round.  
It rains very little.

## Human activity

- Agriculture
- Tourism
- Industry

# Mountain landscapes

## Natural Features

- Landscapes with few transformations.
- High mountains.
- Very cold winters with snow and warm summers.

## Human activity

- Farming
- Agriculture
- Tourism

Landscapes	Natural features	Human activity
Inland	<p>LAND: Great plains.</p> <p>TEMPERATURE: Cold in Winter and hot in summer.</p> <p>RAIN: Little rain.</p>	<ul style="list-style-type: none"> <li>- Farming</li> <li>- Agriculture</li> </ul>
Mediterranean coastal	<p>LAND: Low coastal plains with wide beaches and cliffs on the coast.</p> <p>TEMPERATURE: Mild temperatures in winter and hot in summer.</p> <p>RAIN: Very Little rain. In summer there is drought.</p>	<ul style="list-style-type: none"> <li>- Farming</li> <li>- Industry</li> <li>- Tourism</li> <li>- Fishing</li> </ul>
Oceanic	<p>LAND: Mountains and valleys, and high, rocky cliffs. Vegetation is mainly fields and forests.</p> <p>TEMPERATURE: Mild temperatures all year round.</p> <p>RAIN: It rains a lot.</p>	<ul style="list-style-type: none"> <li>- Felling of trees</li> <li>- Farming</li> <li>- Industry</li> <li>- Fishing</li> </ul>
Subtropical	<p>LAND: Volcanic peaks.</p> <p>TEMPERATURE: Mild temperatures all year round.</p> <p>RAIN: It rains very little.</p>	<ul style="list-style-type: none"> <li>- Agriculture</li> <li>- Tourism</li> <li>- Industry</li> </ul>
Mountain	<p>LAND: Very high mountains.</p> <p>TEMPERATURE: Very cold winters and warm summer.</p> <p>RAIN: In Winter it snows.</p>	<ul style="list-style-type: none"> <li>- Farming</li> <li>- Agriculture</li> <li>- Tourism</li> </ul>
