ABOUT SEAESPORT

SEAesport is an esports media / broadcasting team founded with the vision of bridging together the Southeast Asia (SEA) region through championing and uplifting of overall professionalism standards in esports.

What began as a collective of homegrown professional shoutcasters / analysts / hosts of varied esports titles, has now become a full-service esports solutions company including stream/broadcast production, league operations, events management, and content media.

RECENT DEVELOPMENTS

In late 2019, SEAesport was acquired by TGGroup Inc., with which the team has since launched a suite of broadcasting + stream services, grassroots community leagues, and a dedicated studio space for broadcast production.

BLOCKCHAIN SPACE

ABOUT BLOCKCHAINSPACE

BlockchainSpace has been an education hub for blockchain and crypto in the Philippines since 2018.

Our goal is to teach communities how to benefit from the new wave of technology and empower local talent to use it.

AXIE ACADEMY

In November 2020, BlockchainSpace established Axie Academy. An Axie Scholarship program loaning teams of Axies to New Players so they can earn SLP (Axie Infinity's in-game reward token) and join the #Play2Earn revolution.

BlockchainSpace sees #Play2Earn as a paradigm shift bridging the crypto and gaming world and actively advocates for Axie Scholarships to be a major factor in this.

THE LSL INVITATIONAL

The LSL introduced itself to the community with a bang with the *LSL Invitational* held over 2 days , featuring the first professionally produced esports tournament for the Axie Scholarship Community

The competition included 8 of the Top Axie Scholarship organizations with official support from Axie Infinity, Community Gaming as co-presenter, and a number of upcoming projects as sponsors
