- Risk management
- Questions

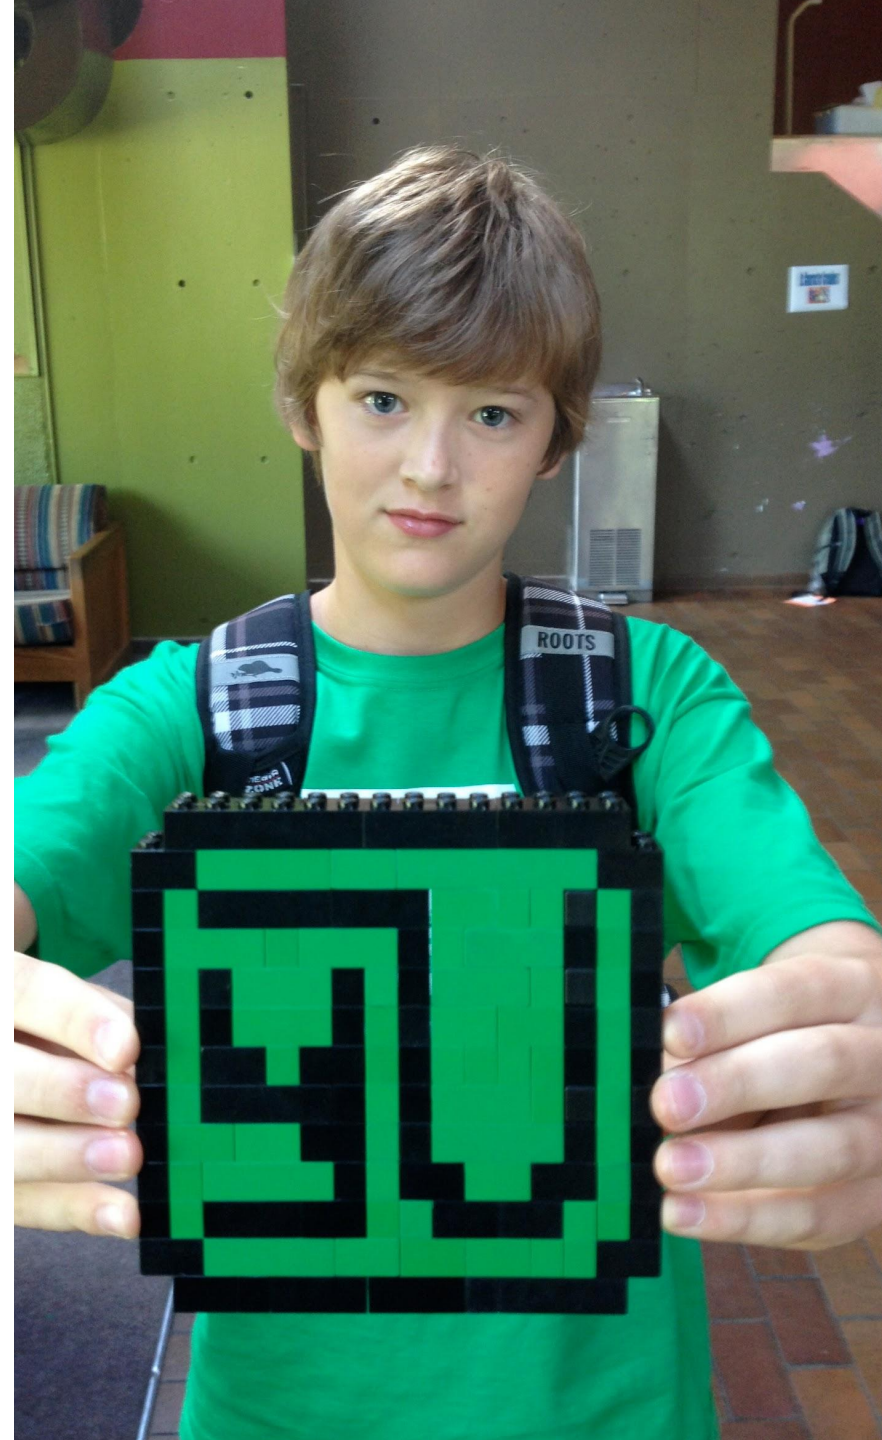

WHAT IS YOUTH YOUTH UNIVERSITY

YU is dedicated to helping children meet their greatest potential—socially, emotionally, and academically.

Early access programs: provide students with the opportunity to develop the *skills*, knowledge, confidence, aspirations, and overall preparedness for a positive future.

Exciting and Dynamic School Trips:

- STEAM based experiments (ex. Chemistry, Biology, 3D Printing and Design)
- Leadership and Team Building through High Ropes, Rock Wall, and Low Ropes Challenge Courses
- Escape Rooms, Video Game Designs, Robotics

SAMPLE SCHEDULE OUTLINE

Leadership programs feature team building activities, outdoor education, and climbing at our adventure course.

[Leadership Camp 2 night](#)

Science programs feature University lab exposure, hands-on activities, and take-home items.

[Science and Tech Camp 2 night](#)

University experience is a blend of the leadership program with a selection of workshops in University labs and spaces.

RISK MANAGEMENT

- Staff know that trust, support and security - both emotional and physical - are essential to a safe and successful experience

- Facilitators are thoroughly trained in risk management
- All program staff are carefully selected University students, have CPR and First Aid certification and are required to submit a police clearance
- Brock University's Campus Security monitors the campus 24-hours a day
- Residence operates a 24-hour front desk on campus
