Virtual Attendee Capacity

- Despite extensive discussion on the previous call, existing proposal is to retain `maximumVirtualAttendeeCapacity` usage as per schema.org
- Is there any appetite for `remainingVirtualAttendeeCapacity`, outside the Open Booking API?

Enabling Donations

- Payment for online classes is now often purely voluntary, via e.g. PayPal or Apple Pay
- `donationPaymentUrl` is proposed as a pointer to such services.

Terms, Conditions, and Qualifications

- Various legal or commercial requirements may need to be indicated as having been met
  - music licensing
  - insurance
  - instructor qualifications
- stub proposal here: https://github.com/openactive/modelling-opportunity-data/issues/236
