Looking forward

- Recap of recent Community changes

- Community activities through October

- Initiatives that need YOU!

1

2022 groundwork

Prepared for the next six months

Eliminated Contributor License Agreements (CLAs)

Everyone can contribute, no paperwork required

- If you would like to contribute to Samvera technologies, you can simply make a pull request.

- If you approve pull requests, you no longer need to check that the contributor has a CLA on file.

Maintenance Pledge

- Over 2,000 hours of work already completed

- Pledges always open

- Timing that works for you: 1-2 week sprint, flexible time

It Takes a Village pilot activities

- Samvera Board activities

- Partner meeting activities

- More strategic planning activities to come for technology, resources

Developer Congresses

- 4+ per year

- Next is week of May 16th!

- Excellent time to devote to high impact initiatives across the technologies
