II – Our Goals

For French Companies implanted in the US and US Companies which have subsidiaries in France:

To create a peer community for the Finance professionals in the Midwest Region

FACC Board members will lead this initiative in order to generate a dynamic forum where professional can share expertise, generate new business opportunities, share best practice, brainstorm on future trends, debate on the job evolution, welcome new CFO in the local market.

III – Principles

1 – Participation

Each member agrees to participate as much as possible, bring value to the group, in a free and positive state of mind.

3 – Intuitu personae

Words that are said commit only the people who say them and not the company they represent. It is a circle of sharing and debate.

2 – Confidentiality

Participants agree not to communicate to third parties (in whole or in part) the information issued before, during and after the meeting.

4 – Contribution

Members commit to actively contribute to the success and dynamics of the club, by proposing relevant topics sessions or by sponsoring new members.
