

Starting Your College Applications

Review these pointers before
starting your college
admission applications

- **Remember:** Courses taken & grades earned during senior year can impact admissions!
 - Finalize any revisions to your spring class schedule with your counselor before submitting admission applications
 - Review your admissions eligibility for four-year colleges
 - Revise your spring class schedule if you're missing any **A-G** and/or **NCAA** requirements
 - Consider adding a spring course to strengthen your senior year
 - Consider applying to Community College to receive your first 2 years of college free
 - Having a backup plan is always a good idea!
 - Transferring from a CCC "resets" your GPA
-

Starting Your College Apps, cont'd

Review these pointers before
starting your college
admission applications

- Create a **new personal email account** dedicated to college & scholarship applications
 - **Keep track** of your login credentials!
 - Access & print out a copy of the **2022 College Application Guidelines**
Be sure to have your counselor review your UC & CSU applications before submitting!
-

Applying with a Declared Major / Impacted Programs

California State University:

- [CSU Impacted Programs Matrix](#)
- [CSU Impacted Majors & Campuses Search](#)

University of California:

[UC Freshman Selection:](#)

Your choice of major (or applying "Undeclared") doesn't usually matter when you apply to UC

Common Exceptions:

- Engineering
- Nursing
- Business Administration
- Some art programs (requiring auditions or submission of portfolios)
- Some science programs
