ABOUT COMPANY

*Built on purpose,
driven by performance,
trusted for tomorrow.*

At Elbanye Energies Limited, we are engineering the future of energy through innovation, precision and Purpose.

We blend innovation, accuracy, and dedication to provide efficiency and sustainability. With deep industry expertise, we strive to be a trusted partner in Africa's energy future.

10 yrs

We've been sailing in the industry for about 10 years.

MISSION & VISION

Mission

We have been in the industry for about 10 years, delivering engineering and oil and gas services that help our clients work better and faster. We focus on precision, honesty, and real-world results. Every job we do is guided by our promise to put people first, work safely, and always meet the standard.

Vision

To become a trusted and respected name in Africa's energy sector by providing reliable, smart, and timely solutions. We want to support industries with services that are built on quality, safety, and long-term value.

OUR SERVICES

At Elbanye, we help businesses stay on track with the right tools, parts, and support. Our work is shaped by real experience and done with care, speed, and accuracy.

Engineering Solutions

We provide full technical support for heavy equipment. From finding the right parts to installation, repairs, and regular servicing, we make sure your machines run safely and stay in good shape.

Oil & Gas Services

We supply the parts, tools, and services needed in oil and gas operations. From drilling equipment to service units and urgent spares, we deliver what you need on time and to the right standard.

Procurement Services

We help you get the right parts and equipment from trusted manufacturers. Whether it's for oilfield tools, engines, or heavy machinery, we handle sourcing and delivery so you can focus on the work.
