

Womenture

Womenture's mission

Goal The overall objective of the Womenture project is to empower innovation agencies and accelerators to encourage female targeted programmes and partnerships to boost female entrepreneurship while broadening the ecosystem at the same time in the EU and EU affiliated countries.

Network – The programme enables participants to establish a strong connection with entrepreneurs, innovation actors, similar initiatives, incubators, accelerators, investors, universities, public sector.

Business support programme – Womenture provides a pilot accelerator program that inspires others to build new ones.

Capacity building – The strength lies within the community! The programme encourages incubators, accelerators and ecosystem partners to share knowledge and built better services to female entrepreneurs.
