Connect the Humans behind GenAI to inspire and align our AI tech and business #Generation

Why come to GenerationAI?

generationAI
CONFERENCE

- **Position your organization as a leader in Deep Learning and GenAI Industry**

  GenerationAI is worldwide series of Conferences for tech and business leaders in the GenAI space, inviting thought leaders from Research, Data Science, Enterprise use cases and open source communities.

- **Amplify your Developer Community**

  Reach thousands of AI engineers, MLOps, Data Scientists and Developers and showcase them your vision, your work, project, products

- **Find your future talents**

  AI is People! Win the talent war and fight the skill gap by hiring top AI talent

- **Generates hundreds of qualified leads for production use cases and applications**

  Hundreds of corporate Tech decision makers come to GenerationAI to try and implement AI solutions. Be in all these RFPs, build these POC and scale your Enterprise sales at GenerationAI

What is GenerationAI?

generationAI
CONFERENCE

GenerationAI is the **premier conference for GenAI and LLM APIs.**

A **one-day, high-impact event** showcasing breakthroughs and applications from top builders, innovators, and visionaries in AI. It's where IT and business leaders connect **for real solutions, powerful partnerships, and scalable frameworks.**

Backed by apidays – the team behind 80+ global API conferences.

1,500+
attendees

40+
speakers

500+
companies

generation**AI**
CONFERENCE

Day1

- GenAI in the Enterprise
- AI powered Product
- Enterprise RAG

Day2

- Code Assistants
- Future Dev
- Prompt to app

Past speakers who have shaped the conversation

generationAI
CONFERENCE

Jean-Baptiste Kempf
Creator ifVLC, CTO of
Scaleway

Alain Damasio
Internationally renowned
Sci-fi **author**

Neil Zeghidour
Chief Modeling Officer &
co-founder of **Kyutai**

Katia Gil Guzman
Developer Experience at
OpenAI

Michal Valko
Principal Scientist
at **Meta**
