Career Day

Movement break! Come back at 7:19 pm

Before break, we read a paragraph about a busy doctor. Read this paragraph together. Which sentences are the body sentences?

Dr. Smith is very busy today. First, she goes to an examining room in the clinic. She sees a patient with a hurt foot, and she recommends an ice pack to reduce the swelling. Then, after she works at the clinic, she goes to her daughter's school. She is a guest speaker to her daughter's class on Career Day! Finally, after she talks to her daughter's classmates, she goes to a community health fair. She is volunteering her time and skills. Dr. Smith is helping so many people, but she should also take care of herself.

Body sentences are also called support sentences. They are in the middle of your paragraph. They show examples to support the topic sentence.
