Today we're building a makerspace

#NEMaker
#NERCOMP15

Resources:

- Oculus Rift
- Leap Motion
- Skanect
- iPad
- 3D Printer
- Food Printer
- Raspberry Pi
- Extension Cords
- Folding Tables
- USB solar charger
- Laptop (Mac and PC)
- 2 Projectors (Mini & room)
- 2 Screens (small & large)
- Little Bits
- Crochet & Knitting
- Powermate controller
- 3D printed Quad frames
- Google Cardboard
- PA system
- Poster paper + Markers

Restrictions / Challenges

- Limited Time - 30m
 - No extra time to set up or strike
- Temporary Space
- Not permitted to change the furniture setup
- Limited Staff

How this will work:

- Split into 3 groups to spend 10m at each station
 - talk a few minutes
 - facilitate conversations & comments or let you play
- Collaborative note taking
 - Twitter #NEMaker and #NERCOMP15
 - Poster paper & Markers - some have prompting questions
- Regroup at end of 30m

Reporting Out

Observations, Triumphs, Challenges, Ideas, Questions

What are your impressions of the NERCOMP 2015
MakerSpace local flavor?

Anything else we should add to our communal notes?

Next Steps

- Regional MakerSpace Open Houses + possible post-coffee for topic discussions
- NERCOMP Professional Development Opportunity (PDO) for next year
- Check NERCOMP site for resources & notes
- Keep the conversation going with #NEMakes on Twitter

MakerSpace Open Houses & Topics for
NERCOMP MakerSpace PDO next year
