

sustainable swaps

Lightning Ducks

Annie

- Full-time college student/girl boss
- Part-time job
- A bunch of extracurriculars
- Just learned about global warming
- Wants to be more sustainable

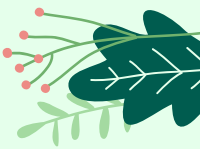

Problem

- 74% of Americans don't know what's sustainable
- Researching sustainable products is time consuming and discouraging
- 45% of Americans only trust third-party validating sources

Solution

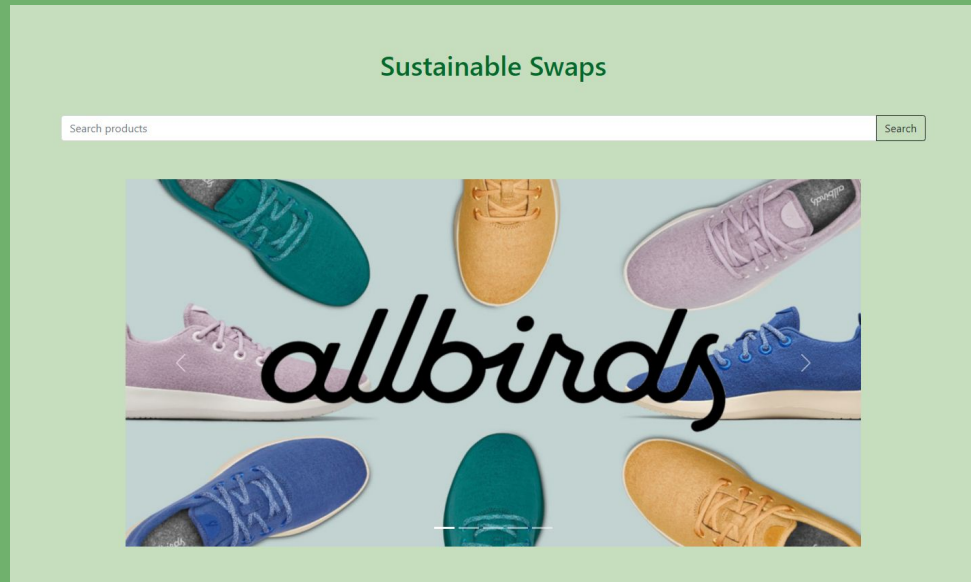

<http://sustainable-swaps.com/>

Business Model

Company advertisements

Market

85% of
Americans
