

McPolin Elementary Targeted Title 1

2022-23 School Year

What is Title 1?

Title one is a federal grant that we get through the federal government. It is based on how many families qualify for free and reduced lunch. McPolin is a “targeted” Title One School. This means we have a percentage of families that qualify for free and reduced lunch and therefore we get more funding than our other elementary schools. This funding is mainly used for an extra teachers and an extra support aide . We are so lucky to get extra funding because it really does go right back to our students.
