# Lesson 7 Learning Objectives

By the end of this module, you will know how to:

- Reflect on the components of SSB5030 and the ASCA National Model

# Putting It All Together

## Reflection:

1. What is the ASCA National Model at its most basic level?
2. How will you create student impact via the implementation of a comprehensive school counseling model?
3. Which aspect of the model clicked for you?
4. How would you write an elevator pitch to describe the model to a stakeholder?
5. I used to think and now, I think...

# Putting It All Together

1. Review any lessons in **Module 1** for clarification.
2. **With your administrator**, decide which components you will implement immediately, next semester, and next year.
3. Consider additional professional development you might need to assist with SSB 5030 implementation.
4. Review the **80/20** module and the **School Counselor Administrator Partnership** module
