Planning my work

What subject(s) do you want to include in your project ?

Ideas for presenting an action from the Sustainable goal:
Responsible Consumption and Production:

- ❏ Reduce
- ❏ Refuse
- ❏ Recycle
- ❏ Repurpose

- ❏ Composting
- ❏ Food waste
- ❏ Other :

My first thoughts

Write your thoughts and ideas here :

Building my knowledge !

Write or sketch the pieces of information that will help you with your project.

Information 1 :

Information 2 :

Information 3 :

Information 4 :

Procedure(s) to follow :

kreo code_

» **If you use a dialogue between two sprites**

Sprite 1		Sprite 2	
Dialogue or action	Duration (in seconds)	Dialogue or action	Duration (in seconds)

Checklist

CHALLENGE_ reminder

Using Scratch, present at least one concrete action you can take to help achieve the **Responsible Consumption and Production** goal.

To take on this challenge, you will need to follow certain criteria.

Content of the animation or interactive game

Your animation or game must include:	
❏	at least one concrete action you can take
❏	at least two backdrops
❏	at least two sprites
❏	at least one sound or audio recording
❏	at least one dialogue between two sprites
❏	an interaction (e.g: question) with the user

Content of your Scratch program

Your program must include:	
❏	motion blocks to animate your sprites
❏	at least one sensing block (e.g.: to ask the user a question)
❏	at least one conditional statement
❏	at least one programming loop
❏	at least two different event blocks
❏	an animation between 2 and 4 minutes

Elements related to publication

To publish your project, you should:	
❏	have a meaningful title followed by **Kreocode 20XX** (e.g..: Game About Recycling - Kreocode 20XX)
❏	use images, photos or sounds that are copyright free
❏	cite any sources used in the space reserved for *Notes and Citations*
❏	pay close attention to your use of language
❏	indicate how to start your program in the *Instructions* section (if it does not start with the green flag)
❏	shart the project (* once your project is complete)
