MotoDEX is a NFT game, competition of multi-level racing on motorcycles on high-speed tracks with unlimited opportunities for players.

-motoDEX intro

A decorative pattern of blue squares of varying shades (light blue, medium blue, and dark blue) arranged in a grid-like fashion across the bottom of the slide.

THEM

1. Very complicated process to start
2. Not safe of financial transactions
3. Couple different tokens to buy NFT

US

1. A few clicks game start/earn
2. Safe of financial transactions
3. Native coin for tokenomics
