

Going to Electronic Shop to buy An Earphone

Plan : Firstly I decide which types of earphone that I want. i.e. wired earphone or wireless earphone.

Prepare : Next I need to check how much I am willing to spend to on an earphones. Because the prices of earphones varies.

Process : I am searching on google for the prices of earphones that I want and I can afford it.

Analyze : I am searching for earphone which is very trending on the internet and affordable to buy it. I am checking reviews of customers who bought the earphones which is very trending and which brands of earphones people very like it.

Share : Then I am going to the electronic shop and telling to the electronic shop owner to which type of earphone and which type of earphone brand that I want.

Act : I finally buy a wireless earphone of brand Oneplus.
