

Slido Switcher

Seamlessly switch between Slido
and your presentation

slido

Seamlessly switch between Slido and your presentation

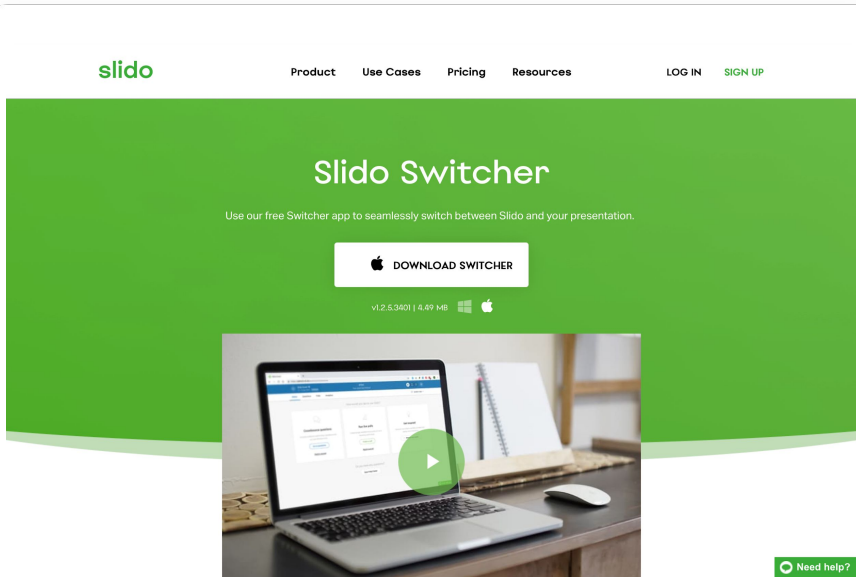

If you're a solo presenter or using only one computer at your event, you can now display Slido polls or questions remotely using your phone or other device.

[DOWNLOAD SWITCHER](#)

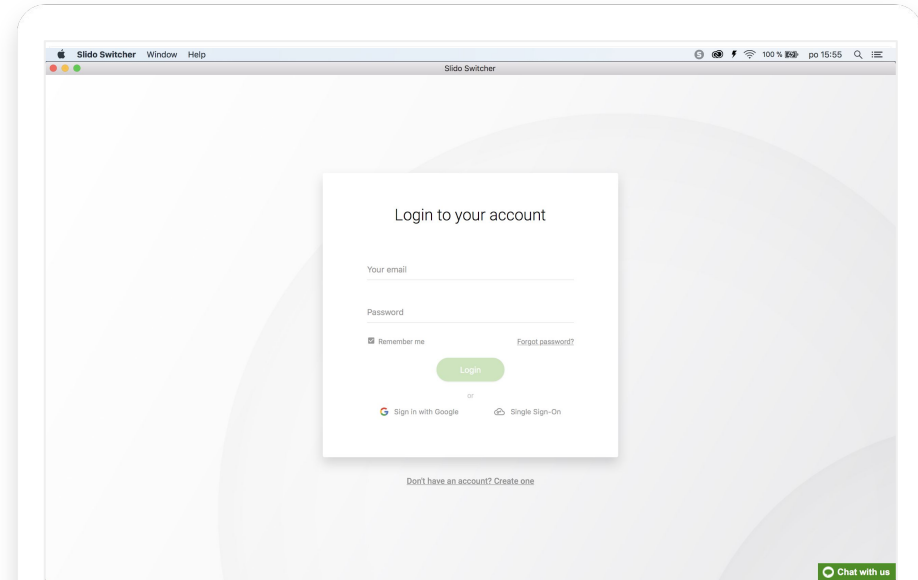

slido

Set up Switcher

1. Download and **launch Switcher** on the computer connected to the projector.

2. **Sign in** with your Slido account and select your event.

Start your presentation

Start your presentation full screen on the computer connected to the projector.

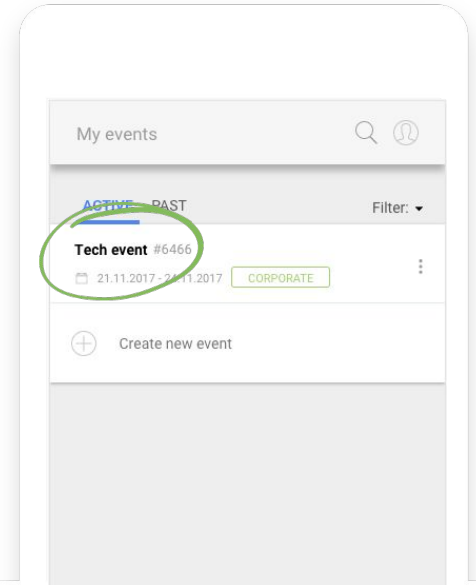

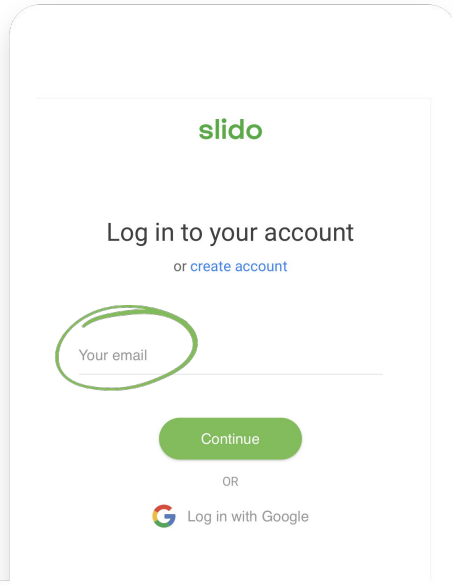

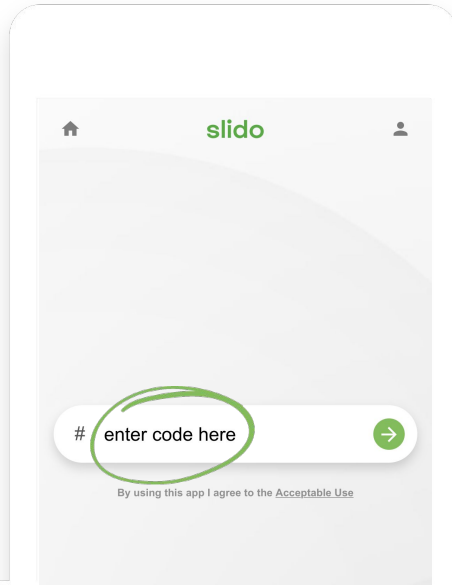

Set up the remote control

1. Grab a secondary device (smartphone, tablet, computer) and go to **slido.com**.

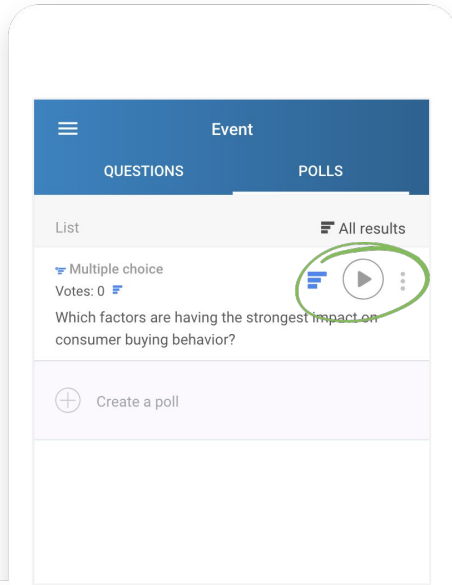

2. **Login** to your admin account.

3. **Choose the event** that you would like to like to manage

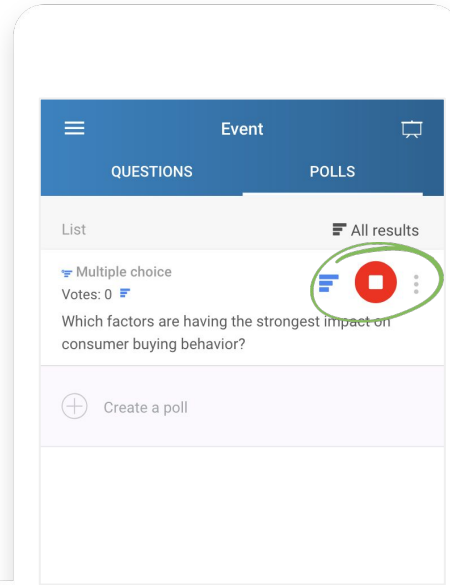

Switch seamlessly

1. Click play to activate the poll and your screen will automatically switch to Slido poll

2. To return back, click stop to deactivate the poll and continue with your presentation.

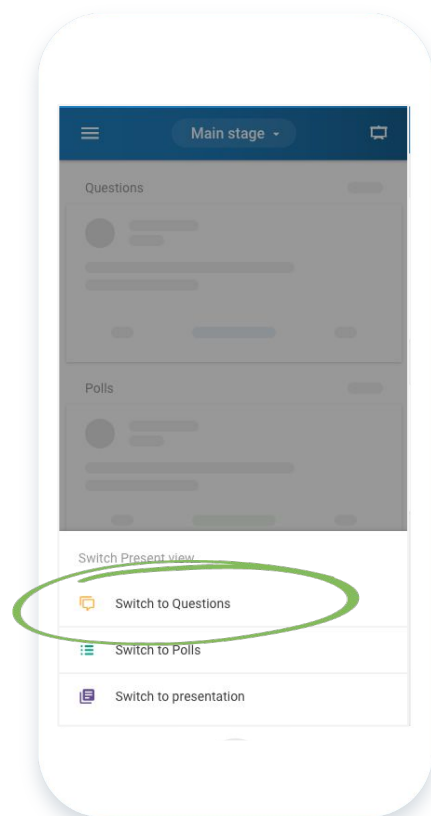

slido

Display question

If you want to display questions, select Questions from the Switch screen icon in the top right corner.

To go back, click the screen icon again and choose Show presentation.

Protip: Use a keyboard shortcut Control + Option + D on Mac or Ctrl + Alt + D on Windows to display Slido
