

OPEN MIC

Community Announcements

ADD YOUR SLIDES BEFORE THIS SLIDE

**THE SLIDES AFTER THIS SLIDE ARE KEPT
FOR PAST OPEN MIC SESSIONS.**

Rules

- Add your slide as the last slide in the deck (before “Previous Slides”). This is a “first come first served” deck
- Only add a single slide
- Keep your presentation at max 60 seconds
- Add your name and contact information to the slide, so people can reach out to you
- Please only present a cause that’s beneficial for the community. No paid product pitches, whatsoever

WE REACT BEFORE YOU DO

We are hiring!!

Fullstack Developer

Cloud DevOps Engineer – CI/CD, Autoscaling

Backend Developer – Golang, Python, LLM

Frontend Developer – React or Angular

Data Engineer – Postgres, CouchDB, S3

QA Test Automation Engineer – UAT, Functiontesting, Automation

Office@breact.ai

PhD Position: Machine Learning in [Bio]Medicine

with applications in precision medicine, high-throughput biology, or synthetic biology.

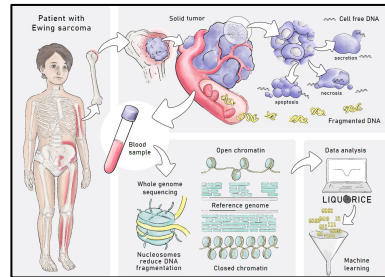

tinyurl.com/MedUniPhD

RESEARCH EXCERPT

Computational Method Development

- Interpretable Deep Learning⁽¹⁾
- Causal & Time Series Modeling
- Federated Machine Learning

Proof-Of-Concept Applications

- Personalized Medicine⁽²⁾
- Systems Biology⁽²⁾
- Decision Support

SOCIETAL IMPACT & FUNDING

Dissemination and Impact

- Clinical Applications
- Creation of Startups
- Research-Centric Teaching

Institute of Artificial Intelligence

- Director Christoph Bock⁽³⁾
- PhD funded for 4 years
- International Research stay

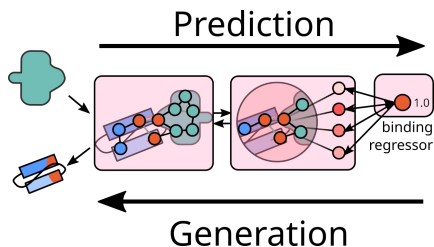

(1) Fortelny, 2020, Genome Biol. (2) Peneder, 2021, Nat. Comm. (3) <https://tinyurl.com/chrboc>

Junior Group Leader: Machine Learning in [Bio]Medicine

RESEARCH EXAMPLE

Graph Deep Learning in Structural Biology

RESEARCH OPPORTUNITIES

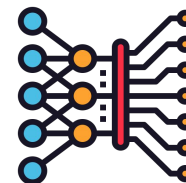

patient data
high-throughput data
knowledge-base

MEDICAL UNIVERSITY
OF VIENNA

Institute of Artificial Intelligence

NLP
Geometric DL
Bioinformatics

- **Relevance:** Shape the future of data-driven precision medicine
- **Freedom:** Drive your research in an entrepreneurial environment
- **Biology:** Work on the most complex and exciting system ever created

Required: Research expertise in STEM/Machine Learning (PhD)

Recommended: Experience in Biology/[Bio]Medicine

Firmen pitchen ihre Software Projekte & Jobs

Pitch Club Developer Edition #137 in Wien

am 23.02.2023 ab 17:30 Uhr im "Palais Wertheim"

Teilnehmende Unternehmen:

REWE
GROUP

WIENER
STÄDTWERKE

T Magenta

BRZ

WALTER
GROUP

accenture

HDI
Das ist Versicherung.

Raiffeisen Bank
International

BOSCH

Ring frei!

REWE, T-Mobile Austria, LKW WALTER, HDI
Versicherung, Accenture, Bundesrechenzentrum, Robert
Bosch, Wiener Stadtwerke, Raiffeisen Bank International ..

... pitchen ihre Softwareentwickler-Jobs

Das Besondere: IT-Verantwortliche/CTOs/Lead
Developer der Firmen **bewerben sich bei Euch!** Somit
keine typische HR-Recruiting-Veranstaltung,
sondern **direkter** und **persönlicher Kontakt** zu den
IT-Verantwortlichen der Unternehmen. Nach den
Pitches sind **Gespräche auf Augenhöhe** möglich.
Lockere Atmosphäre, Snacks, Bier & Longdrinks runden
das **kostenlose Event** für Euch ab.

Wann: Donnerstag, 23. Februar ab 17:30 Uhr

Wo: Im "Palais Wertheim" (Canovagasse 1-5, 1010 Wien)
